## President's Welcome Message

Greetings to all of you!

Blessed with a vision and an untrammelled thirst to nurture the society, the great philanthropists of Shri Vile Parle Kelvani Mandal founded Narsee Monjee College of Commerce & Economics in 1964.

One of the premier and oldest colleges in the region, the institution has catalyzed the scenario of education since then by imparting quality education. Apart from the staple and mainstream courses in Commerce, the institution offers various job oriented courses like B. Sc. (IT) to give learners an edge over others in the job market by chiseling their communication, computer and other soft skills.

Narsee Monjee College has always had a reputation of being the most sought after college globally. My staunch faith and conviction is that our students would carve a niche in their career and life by going in lineage and heritage through this temple of learning.

I am glad that all of you undertake various co-curricular activities which sharpen your personality, managerial and inter-personal skills. I am also particularly glad that you students are also encouraged to engage in social out-reach activities especially like NSS Camp in rural areas which sensitize you to realities of lives of different sections of the society in our country.

All this has been possible only due to the dedication and commitment of the Teaching Faculty guided at every level by an enthusiastic Principal and all the support staff of the college. I wish you all the best for achieving greater success and scaling newer heights in your education and career ahead.

With its newly adorned crown of **Autonomous** status, I am sure that NM College will leave no stone unturned to build a vibrant and inclusive learning community in a culture of excellence sustained by a sound value system that promotes responsible citizenship and effects social change.

My good and warm wishes to all the new entrants to our NMPARIVAR.

**Shri. Amrish , R. Patel**  
(President,SVKM)

## From Principal's Desk

This great edifice of education, popularly called NM College, had its inception in the year 1964 and soon many glorious accomplishments came its way, and today, it is the most sought-after college nationally.

Started under the aegis of Shri Vileparle Kelavani Mandal in 1964, with a meagre 150 students coupled with a handful of dedicated teachers and a modest Commerce Undergraduate program, NM College has today registered a phenomenal growth by blossoming into one of the most prestigious colleges in India with the student strength of almost around 5500, offering 5 undergraduate programs, 3 postgraduate programs and 3 Ph.D. centers. NM College added one more feather to its cap, namely the Autonomous Status, a functional status given to the NAAC Accredited colleges, by the University Grants Commission, providing greater flexibility towards enhancement of academic standards and excellence.

This indeed is a proud moment for all of us as we move ahead to yet another milestone in our journey in providing inclusive, accessible and affordable quality higher education in the field of Commerce & Economics, Accountancy & Finance, Management, Marketing and a host of other disciplines. Academic autonomy enables departments to frame and design the syllabus which is then deliberated by the Board of Studies, approved by the Academic Council, and the Governing Body of Narsee Monjee College of Commerce and Economics. It enables the College to upgrade the quality of its education and nurture a generation of learners who can think, analyze, synthesize, discuss, deliberate and make decisions. Autonomy empowers to try innovative methods in teaching, learning and evaluation processes whereby the syllabi shall be restructured and redesigned at regular intervals to suit local needs and imparted with the use of modern tools of educational technology to achieve higher standards and greater creativity in order to foster global competence among students. In addition to the regular undergraduate and postgraduate programmes we propose to start Career Oriented Programs (COP) and other certificate courses.

We accord prime importance to the behavioural discipline, moral integrity and cognitive developments of our students through the "Mentor system" under

which every class is assigned a teacher for any sort of guidance, personal or professional. We have around 25 associations emphasizing the need of curricular, co-curricular, extra-curricular and social outreach activities for an all-inclusive development of the students.

To actualize holistic growth of students in real terms, there are various associations, cells and committees under the Centers of Excellence. The multi-faceted activities planned and organized by the students under the able guidance of the faculty members provide an enriching experience which enable the students to reach new heights in their professional life. In a world that rewards perseverance, resilience, initiative, problem-solving and cooperation, our students thus graduate, well prepared and aptly equipped to meet the challenges of the competitive world.

The institution thus trains the students to rise from being "Dependent" to becoming "Dependable" and the rich alumni in diverse fields like Chartered Accountancy, Administration, Politics, Entertainment and Sports are ample testimony to this. The corporate and industry interactions where our alumni is actively involved, not only provide hands-on experience but also helps in placement of our students.

We are fortunate to be backed by a team of highly talented, dedicated and committed faculty members. With a very amiable and professional environment, our faculty members make substantial contribution to the academia through quality teaching, curriculum design, research and publications.

As a prospective student in pursuit of knowledge, you are welcome to explore the very many options available at NM College. As a student, you can definitely expect to have an enriching experience that should propel you to make the best of the opportunities available, for NM college is guided by the conviction that,

***Intelligence is not a privilege but a gift to be used for the good of Humanity.***

Narsee Monjee Finance and Investment Cell, popular among students as NMFIC, is one of the most prestigious student associations of our college. It aims to make financial and investment learning a practical experience through its various events. The core belief of the institution lies in that these subjects cannot be primarily learnt and mastered through reading, but through principle application and obtaining insights from industry specialists.

The association makes a conscious effort to bring about financial awareness among students, using social media platforms effectively. Our President, Palak Modi, with her vast experience and constant commitment to serve the association's motto has succeeded in helping us achieve new heights and taking forward the legacy of NMFIC. This year saw some major footfall when it came to the events organised by NMFIC. The same are as follows:

- Starting off the year with a bang, the first event organised was "Quizssential". It helped students judge their financial awareness and enabled them to compete in exciting challenges.
- "What's Wiser" was a case study event based on practical application of financial analysis theory. It was organised with the vision of allowing students to study reports and help a company successfully turnaround.
- "Risk It for the Biscuit" was a speaker session on risk management in commodities conducted by Mr. Vivek Jalan, VP Commodities, NSE, to educate students on investment strategies for the commodity markets.
- Another case study based event "Strike a Balance" enabled students to practice portfolio management and learn to maximise their returns and minimise risks.

- "Trade Smarter" was the grand finale to an amazing year where the idea was to go beyond the books and learn hands-on derivative trading from industry experts.

"The Financial Guardian" is the newsletter of the association which is written by the Editorials Department headed by Nisreen Hakim. It has succeeded in keeping students updated with important happenings in the business and finance world through conveniently available social media platforms.

A new series initiated this year was "Wisdom Wednesday" to help students acquaint themselves with a new financial term every week so studying commerce is not a chore anymore!

To bring in some Monday motivation a series of "Money Matters Monday" was introduced, which encouraged readers with quotes by famous personalities to kick-start the week with some inspiration.

"Friday Funday" marked the final series in this year's weekly cycle to add a little fun to knowledge.

