

# The Annual Quality Assurance Report (AQAR) of the IQAC 2017-18

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)

How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes: Through the Academic Calendar, Result analysis, teaching aids & equipment IQAC contributes, monitors & evaluates the T/C process.

- The IQAC monitors the placement/promotion of all teachers under Career Advancement Scheme. The IQAC looks into the eligibility of teachers for various stages under CAS, guides them regarding minimum API scores required and once conditions are fulfilled the IQAC advises them to apply for placement/promotion in the next stage.
- The IQAC arranges for a feedback on the teaching learning process through a form devised accordingly. A teacher is evaluated on different parameters such as teaching skills, subject knowledge, class control, accessibility/ availability to students and initiatives taken by teachers.
- The feedback is analyzed and shared with the teachers. The principal gives the feedback report to the teachers and if any shortcomings are there, suggestions for improvement are given.
- As a measure to maintain standards in Higher Education, each teacher fills up a form for Performance Based Appraisal System (PBAS), which is an annual self-assessment on their teaching performance. IQAC monitors Filling up of D-1 and D-2 forms by teachers.

- The Academic Calendar, subject wise and teacher wise teaching plan is prepared in the beginning of each semester and IQAC monitors the implementation of the same.
- IQAC also looks into organization of Faculty Development Programmes by the Conference Committee of the college.
- An analysis of program wise results is provided to the heads of departments who discuss them in their departmental meetings and initiate plans of improving students' performance and suggesting need for support to slow and advanced learners.

## **Criterion – VI**

### **6. Governance, Leadership and Management**

6.1 State the Vision and Mission of the institution:

#### VISION

To provide affordable quality education, while equipping students with knowledge and skills in their chosen stream, inculcate values, identify hidden talents, provide opportunities for students to realize their full potential and thus shape them into future leaders, entrepreneurs and above all good human beings.

#### MISSION

To strive for quality education in keeping with the motto of the college, “Excellence in Education” and prepare young minds for imbibing knowledge, skills and sensitivity.

#### OBJECTIVES

1. Impart education of the highest standard through value based holistic teaching and learning by integrating traditional and innovative practices.
2. Create a platform for students for exploring their creative potential and nurturing the spirit of entrepreneurship and critical thinking.
3. Inculcate a strong belief in hard work and core values of gender equality, human rights and ecology in order to make them socially responsible citizens.
4. Equip students with the skills needed to adapt better to the changing global scenario and gain access to multiple career opportunities.
5. Provide inclusive education by making it accessible to all section of society.
6. To maintain and promote equality, transparency, compliance and sustainability in governance and service delivery.

6.2 Does the Institution have a management Information System:

SAP (Systems, Applications and Products in Data Processing) software was introduced by the Management in the Financial Year 2010-2011. The College started using the FICO (Financial Accounting and Controlling) module from September 2010. Later the HR (Human Resource Management System), MM (Material Management System) and SLCM (Student Life Cycle Management) modules were also introduced.

As per the directive of Department of Higher Education, Pune, the college maintains and updates information regarding teaching and non-teaching staff, their salary component and student information on the AISHE portal and MIS portal.

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

- The curriculum followed is that prescribed by the University of Mumbai for all the programmes. The Faculty is encouraged to attend syllabus revision workshops conducted at various colleges. Accordingly members of the faculty regularly attend seminars / workshops etc. on syllabus revision.
- The college has applied for academic autonomy from Mumbai University. All the Departments have already commenced work on the same by constituting ad-hoc Board of Studies comprising of external subject experts and senior faculty members of the department and have drafted syllabi and evaluation pattern to be followed when autonomy is granted.

