The third event held on 26th November 2016- **"TROUVEZ VOTRE CHEMIN"** was an **"MAZE"ING** event. It was a team effort. The game consisted of a Life Size- Obstacle Run Game, in which one person was blind-folded and the other had to guide his/her partner and at the same time solve various puzzles, crosswords and quiz questions. A specific time limit was given. The team taking the least time to cross all the hurdles was declared as the winner. The participants could only communicate with their co-partner in the French language while directing them.