Another key initiative are the research papers published by the Research department under the leadership of Samarth Desai. The most effective way of understanding the working of the economy is through studying about finance and investment in depth and by way of real life scenarios. To gage their own financial health and that of their country or company, some of the research papers published this year were "Lessons from History", "Middle Income Trap", "Bond Market", and "Negative Interest Rate".

Our Public Relations department headed by Anjali Singh has succeeded in widening its reach by using various platforms which has helped NMFIC achieve greater recognition among students of not just NM but

other colleges too. The Digital Arts Department has made a constant and conscious effort to enhance the aesthetics and content posted by the Cell under the leadership of Yash Desai making articles appealing to students.

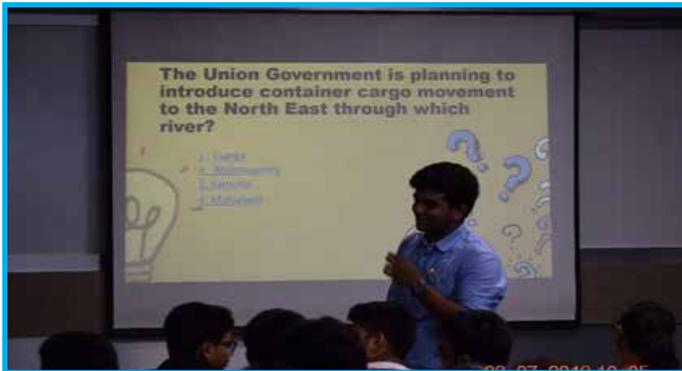

Navkaar Bothara has brought in innovation and creativity to this year's events line up with the help of his department members making it an exciting year for organisers and audience alike.

Anushka Patodia led the way for the Corporate Communications department by inviting top industry

professionals, while Keshaw Agarwalla headed the Marketing team and Astha Harlalka led the Logistics department.

Team NMFIC is proud to have been able to spread financial literacy to its stakeholders and will continue to strive for excellence when it comes to innovation and erudition.

Lastly, NMFIC as a team is grateful to have the support of the management, faculties, teaching and non-teaching staff whose constant efforts have helped the association put up a great show each time.

## Students' Core Team

Bhavya Shah, Jahan Jariwala, Lavina Jain, Manasvi Panchal, Nami Shah and Vidhi Shah

The NSS Unit of NM College is the most active statutory body in our college. The students work selflessly throughout the year to make the society a better place for the underprivileged.

## Edify

Give a man a fish and you will feed him for a day. But teach a man to fish and you will feed him for a lifetime. Education is the key to success in today's modern times. NSS volunteers believe in sharing the knowledge acquired by them. They teach English and Mathematics to the students of Dixit Road BMC School and derive the true joie de vivre knowing that the efforts put in by them are showing results as all the kids pass with flying colours. The volunteers specifically invest time in each student and build unforgettable bonds as teachers.

## Pragati

Project Pragati aims to empower people for overall development of all sections of the society and vocalize social dilemmas which are till date considered as taboos. Pragati deals with issues related to sex education and menstrual hygiene among teenagers, women empowerment and a plethora of other social enigmas that the community is still apprehensive to discuss. This is the mindset we strive to bring about a change in.

## Sparv

This project aspires to eradicate poverty from the grassroot level and also focuses on enhancing the lives of people residing in blighted areas with rundown neighbourhoods. They aim at conducting impactful sessions for the underprivileged people. The activities conducted throughout the year include wall painting (Chitrakala) to beautify the slums, medical camps for slum dwellers who cannot afford regular health check-ups. Our volunteers paid a visit to "The Little Sisters of the Poor-Home for the Aged" to spread Christmas cheer. During the NSS residential camp, Sparv also took the opportunity to build three benches outside Shiva temple at Kokner village for the villagers to relax.

## Kadam

This project aims at reduction in generation of waste in all the segments of the society, through solid waste

management techniques like formation of compost pits and recycling tetra packs while simultaneously creating awareness and sensitizing issues with regards to malfunctioning of the environment.

### **Student-Police Interaction**

Annually, on Ganesh Visarjan NSS undertakes this programme so as to help the police with crowd management and traffic control. It gave us an insight as to how stressful it must be for our police force to manage huge crowds, unruly behaviour and non co-operating citizens. It was really wonderful to have helped our police force in any possible way.

### **Meethi-si-dor**

As one of our first events of the year, Meethi si-dor promotes and sells rakhis, chocolates and accessories prepared by the students of Vallabhdas Dagara Indian Society for Mentally Challenged. It was a big hit amongst the students. All the proceeds of this event were donated to the students who worked hard to make these products. Our volunteers have worked relentlessly to sell their products.

### **Book Donation Campaign**

“Books are a man’s best friend” Our book donation campaign started off at the beginning of the academic year. Students of the college were requested to bring books that they no longer use. These include – notebooks, textbooks of English, Hindi and Marathi. A book is the most valuable present you can give a child in their formative years. The books hence collected were donated to various schools to distribute among their children. Two libraries were set up to help children develop a passion for reading.

### **Dhadkan 2.0**

This Blood Donation Drive is the flagship event of NSS with an approximate footfall of more than 1000 people. We saw an overwhelming response from our college students as well as donors. A whopping 341 bags of blood were collected. 1 bag saves 3 lives which implies 1023 lives saved. The volunteers worked relentlessly to spread awareness about the ongoing blood donation drive through skit, dance and one to one PR. This event gets bigger and better through the years.

### **Aashayein**

Aashayein is a cultural event for the visually impaired. It is a day for them to showcase their mesmerizing talents through events like dancing, singing and fashion show. We were awestruck by the confidence with which these participants performed. Aashayein gives them a platform to perform. They are a source of inspiration for us because even after being specially-abled they are contented with what they have. Give them an opportunity and they will do wonders.

### **LGBTQ Inclusivity**

“True belonging does not require us to change who we are; it requires us to be able to be who we are”

NSS believes in equality of all gender identities and sexualities. To create awareness on this vast topic our volunteers organized a speaker session on LGBTQ Inclusivity. The keynote speakers being R.Balaji, TEDx Speaker and queer storyteller and Richa Vashista, a queer mental health professional and co-author of ‘Strengthening Bridges’. The session brought to light some unusual facts about the community, the difficulties they face to be one with the crowd and overall it changed our perspective on their community. It was an innovative, informative and enriching session.

