The Cultural Society of NM College is known for organizing intra college cultural events throughout the year, thus providing an opportunity to the college students to showcase their various talents in the fields of dance, dramatics and music.

This year's events kick started with 'Monsoon Magic', a musical showcase where the budding college singers crooned to the tunes of some classical melodies and new age music as well. The BT Fresh Face, an initiative by the Bombay Times, was conducted in the college with the help of the Cultural Society. Fresh Face is an annual event held throughout the prominent colleges of the city, aiming to uncover the various talents of the Mumbai Youth. The members of the society also lent a helping hand towards organising the Annual Day of the college and helping it become a grand success.