### 6.3.2 Teaching and Learning

Student centric learning is focused on the needs of students, their abilities, interests and learning styles where the teacher acts as a facilitator. Classroom teaching is one-to-many, but to make it more students centric, the teacher adopts various strategies. The following participatory teaching-learning activities are undertaken:

- All the classrooms of the college are air-conditioned with necessary equipment; the classrooms are also equipped with modern teaching aid like the LCD projector and audio-visual system.
- Therefore teachers are provided with separate laptops, VGA cables, hand mikes in classrooms to facilitate audio-visual teaching.
- Teachers can access Computerized catalogue (OPAC) where one can locate for books according to author, title, publisher, accession number and classification number.
- 24 X 7 Internet facilities enables teachers to access on line e-resources such as INFLIBNET in addition to availing the excellent library resources.
- Teaching methods are adopted as per the requirement of the prescribed curriculum. Interactive methods are used to discuss fundamental concepts and students are encouraged to ask questions.
- The faculty uses innovative teaching learning methods such as role-plays, group discussions and news article discussions.

The Industry Oriented projects were taken up from the academic year 2017-18.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

- Intent – The Entrepreneurship Development Cell organised a Business Fair in the third phases of its Business Plan Competition in which qualifying teams put up stalls to present prototypes of their business idea. The audience were also provided with INTENT currency IntCoins which they were supposed to invest in business plan which they found appropriate and worth investing. To make the participants business pitch more concrete, Intent provided the participants with one to one mentoring by real life entrepreneurs like Mr. Karan Thakker (CEO, Ecocentric), Mr Anil Bhandari (ANB Consultants) etc.
- The DLLE program, under the aegis of Mumbai University, was started to promote extension research based activities among students. In its second year- 3 projects were undertaken- Survey of Women Status (SWS), Career Project (CP) and Industry oriented project (IOP). During 2017-18, in total 62 students registered for the projects under SWS-24, CP-18 and IOP-20 students respectively.
- In order to accommodate the growing demand for new courses as well as provide better infrastructure to students and staff, the management has planned expansion in the year 2018-19. A new 9 storied building with state of the art infrastructure is proposed.

7.3. Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

**Title of the practice: INTENT – Entrepreneurship Development Cell**

The **Mantra** of INTENT is  
**‘Inspiring Change, Inspiring Innovation and Inspiring Leadership’.**

The **mission** of INTENT is  
**“To promote ‘Start-Up India’ with ‘Make in India’ and to encourage and extend help in every possible way to students to be well-determined entrepreneurs, who will enrich lives of millions of people and make India the Supreme Economic and Leadership Power in the world.”**

### **Goals:**

- To create a platform where the students of N. M. College, individually and as a team can nurture their innovative entrepreneurship ideas and seek guidance from faculties and mentoring from alumni entrepreneurs.
- To create motivational atmosphere for entrepreneurship for our college students.
- To give the students practice on planning and writing effective project plans and execution of the same.
- To inculcate innovative thinking and leadership among students for fruitful business start-ups.
- To develop skills and competencies required for becoming an efficient entrepreneur.
- To establish network of resources required for start-ups.
- To give the budding entrepreneurs exposure to the potential opportunities

### **The context:**

Our students are extremely good in studies and most of them do CA along with B.Com or seek higher studies like MBA, CFA, etc. The Business Plan Competition was started from 2012-13 with the aim to motivate our students to select another path, which will be more powerful than seeking job opportunities, the path of entrepreneurship. The management immediately supported the idea. From the beginning, the Business Plan Competition and Intent – Entrepreneurship Development Cell (started in 2014-15) are supported by all faculty members of N M College, as well as the management of this college. However, the faculties lack corporate experience, where we seek support and this required support is full-heartedly provided by our Alumni, who are well established entrepreneurs, CAs, Venture Capitalist, etc. Entrepreneurship itself is a long term process and we are progressing by taking feedback from alumni, judges as well as faculties to develop this cell accordingly.

### **The Practice**

- **Business Plan Competition:**

Intent was launched as a Business Plan Competition (BPC) in 2012 to allow participants to innovate and develop business ideas. The aim is to provide a platform to all students of our college to learn the new venture creation process. The Competition is conducted in three phases:

- Phase-I includes registration and submission of the abstract of business proposals
- Phase-II involves submission of detailed Business Plan covering the Product/Service, Feasibility Study, Marketing, Finance etc. The proposals get evaluated on the basis of innovation, creativity and its feasibility. In this phase Faculty members also get connected with the INTENT by providing guidance and mentoring students in writing a good business plan followed by the final presentation.
- The Finals comprises of an esteemed panel of judges from varied fields.