### **Thanks Giving**

Our non-teaching staff cater to our everyday needs in college and it is just fair that we did a little something for them. In appreciation of their work we held two activities namely Raksha Bandhan and shawl distribution. To acknowledge their hard work our volunteers tied them rakhis and gave them shawls as a token of gratitude to thank them for keeping us safe and helping us whenever we needed.

**NSS in Association with Government. (CENTRAL & STATE) :** The following are the events held in association with the Central and State government of India- -Mahiti Doot, Fit India Movement, Election Drive Yoga Day, Anti-addiction oath ceremony and Run for Unity.

### **UNIVERSITY EVENT: Advitya**

This is an initiative of the NSS in accordance with the University of Mumbai. It was a two day cultural inter-collegiate event, with a socially induced motive behind each event. The event was a great éclat in its year of inception with approximately 150 participants.

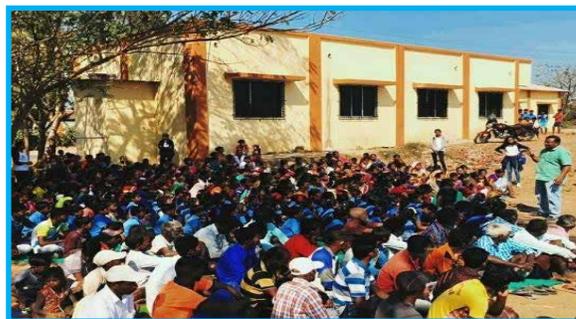

**Advitya (9<sup>th</sup> January, nukkad natak)**

### **NSS Residential Camp**

It is a 7 day long activity which is held annually for the upliftment and welfare of the villages. This year we had adopted Maswan a small village in Palghar district. We worked relentlessly to procure all their needs. We held on health and hygiene etc. The ashramshala in which we were accommodated also housed the tribal children. They were a bright lot, eager to bask in any and every kind of knowledge given to them. We held school activities where we would teach the students English, dance, music, art and sports on a daily basis. We also organised an interschool Sports Day for the children. There was participation from the five schools nearby. The talent that these kids displayed needs proper recognition. Such competitions give them the impetus to do better and outshine. We also took up the job to beautify the school premises by painting the school walls and trees. We painted the map of India, the solar system, alphabets, shapes and metric conversions. They are

educative and unique ways where children could gain knowledge from. "We make a living by what we get but we make a life by what we give"- We performed a skit and dance to gather people around to undertake our donation campaign where clothes, utensils, footwear, stationery etc were distributed to villages. All in all, the experience was enriching and felt good to know that such minute acts of kindness from our end can make a comprehensive difference in their lives. We were able to lighten up their lives and bring a smile on their faces even if it was for a short while.

## 2. Handful of Grains

Handful of Grains is the flagship event of the Community Service department of the club. Every year we are in an attempt to make it bigger and better and this year we collaborated with schools like Children's Academy, Oxford Public School in order to receive food grains in whatever quantity the students wished to provide. All of the grains collected were stored in order to give them to families staying in Ambeghar, Taluka Vikramgad of Maharashtra. After the collection drive of over a month we successfully collected more than 1000 kgs of food grains and provided them to the families. The efforts taken by the club were appreciated by the beneficiaries as well as the Sarpanch of the village along with the schools we had collaborated with. 100 families were provided with grains. Each family was given 2 kgs of rice, 3 kgs of mixed dals, 1 kg of sugar, 1 kg of tea, 3 kgs of flour and a ten pack of Parle-G biscuit.

## 3. Project Green

With global warming crippling the planet, we decided to take up a multi-faceted project to not only create awareness but also provide direct solutions to the

growing project.

Project Green, a Public Relations Initiative, was carried out in the following 6 phases:

- **Parivartan- From Plastic to Paper:** Recycled paper bags with RCNM's logo on them were distributed to the vendors in the markets of Irla Lane and Vile Parle (East) station as we noticed they were consuming plastic bags in large quantities due to lower costs etc. Shoppers in the area carrying plastic bags were also approached and given these bags, making them understand the perils of single-use of plastic and how even one bag can cause harm enough. A survey outlining the reasons for use of plastic and their openness to change was also taken.
- **Oh My E-Ganesha:** As an addition to Again Beach Cleaning Drive organized by RCNM annually, Oh My E- Ganesha sought after mitigating water pollution by following the maxim 'Precaution is better than cure'. Petitions were started on change.org by us for abstinence from POP idols and immersion in the sea. We achieved over 700 signatories. Through physical propagation, the members were able to get the majority of their societies to keep up their promise.
- **ABCD- Again Beach Cleaning Drive:** A legacy beach cleaning drive post Anant Chaturdashi, was carried out in a better way this year. Despite the heavy rains, the team turned up at 6 a.m. sharp to clean Juhu and Silver Beach. We collaborated with 'India for Its Oceans', 'Juhu Souls of Mumbai' and 'Association beyond Social Boundaries' and put in co-ordinated efforts.
- **Swachhtaki Dorr:** Spitting, littering and mindless disposal & incineration of garbage breeds viruses and causes pollution. A face-to-face intervention was conducted by the team with anyone seen littering. The team member would go up to him/her, hand over a 'Friendship Band' and explain, as a friend, the consequences of their actions. Seeing the youth team up peacefully and explain them with respect, the litterer, embarrassed, picked up the garbage and apologized. This event was carried out at Andheri Station.

#### 4. Through their eyes

'Through their Eyes' was an event primarily focused on inclusivity. It was conducted at Café Arpan in two parts. During the first part, the participants were supposed to pick two chits, one chit comprised of a category of an underprivileged community (LGBTQ+, people with Down's Syndrome, etc.) and the other chit stated an emotion. The participants had to look at the world through the eyes of a person belonging to the specified category and interpret the specified emotion in the form of a story. In the second part prominent speakers like Mr Harish Iyer, a LGBTQ rights activist, Ms. Sheetal Bhan, a writer and blogger and Dr. Sushma Nagarkar, the owner of Café Arpan were called upon. They talked about the challenges faced by LGBTQ+ community and about their mental health, how it should not be considered taboo and how people with special needs live respectively. Students from NM college as well as other colleges who were invited by team RCNM participated in the event. The participants learned how different life was for everyone, and how they should be more tolerant and accepting of everyone, irrespective of caste, race or gender identity.

With food and dessert stalls to games, customized items and waffles it indeed was a paradise for all the students who wanted a short break from their routine. It was a real ride through the entrepreneurial journey for the stall owners from product management to marketing which was all handled by them it gave them a bird's eye view of how the real world functions with the right audience for them.

