The first event for the year was **Mastermind**, having a quiz round and a presentation round. The participants came in teams of two. The quiz stressed on skills like quick thinking and logical analysis. On the basis of their performance in round 1, six teams were selected to the final round. Here, each team was allotted a social cause, on which they were to make a presentation followed by a Q & A round. The judges for the final round were Mr.Vishram Patil, Prof.Chitra Thomas and Prof. Conrad Coelho. The second event of the year was '**Bizz Mantra**' week with three events from the 6th of December, 2012 to 10th of December, 2012. The

first event was called 'Acumen' where Gnanesh Mehta, the quiz master, quizzed teams on application of theoretical concepts, lateral thinking and logical analysis. Teams were randomly made thus adding to the sense of uncertainty and teamwork; there was negative marking and the chance to pass on the question to a particular team. Next up in Bizz Mantra week was Amulya – an info documentary and group discussion on the life and times of Amul and its founder Dr. V Kurein. This event was judged by Dr. Ritika Khurana. Mock stock exchange - with a twist – brought Bizz Mantra to an end. With prices being determined by actual demand and supply, the real time price fluctuation added to the fun element of this event. Planning Forum this year saw participation of 235 students.