The cash prizes funded by the management of Rs 25000, Rs 15000 and Rs 10,000 along with a trophy for the First, Second and Third Prize winners are awarded every year.

The third year 2014-15 was an important milestone for Intent. The *Intent– Business Plan Competition became so popular that students demanded for full fledge Business Development Cell, so that they can get proper help to execute their business plans in a real world. Our student Rihen Ajmera took lead to propose the same.* On the occasion of Golden Jubilee Year INTENT transformed from simple Business Plan Competition to full fledged Entrepreneurship Development Cell under the same title. This cell works on three fronts together – Students front, Alumni front and Teachers front. All the activities related to entrepreneurship development are now covered under this cell.

- **Skills Development Workshops** Various workshops were conducted like:
  - Financial aspects of business,
  - Business plan: making it work,
  - Skill development workshop like the art of preparing powerful elevator pitch
- **Panel Discussion:** A panel discussion on ‘Union Budget 2014-15 and its impact on entrepreneurship’ was held in 2015 at college level and on ‘Start-up-India, Stand-up-India’, the slogan raised by the Prime Minister, was held in 2016 at inter-college level. These sessions followed by answering students queries helped the students get insights from experienced entrepreneurs and all their queries are resolved.
- **Book Publication** – “Ideas With Intentions – Journey of 50 Successful Entrepreneurs” who were our college students, who are now successful entrepreneurs. ([https://books.google.co.in/books/about/Ideas\\_with\\_Intentions.html?id=ZYN0CgAAQBAJ&redir\\_esc=y](https://books.google.co.in/books/about/Ideas_with_Intentions.html?id=ZYN0CgAAQBAJ&redir_esc=y)). The creation of this book was a huge project and a worthy experience to all the participated students. Searching and collecting information about such entrepreneurs and contacting them, following them up for their interviews, narrating the interviews in the story form, editing and making the book took almost 8 months to finish this project. The students got opportunities to directly interact with successful entrepreneurs and learn about the practical aspects of entrepreneurship. This project also helped to form a bridge between students and alumni being a part of INTENT. The students who participated in this project gained lot of knowledge and insights in various fields of business. The students also put forth their insights on what they learnt from the success story of the entrepreneur. The book will inspire other students in future as well and motivate them to take the path of entrepreneurship.
- **Intent Talk:** Intent Talks an interactive interview session with the theme ‘My journey towards success’ was a conscious effort to connect entrepreneurs to students, motivating students for entrepreneurial ideas and enlighten them with the challenges and prospects of entrepreneurship.

#### **During the year 2017-18, the following activities were undertaken**

- To create interest in the Business Plan Competition, Intent conducted PR initiative- ‘Give Wings to your Dreams’ on 13<sup>th</sup> July, 2017. Team Intent invited students to express their dreams and aspirations in life.
- The Business Fair (B-Fair) was organized on 1<sup>st</sup> September, 2017; the participants in business plan competition presented the prototype of their businesses. The audience were given the Intent currency which they have to invest in the plan they found most feasible.
- The Semi-Finale of Business Plan Competition was held on 16<sup>th</sup> September, 2017. Mr. Karan Thakkar, the founder of Ecocentric Pvt. Ltd., Mr. Ashutosh Rathi, founder of Enlight Enabler and Mr. Varuchhi Dubey, founder of Electronic Solutions Pvt. Ltd. Were the judges for the event.
- The Finale was held on 16<sup>th</sup> December, 2017, in which six qualifying teams presented their business plans. Mr. Vinit Rughani, Mr. Rajan Agarwal and Mr. Rajesh Joshi were the judges for the event. The winners of Competition was ‘Ambuler’ by Dharmin Vora, first runner up was ‘Doubtbank’ by Mahima Dev, Shresth Jain and Aayushi Gupta and second runner up was ‘W-Transformers, by Pooja Sanghvi, Chaitya Sanghvi and Gurjas Sahni.
- Intent launched “The Entrepreneurship Rise- A premier league for budding entrepreneurs” and conducted various events: Flick the Decision, Rural connect, Spinathon and the divergent venture.