## 7. Deva-E-Ganesh

Deva-E-Ganesh was an event organized with the Interactors of JamnabaiNarsee School. First hand it was an event which focused on instilling the mindset among young adults that the use of POP idols for Ganesh Chaturthi was harming the environment more than they could fathom and that if the same situation persists then it would be a bigger problem to deal with in the near future. The interactors were given an opportunity to raise their opinions as well about the crisis and what were the solutions according to them which would work the most in our favour. Post this, Mr. Arvind Hosalkar from Maitrayee Foundation led the workshop on making Ganesh idols from clay which had seeds ingrained in them so instead of immersing the idol in water the interactors could water it daily and take care of the growing sapling. This effort was taken in order to shed more light upon the issues faced because of excessive use of Ganesh idols made from non-ecofriendly items.

## 8. Eco-Cyclists

A Cycle Rally was a dream project for the past three years. Ultimately, this year it was carried out. However, Eco-Cyclists was not just any other Cycle Rally for fitness or fun. In addition to being a great way to spend a Sunday morning, it had a cause attached to it. The 10km route was equally divided into 17 checkpoints, each representing a Sustainable Development Goal set by the United Nations. For each checkpoint crossed by the cyclist, RCNM would help fulfill that particular goal in the name of the Cyclist.

74 people aged between 16-45 years cycled the entire stretch starting from D. J. Sanghvi College of Engineering to Standard Chartered Bank, Santacruz

and back. They were awarded with certificates, medals and a brochure of how RCNM would work towards the goals on their behalf. The participants were impressed by the theme and felt more accomplished to be a part of such a movement.

In the span of 2 days, 12 companies namely, AGR Enterprises, Revolux Solutions, Waafy, The Bounty Bear, Bayside Media Pvt. This year too in collaboration with "Uphill Adventurers", the trek was organized to Korigad Fort (923m above sea level) which is located 20km south of Lonavla in Pune District on 9th August 2019. The trek was organized specially to explore nature and visit places which a very few people are aware of.

The day began at 6.00 am, when 87 participants assembled in the college premises. A roll call of all the people coming for the trek was taken and instructions were given to the participants by the organizing team and the teachers who were coming for the trek. The participants enjoyed playing team games in the bus, which broke the ice. They reached the destination (base) at 11:00 AM and started trekking by 11:30AM. While ascending the torrential rains made it more challenging and enjoyable. They always had the

helping hand of the experts. After trekking uphill for about an hour the participants reached the fort. The view of the surrounding peaks, the winds pushing the fog over the hills and the sky painted with dark heavy moving low-level clouds was a mesmerizing sight to the eye. The beautiful waterfall and the spectacular view of the Amby valley from the top was enthralling. The fog at the top really added essence to the adventure. The participants created memories by playing various games and clicking pictures. After spending a few hours on the top, they started descending. All of them halted half way through the trek for some tea, noodles and some snacks. The participants showed a lot of enthusiasm which made it an exciting trip. They reached college back by 07.00 pm. To sum it up it was an amazing trek. WNC 2019-20 got great feedback and reviews from the participants.

हिंदी साहित्य मंडल द्वारा आयोजित प्रतिस्पर्धा जिस का नाम "इंग्लिश विंग्लिश" था, 26 सितंबर 2019 को आयोजित किया गया। इस प्रतिस्पर्धा के तीन चरण थे। पहला चरण रिक्तस्थान की पूर्ति था। इसमें दिलचस्प बात यह थी कि हिंदी के वाक्य के बीच में इंग्लिश का योग्य शब्द डालकर वाक्य को पूर्ण करना था। प्रतिभागी भी बहुत होशियार थे जिस वजह से शब्दों का चयनकरना भी एक चुनौती थी जो बड़े अच्छे तरीकेसे निभाई गई। दूसरा चरण अंग्रेजी के कहावतों को हिंदीमें बदलना था जोकि बड़ा दिलचस्प साबित हुआ। तीसरा तथा अंतिम चरण का नाम "अनोखी

अंताक्षरी" था। इस चरणमें प्रतिभागियों को कुछ प्रश्न दिए गए थे जिसका उन्हें उत्तर लिखना था, परंतु इस चरणकी खासियत यहथी कि जिस शब्द पर पहला उत्तर खत्म होता था उसी शब्द से दूसरा उत्तर शुरू करना था इसी तरह सारे प्रश्नों के उत्तर देने थे। पहले तीन विजेताओं को शिक्षक प्रभारी श्रीमती प्रीतिसिंह तथा श्रीमान राजकुमार चौधरी द्वारा पुरस्कारों से सम्मानित किया गया। अंततः समिति के सदस्यने सभी प्रति भागियों तथा शिक्षक प्रभारियों का धन्यवाद प्रदान किया। यह प्रतिस्पर्धा बहुत ही कामयाब साबित हुई तथा प्रतियोगी प्रतिभागियोंने भी बड़ी प्रशंसा की।

Being the maiden Financial Markets Festival of the college, there was a lot riding on the students to deliver and the two days of the fest truly seemed to bring their vision to life. Arthashastra, in its very first year, witnessed a huge rush of excited participants and visitors. Arthashastra truly combined the essence of a professional fest with that of a fun fiesta. The events were all full house- from fast paced auctions, thrilling stock market simulations, a murder mystery treasure hunt, investing arenas, a life size corporate monopoly and even the portfolio managing event. They all had their unique twists and turns to your regular festival favourite games, which was observed in the content and satisfied faces of all participants and organisers. Apart from these, each night saw a series of social events- a Stand-Up Special by comedians of Comicstaan fame and a Corporate Conclave with industry experts in the business world.

Events conducted by Brand Building Committee in the Academic Year 2019 - 2020:

### 1. Milaap - The Association Fair:

Milaap is a flagship event of Brand Building Committee aimed at uniting all the committees of the College and introduce themselves to the incoming students. The committees took tremendous efforts and innovatively explained their committees' vision to the students. The event included interaction with the students, flash mobs and skits. The footfall of 350-400 students marked that this initiative was successful.

This event was conducted in collaboration with Spark-A-Change Foundation, where students of NM College helped the students of the NGO in making rakhis which they then tied to their brothers and sisters. ### 4. Million Dollar Collar:

Million Dollar Collar was a unique initiative and yet a close one to the hearts of the students at Brand Building Committee, where we tied reflective collars to the stray dogs in the vicinity of Vile Parle and Juhu. As we know, there have been many cases where drivers at night are not able to spot dogs, as a result of which many dogs have been injured. Thus, to prevent these injuries, we tied these collars to the dogs in order to give them more protection. The collars were tied to 30 dogs.

