**Treasure Hunt** had participation of 13 teams and each team having a group of 3 students. Further to add on was another ecstatic event named **Spell Bee – Playing with Words** which again was equally successful. We also had filler in between known as **Mobile Sms'ing** in which students were divided into teams of 2 and had given a time of 5 minutes to complete the given paragraph. Event like **Movie Screening** which was conducted on the 2<sup>nd</sup> day of the event was also attended by faculty member apart from students who really loved the same.

We not only had a nail-biting finish for all the events but students also showed their electrifying intensity to win. The above mentioned events gained massive participation and footfall and both participants and non-participants were thrilled with all the events who enjoyed the same to the core.