- Intent E-Summit was organised with the objective of giving students a flavour of entrepreneurial events and start up challenges. The panel discussion, ‘Walk your talk’- The start-up launch simulation and Intent talks were organized.

#### **Evidence of Success:**

- Students got an opportunity to meet successful alumni entrepreneurs hence developing contacts in the industry, which help them in their entrepreneurial pursuits.
- Our alumni actively participate in Intent activities and help students by providing sponsorship to start-ups by students along with one to one mentorship.

#### **Problems encountered and resources required:**

- As this competition is conducted for all students from Junior college, Degree College, self-finance courses, and PG courses, during the first year we needed to explain students about the process and expectations in the plan, but now Intent students are taking the lead by conducting sessions along with teachers to solve the queries related to the competition.
- In future we will require more funds for the activities, publications and incubation development.
- Providing hands on experience to the students of Intent, is another area of concern though we are in the process of networking with other enterprises.
- Though we are getting very good support from our alumni, we would like to provide them more exposure and experience from the world outside this college.

#### **Notes (optional) Any other relevant / important information to the reader:**

- Establishing Intent incubation (collaborative program designed to help new start up succeed) for start-ups by our students - There are plans for the Intent- incubation as per students demand. We have conducted a meeting of all the stakeholders of Intent – students, alumni, teachers together to understand the needs of incubation facilities required for start-ups by our students.
- The work of Intent is entirely handled by our students under the guidance from teachers and mentorship from NM alumni entrepreneurs.
- Though Intent is a degree college initiative, the involvement of junior college students is a striking feature enabling them to get trained from grass root level itself.

### **Best Practice-2**

#### **Title: From Campus to Corporates- Developing Professional and Personal skills.**

#### **Goal:**

Placing emphasis on the all-round development of the students, thereby equipping them to face life after college, the soft skills training provided to the students assist them in identifying and achieving their own personal potential. With growing competition comes the need for developing better skills and overall enhancement of students’ personality. In cognizance, to this the college with strong and continuous support of the Management, developed a programme to facilitate the above objective of all round quality development among the students through training programs, emphasizing on various aspects of industries requirement. It aims to provide employment opportunities and world class soft skill training to the students.

## **The Context:**

One of the major attributes employers find lacking in young graduates is soft skills. In a typical corporate example, while technical skills are required to receive an interview call, soft skills help convert the call into a job offer and also for further career growth. With the changing role of institution it was also felt that students should be given a platform for employment opportunities through college, hence the Training and Placement Cell was set up. As most of our students have a good knowledge of basic communication skills, a requirement was felt to polish and further develop the strengths of the students to make them ready for their transition from students to employees. With placements students would get more opportunities to showcase themselves as potential workforce in front of best companies and would surely lead to career development at an appropriate age, giving them first hand insight about practical working and various factors that make an organization.

During 2017-18, the Training and Placement Cell started a Pre-placement Training sessions for all the TY students which focused on Mock Group Discussions, personal interviews and campus seminars for article trainees. Companies like PwC, KPMG, EY, Deloitte, Endurance and Teach for India were invited for the same. Soft Skills training sessions were also organized which focused on honing the intra and inter-personal skills of the students. A guest lecture was also conducted on the topic of Commodities Market & Derivatives market, the speaker for which was Mr. Upkar Deep, Director, Deloitte and Mr. Prateek Chaturvedi, Senior Risk Manager, Deloitte, Mumbai.

### 7.4 Contribution to environmental awareness / protection

- The College conducts environmental awareness through projects initiated by NSS, RCNM and WNC.
- The NSS of our college conducted the following programmes for environmental awareness:
  - On the occasion of World Environment Day, on 5<sup>th</sup> June, 2017, organised a tree plantation drive and planted 50 trees of various varieties in the Orphanage home.
  - NSS volunteers participated in the waste to compost project by Keshav Shrusthi on 1<sup>st</sup> August, 2017 at Smt. Kamla Mehta College of Commerce, Andheri.
  - Project Sparv- A slum adoption initiative, with its first initiative being the cleanliness drive was organized on 20<sup>th</sup> August, 2017.