The academic year 2019-2020 was the second year for Association of Accountancy. First year was very successful, so this year the team members had higher targets and expectations. This year the main aim for the association was to make students aware about the various accounting terms and methods and help them implement it with the help of interactive events. Every single member of the association has worked very hard for the same.

First event for the year was on 23<sup>rd</sup> August, 2019 “THE EMBEZZLER”, as the name suggests, participants investigated for alleged embezzlement of funds as disguised accounting officers in team of two. The first round kicked off with each team getting questions based on financial accounting. The first 10 teams that decoded the questions progressed to the semi-final while pairs unable to crack the prior questions were given another chance. The final round had five teams competing against each other. The participants found the questions ultimate brain teasers. The vigorous efforts of the participants made the event a

humongous success.

“THE MIDAS TOUCH”, second event for the year, was arranged on 28<sup>th</sup> January, 2020 in the seminar hall. The main aim of the event was to give participants a brief idea about mergers and acquisitions with the help of a quiz followed by a treasure hunt and then case studies. In the first round, teams had to solve quiz based on mergers and acquisitions. There were around 30 teams and each team had two participants. Qualifying teams for the second round were given some clues along with their taggers to start the treasure hunt. The first team to solve treasure hunt was considered to be the winning team. It was an event full of knowledge and fun. All the participants were exalted with the framing of questions and the treasure hunt leading to a magnanimous success of the event.

The year flashed by in a jiffy but the knowledge imbibed shall be a forever gained treasure! Here are some moments we made during the year.

## With Courage We Shall Triumph.

The academic year was off to a zealous start with academic rigour and there were great expectations about global events too. As the year passed, a lot has happened that forces us to rethink about the path we have chosen... Amazon rainforests wildfire, Australian bushfires signified that we can face dire consequences if we devastate environment in our effort to maintain a high growth trajectory. Trouble started looming around the end of 2019 and this academic year now comes to a sombre end with humanity reeling under its worst crisis-the covid-19 outbreak .It has sent almost the entire world on a lockdown. We as a nation are also grappling to contain its spread. The only way out we know as of now is social distancing and isolation as far as possible.

*Amidst the smoke is a fire ... to light the situation dark and dire*

*The scarlet drops in the sand... Wake up; your future is in your hand*

I remember these lines as I pen down my thoughts while staying in a surrounding put on a lockdown. The situation is grim but we shall overcome. We hope, and hope is the passion for the possible, hope is the last thing that's ever lost. Indian scientists are contributing substantially towards finding a solution to control the outbreak and our frontline fighters are braving all odds to keep us safe. While we see worrying statistics about infections and deaths, the outbreak has actually done well for the planet .Pollution levels have drastically dropped; calm has befallen silencing the seismic noise. We have purer air and clearer water. This has brought up the best of people in the worst of times. This crisis has also awakened a Good Samaritan amongst us. The flame of gratitude towards our frontline warriors has enkindled and helping hands are trying to ease the pain of our fellow destitute citizens .Good work is transcending all barriers. Small acts of kindness also make the society cohesive. Vying nations are collaborating too. These are very positive changes. Courage, Kindness, Creativity, and Innovation. These values have seen us through good times and bad — times of triumph and times of fear and uncertainty. And these values will help us overcome together the challenges we face today in the COVID-19 pandemic. A lot has been spoken about service towards nation. Today let's do our bit, diligently follow the orders to keep ourselves and our nation safe.

Together we shall weather the storm and with courage we shall triumph.

It is the right time for all of us humans to learn a lesson and to continue what we are doing now. Indubitably, we can progress only through sustainable development. Great goals can be achieved through global co-operation, co-ordination and peaceful co-existence rather than vengeance and violence ; the interest of community must be put before individual interest. Let thankfulness, empathy towards the less fortunate and striving for a better environment become a part of our lives. If we do this, we will find ourselves in a beautiful world after this crisis ends.

## Objectification of Women in Newspapers

Newspapers are the periscope of a person, the eyes of a person that open to the world. In a rapidly changing society, we have begun to pay more attention to development in women's sport. Through the medium of sports, women have proved their omnipotency to the world. However instead of projecting their varied accomplishments of sports, newspapers have truly proven that bees can be attracted by vinegar by publishing questionable photographs of sportswomen. This doesn't hurt me just because I have a mother, a sister, an aunt and a grandmother, this hurts me because I'm a human. This hurts me because I recognize the premise of humanity lies on the basis that every human deserves respect. If you can't run as fast as PT Usha, why run articles criticizing what she runs in? If you can't wear the same determination as Serena Williams, why click what she is wearing on the pretext of showcasing haute couture? If you can't swim as fast as Missy Franklin, why make readers drown in lust? Nothing wields more power than the pen. If this is what the pen desires to portray, we might as well render all feminists marches useless and resort to the patriarch society that we aim to leave in the dust. This article is an open plea to all newspapers that have engaged in deliberations as to what various sportswomen wear and have published inappropriate pictures, to stop for the sake of journalism and the common humanity we all bear. This is an open plea to all civilians who consume such content to voice out against it because it is said that "Vox populi, vox dei", the voice of the people is the voice of God. Change is a state of mind. If you do not implement change now, then how are we different from the brutish hoolligans that our ancestry traces us back to?

## Secularism

I often sit on my grandma's antique armchair and wonder what exactly secularism is. Is it merely a word which awards equal rights and status to the culturally divergent people inhabiting the country, or is it a cogent instrument which plays a crucial role in the cultural and social development of a country and unites all the distinct individuals as one nation?

"I do not expect India of my dreams to develop one religion ie. to be wholly Hindu or wholly Christian or wholly Muslim or any other single religion, but I want it to be wholly tolerant, with its religions working side by side with one another" as quoted by Mahatma Gandhi. Growing up in a cosmopolitan state, secularism has always been imbibed into me. Freedom stories of Bhagat Singh, Abdul Kalam Azad and Lala Lajpat Rai have been narrated with the same zeal and zest and pride through several generations. Secularism in simple words refers to an ideology which provides people with the right to follow any religion or not follow any. In a secular country, no state can legally favour or hate a particular religion, and individuals residing in a country are free to follow and practice religion of their choice. India is secular and yet profoundly religious. Unity of the country resides in its cultural diversity.

Don't we all recollect Chandrashekhar Azad, who put his heart and soul into relieving his countrymen from the clutches of the cruel Britishmen? This distinctly shows how a spirit of nationalism resides in all its citizens. Every citizen of India has equal right to justice and law, freedom of speech and action, equality in terms of seeking protection and most importantly right to follow religion of their choice.

