

3rd event in September

TECHBASH'16: The event was conducted in the IT lab on the 20th of September 2016. There were four sub events.

1. Workshop on Advanced MS-EXCEL: The workshop on Advance Excel was one of the sub-events of the third event organized by the Computer Society. It was conducted by Prof. Shailendra Pathare. The workshop involved a blend of various functions and tricks that can be done using Ms Excel. Beginning from the basics, and progressing to sorting of data and playing with numbers, each student was eager to know what more could happen using the wonderful excel.

2. Blog writing: The enthusiastic participants were given 10 topics related to society and current news. They had to write a blog of maximum 1000 words within 45 minutes. Levinda Madam and Shivani Madam judged the event. The winners were Anoushka Shetty and Michelle.

3. Troll King: The participants of this event had to make trolls/memes on any topic of their choice. Participants came in huge numbers for this Comic Event to show their humour skills. Our templates and their humour made this event a great success. They made various trolls on various topics using MS-Paint. The event was judged Pushpita Madam. The Winners were Siddesh and Akshay. The first runner ups were Bhavi and Palak.

4. Treasure Hunt: It was a team event with teams of 2. The participants had to crack a series of mind boggling riddles and puzzles to become the ultimate winners. Akshay Vora and his partner Siddhesh Mehta were the winners and Pratik Shah and Bhavya Virani were the first runner-ups.