Secularism is not only in our constitution but also in our veins. We worship mother nature too. We believe that the world is our family.

Mohandas Gandhi was a deeply religious man and included readings and hymns from all the country's major faith traditions in his daily prayer meetings.

Secularism is instilled in the hearts of the people of India which weaves together different individuals irrespective of their caste or religion, into one whole nation. The anatomy of all citizens are distinct, however their souls are united as responsible global citizens.

## Essay topic: The change I wish to see in my nation

### Pioneering change: a shift in approach

India, a land of diversity, of rich culture and heritage, varied geography and vivid history ... is my country. But even after so many years of independence my beloved country is still in a developing state. Common people have to face predicaments, there are social tensions; education and health facilities are restricted to the mega cities and the nation is not gauged by essential infrastructure. I do not wish to play the blame game; though it's natural for all to hold the government and the system culpable.

I have a different opinion. I feel this nation is ours and we all Indians forming a composite whole should be doing something for our nation. After a lot of contemplation about the problems fellow citizens face in their lives .. I found that the problem lies within us. Do we have enough civic sense? If we don't fulfil our work with complete dedication and responsibility, how can we expect the same from others? And how can then we expect the system to be flawless by and large? I have an understanding that a nation reaches the peak of its glory only when citizens strive for all round progress, although the government also plays a remarkable role in it. This led me to a conclusion: the predicament lies in the thought process...and this is the one thing I would like to change in my nation. Because fruits of accomplishment are borne when civic life is driven by some force, a determination.

Considering a problem: of skill development and rising quality and industrious man power, a national asset. But barring a few cities the villages and small towns are still not able to craft fine and skilled individuals because of poor education quality. To what extent can government officials keep a check on the standards of schools? Same is the case in other fields. To implement this, I deem that education is the most powerful tool...as Nelson Mandela had quoted, "education is the most powerful weapon that you can use to change the world." As mind is a fire to be kindled. It is education that enables a phenomenal transition from I we, from my progress to collective benefit. Hence education system should be restructured. Schools should of course be required to teach at high standards giving a practical exposure and a holistic approach. Along with academics, students should also be taught to be better individuals, better citizens, and that to realise the dream of emancipation of their nation in all fields: their individual obligation. Intuitively this is possible – if imperialised Japan could revolutionise itself drastically by Meiji revolution; Indians can also pioneer change. If Japan, devastated by atom bomb can rise as a great power in technology and develop itself, due to its tenacious citizens, India too can progress.

To conclude, I wish India should be persevering with motivation because of a paradigm shift, to make India progressive. Henceforth, a developed India would contribute to a still larger cause of humanity. As the great poet, Rabindranath Tagore quoted in his poem,

Where the mind is led forward by thee into ever widening thought and action,

Into that heaven of freedom my father let my country awake.

## Excerpt from prize winning essay:

### Truth and non-violence are as old as the hills. Explain.

The World Bank group report about conflict and violence in the 21<sup>st</sup> century suggests that there is a sharp increase in conflicts and violence and these events are increasingly affecting civilians. It expresses some worrying facts. Many countries and sub national areas now face cycles of repeated violence, weak governance and instability. The aggregate economic and financial cost of conflict in 2014 was estimated to be \$14.3 billion or 13.4 % of the global economy. The underlying causes found are: economic stagnation, youth bulge, high level of regional inequalities and competition for power. This culminates in a disturbing fact: prolonged conflict keeps nations poor. Thus, areas affected by violence suffer from long term losses. We are also witnessing destruction of invaluable natural resources and environment, man wildlife conflict and so on. Therefore in today's times it is essential to find a lasting solution to this problem, for a peaceful and stable world.

Human civilization has witnessed a cycle of construction and devastation. Whenever violence and falsehood have led the world to the path of destruction, truth and non-violence have emerged as the saviours. This ancient message of truth and non violence resonated deeply with the oldest and most enduring culture, that of our tribals. India's tribals for many millennia lived the ideals of respect for all creation , practiced a harmonious sustainable coexistence with the universe held a nurturing rather than exploitative world view and created a society based upon participation rather than domination or subjugation.

Buddha reiterated these values and exhorted people to follow them.

A brother ought not intentionally  
to destroy the life of any being.  
Not for our life would we ever intentionally  
kill a living being.  
A truth-finder laying aside cudgel and sword  
lives a life of innocence and mercy....  
He heals divisions and cements friendship; ...  
For in peace is his delight...

. Such a commitment to non violence must include a profound concern for the welfare of all.

All truth is eternal; it is the nature of all souls, utmost and self-existent. The world will prosper when there is the reign of truth, the reign of the law of being and becoming. Non violence and truth are two sides of the same coin .Non violence includes being harmless towards self and other beings .It means love and compassion towards all living and sentient creatures. Non violence includes activeness, resistance to injustice, and courage in the face of violence, non-possession and truthfulness. Truth stands for highest or ultimate reality .It is all pervasive and all comprehending. No one can deny the power of truth .Gandhi sometimes described truth as existence, consciousness and bliss. The divine spark is present within man and we must constantly endeavour to keep alive that divine spark. Non-violence is the perfect state. It is a goal towards which all mankind moves naturally though unconsciously .Non violence is ultimately the cementing bond of the universe that has origin in God or truth. All these evils arise on account of a neglect of the 'truth' that is all-pervasive and all-comprehending. Therefore Gandhi says that if we start resisting evil with evil, violence with violence, anger with anger, then we are only adding fuel to fire. The supreme law that governs all living beings and universe is nothing but love and non-violence, and Gita carried this message of non-violence as 'soul force'.

Today we are living in a world with 19000 nuclear weapons, where nations are vying to build hypersonic missiles .Killer robots and bio- weapons are being created. Their use can be lethal and wipe out entire humanity. Hence it is imperative to conquer these instincts with truth and non-violence. The contemporary crisis demands not only a careful analysis of the roots of current social disorder and strategies of transition away from the current violent system but also demands a total rejection of some of our present narrow cherished beliefs, images, creeds, and above all, a drastic reorientation of our life style and restructuring our political, social and

economic institutions on radical moral lines. Can we face the challenge of Gandhi's ideas and ideals? They have not yet been fully utilized. A revolutionary Gandhi who was far ahead of his times gave a high priority to youth power as a vehicle of social change. Gandhi's thoughts need to be disseminated amongst our youth. It is the ideas, which have a stupendous role in taking the human society forward; towards the desired pacifist goal. It is said that it is not the conquerors but the long line of men and women of thought, individually powerless, who are ultimately

the rulers of the world. Mahatma Gandhi certainly belongs to this august hall of fame- his life's message will lead humanity on to a new path of universal love and harmony. Today, Gandhi is the sign at the world's crossroads. Is it too late to retrace the steps and follow the non-violent path of recovery shown by Mahatma Gandhi? No. This is the right time. If we adopt and enact these values we will prosper.

## My Account As A War Journalist

Scurrying in a police van through the unpaved dusty roadside the city torn apart by prejudice and religious intolerance, dilapidated, broken structures, jagged and pointed pillars and monstrous debris strewn along both sides of the street narrated the tale of human hostility and animosity that had not only obliterated the civilisation but also left a stigma, a blot on mankind that will be indelible. The omnipresent silence spoke about the atrocities and the inhuman treatment that must have been meted out to the credulous people who had become the victims of a group of mindless, insane fanatics who were obsessed with a religious philosophy that spelt doom for the human civilisation.

The religious fundamentals in the most blasphemous way had ripped the civilisation of people of their right to life; the officious leaders declared a death penalty for all those who refused to accept and embrace the hollow and sinister tenets of the religion they propounded. Considering themselves above the creator they were the self proclaimed moral police who denied the civilians of this land, freedom and liberty. Misery, despair and a sense of hopelessness hung low in the air. They were our only allies in this vast rugged terrain that had witnessed the worst sanguinary outcome of human hostility.

All around were vast stretches of fallow land, occasionally one would come across a rickety vehicle with uniformed men armed with heavy ammunition patrolling and trying to salvage whatever little was left off in this cursed land. Life for the people in this land was a struggle, a ferocious struggle for survival. The political cauldron and chaos had enveloped this part of the world with a shroud of pessimism. It was heart wrenching to see the life of austerity that the common people were subjected to in the land that is considered to be the birth place of Taliban; the worst religious philosophy that the human race has ever witnessed since its inception.

However against all the adversities, the local people had not lost faith, faith that some benevolent and Samaritan group of people and nations would come forward and salvage them from the clutches of the tyrannical rule that had subjugated the children of a 'lesser God' to inexplicable and unspoken bloodbath and mayhem. This rapacity for unrestrained power and authority is obfuscating and has been a subject of obloquy.

## A Lover's Cry

Soul of my soul,  
 Didn't we come as companions holding hands from  
 a bright starry realm?  
 Hadn't we relaxed our grip just for a while?  
 Didn't the turbulence of this world  
 throw us apart from one another  
 With eddies of misunderstanding driving us faster  
 and faster away  
 towards different poles?

Will the longing for completeness  
 Ever draw us back together ?  
 Or are we to remain lost in mundane things ?  
 Will the soul's longing for wholeness  
 Ever bring us back together?  
 In the chaos of this world  
 Where everything seems to have lost meaning

Will my soul's cry  
 ever reach yours?  
 And even if it does,  
 will it stir your heart's feelings?  
 My own heart cannot bear to hear my soul's painful  
 cries  
 Will my soul join yours when my body dies?

## The Oath

We don't deserve women  
 If we cannot respect them enough  
 For how long will she be unsafe & till when?  
 Until the laws are not made tough?

Why do we always begin the blame game?  
 Can only 'laws' make a better society?  
 Certainly not, but home does, so can't perverted  
 minds be tamed?  
 Be brave enough to protect women,  
 exploiting her no one can prove to be mighty

Show your strength and protect her from the insane  
 Pledge today to never let a girl's virtue go in vain.

## Advice for Teens

I remember when we were little  
 we were never brutal  
 We would play with ourselves and enjoy our time  
 Always show our felicity with the sound of that  
 chime!  
 Now we've all entered our teenage and tend to act  
 like grown ups  
 But have you ever realized what you do with your  
 mind?  
 Let me tell you...  
 You are melancholic,arrogant and cranky all the time  
 And forget to praise the good things so fine!  
 Our toxic friends and social media antics are the  
 cause  
 To our mental health that's at pause.  
 We become harsh with the little things that hurt us  
 And show that teen-age is delirious!  
 Because of these small problems, been stressed  
 and depressed is not the solution to make oneself  
 feel suppressed!!  
 Don't be influenced by peer pressure,  
 Laugh and love as this will help you to find your life's  
 treasure..  
 Try to be less on social media and connect in real  
 because that keeps your mental hygiene clean.  
 Don't make the folly to be with those who don't  
 make you jolly..  
 Spend more time with your parents  
 because Instagram and WhatsApp won't give you  
 the assured guidance.  
 Lastly,explore your flaws,fly out of your cage..  
 And make proper use of this teenage.

## Such A Strange World We Live In **IMAGINE**

It's time to add a little bit of comedy in everyone's lives,  
Because I heard about a teen cutting his nerves  
Just because his girlfriend lied...

Such a strange world we live in where flipping the  
bottle gives all the joys  
5 – 6 year old kids are asking for mobiles  
I wonder who will play with the toys...

Maturity strikes so hard  
Words make us cry  
Cartoons fail to make us laugh...

As soon as our phones fall down we panic  
And if a friend falls down we laugh,  
Who cares about their hidden energies  
Only the phone battery should be charged...

Rapists, murderers, traitors, thieves  
All are replaced by our own relatives...

Such a strange world it has become  
A person is treated on the basis of the place  
from where he's come.

Cheaters fly in planes  
Honest ones live life in shame...

Mobile phones don't break even if someone throws  
them, such expensive brands,  
Relationships and hearts are so weak  
They get broken in a second.

Such a strange world we live in  
Where our lives, our future is not in our hands...

- **Devam Shah**

Imagine a world with no borders  
No guns, no tanks , no suicide bombers  
A world which is safe for our mothers, sisters and  
daughters  
A world where everyone's human , no thought of  
slaughter  
Imagine a world with no religion  
No hate , no crime , just love and affection  
A world free of unwilling division  
A world where not society ,but people take their own  
decisions .  
Imagine a world with no aggression.

No pointless deaths , no need of protection  
A world where soldiers are also humans not  
Just defense without emotions  
A world where their lives matter and so do their  
relations  
Imagine a world with love  
A world where everyone is equal ,none below , none  
above  
A world where everything is a symbol of peace and  
not just doves .  
Because it's humanity in front of which all hatred  
bows .

But yet again  
Just Imagine.

## Music: Sheer Poetry

I speak the tongues of the Goddesses  
 And of the angels with harps,  
 Music is my name,  
 And you will find me in mellifluous laughs,  
 I flow fluently through the chests of the famous,  
 Through the throats of the little children,  
 Your poetry has my initials,  
 Beautiful instruments dance along my chords,  
 And together we make heavenly melodies,  
 We bring down heavens and send earthly beings  
 right up,  
 Treble and bass clefs bring our spines up and about,  
 Minims and crochets dance their way out,  
 We roll through melodies and songs,  
 Children with their angelic voices sing along,  
 Guitarists and pianists join in humble harmony,  
 Old men and women shout in glee,  
 We sound like sweet roses and drops of honey,  
 Our hymns sometimes praise and sometimes bring  
 people down to their knees,  
 Love songs bury old memories,  
 Country lifts your soul,  
 Pop music brings out your energy,  
 Classical tunes make your ears roll,  
 You find me in chants,  
 In wishful grants,  
 In Pandora's box,  
 In the arms of the lotus,  
 In the jewels of the sea,  
 In the voice of the seal,  
 I am omnipresent,  
 I am Music.

## PATIENCE

In this world full of tension,  
 People want to get their things done,  
 They don't have time to pay attention  
 And don't think before they speak and learn.

People want to complete their work quickly,  
 For it , they do whatever they can,  
 They don't care about what people feel,  
 They just want success instantly.

In the past, patience was the king  
 It created one of the best bonding  
 No one was exploited , no one was cheated,  
 Everyone was loving and caring.

Now patience has become history,  
 Finding patient people is a mystery,  
 People who were carefree in the past,  
 Have become obsessed about doing their work fast.

Impatience has increased level of frustration,  
 It has put many people into depression,  
 They don't know how to delay their gratification,  
 And in the process have broken many relations .

Patience is our treasure.  
 It is a value indicator.  
 It is the only way to be away from pressure.  
 It is the best preventive measure.

## BEAUTY OF NATURE

Designed with not only one beautiful texture,  
 It's the unexplainable beauty of nature!

Each of its element is mesmerizing,  
 Each of its action is surprising!

It's a mystery that can be unfolded but not  
 understood,

Beginning from the peak to the bark of the wood.

It's like a mirage,  
 All of its elements are like the photos of the collage.

It has many beautiful entries and exits,  
 Yet there are many unveiled secrets!

## है वो एक ऐसी इंसान

है वो एक ऐसी इंसान जिसे किसीने नहीं पहचाना..  
छोड़ देते हैं अक्सर लोग उन्हें क्योंकि आज तक  
उन्होंने कभी उसे नहीं जाना।

उसका आँचल लगता है हर चादर से बेहतर  
दिल को सुकून मिलता है जब पुकारती है वो बेटा  
कहकर।

वो जब गुस्सा करती है तो बड़ा मजा आता है  
वो कान पकड़ती है तो कोई अपना सा लग जाता है।

मेरे आने के इंतजार में वो खाती नहीं  
उसके गोद के बिना मुझे नींद आती नहीं

मेरे हर आंसू को वो अपना बना लेती है  
उसकी एक मुस्कान मेरे दिल को छू जाती है

पता नहीं कैसे बिन बताये मेरे दिल की बात जान  
जाती है  
इसलिए तो वो मेरी "माँ" कहलाती हैं।

## समय

मैं समय हूँ,  
वो समय जो बेटा है घड़ी की,  
वो समय जो साथिदार है हर मनुष्य की।

दुनिया में कीमती हूँ मैं सबसे ज्यादा,  
ना मुझे कोई बेच सकता,  
ना मुझे कोई खरीद पाता,  
क्योंकि सबके साथ मैं चाहती हूँ मुफ्त में रहना।

जन्म हुआ था मेरा संसार के शुरुआत से भी बहुत  
सदियों पहले,  
मरण नहीं होगा मेरा क्योंकि अमर हूँ मैं।

करना चाहती हूँ सबके साथ मित्रता,  
पर कुछ लोगोंने बना दिया मुझे अच्छा और कुछ ने  
बुरा।

मैंने किसीका बुरा नहीं चाहा,  
पर जिसने मेरा महत्व नहीं समझा,  
उसकी पार नहीं हुई भविष्य की नैया।

जब करना चाहिए था काम,  
तब कर बैठे आराम,  
मुझे गँवाया मस्ती में,  
अब दिखता है हम उनकी आंखों में।

इसलिए मैं विनंती करती हूँ कि तुम समझो मेरे मूल्य  
को,  
बाद में मुझे गँवाकर मेरे याद में मत रो।

मेरा करो तुम सदुपयोग,  
अपनेआप नहीं होगा दुरुपयोग,  
चलो हमेशा अच्छाई के रह पर,  
बुराई का नामोनिशान अपने आप मिट जाएगा।

अंत में मैं इतना कहूंगी,  
मैं ही तुम्हारे पैसे और ज़ेवर हूँ,  
जब कुछ नहीं तब मैं हूँ,  
जब जिंदगी का एक मौका गँवाया,  
तब दूसरा मौका हमेशा है मैंने लाया ,  
जो गलतियां तुमने भूत में की थी ,  
उस अब मत दुहराना,  
मेरा इस्तेमाल अच्छे से करना,  
तुम्हे उसका फल जरूर ही मिलना।

## वेदना इतनी बड़ी आ गई है

वेदना इतनी बड़ी आ गई है,  
जानेकी घड़ी करीब आ गई है।

ठहर सकता नहीं है यह पल,  
जानातो होगा ही चाहे आज या कल,  
ढूँढ सकता नहीं कोई इस सवाल का हल,  
कि, आंखोंमें आंसुओ की लड़ी आ गई है।  
वेदना इतनी बड़ी आ गई है,  
जानेकी घड़ी करीब आ गई है।

छूटता नहीं मोह ,इन रिश्तों का,  
कर्ज चुकाना बचा है, कुछ किश्तों का,  
इसी आंसमें थे कि,दो पल और जीले ते यहां,

पर, समय सीमा समाप्त होने को आई गई है,  
वेदना इतनी बड़ी आ गई है,  
जाने की घड़ी करीब आ गई है।

जाना है, मुझको अब सब कुछ छोड़कर,  
हरबंधन, हररिश्ते, हर मर्यादाओं को तोड़कर,  
अवसर नहीं, की समेटलूँ यादें सभी,  
यादोंसे परे अब मुझको जाना है, कहीं  
जिससे दूर भागते रहे, जिंदगी भर,  
मंजर वो करीब आ गया है  
वेदना इतनी बड़ी आ गई है,  
जाने की घड़ी करीब आ गई है।

चिर - निद्रामें सोने जा रही हूँ,  
हर किसीसे दूर होने जा रही हूँ,  
इस नश्वरता को त्याग कर,  
मैं, अब इन पंचतत्वों में वीलीन होने जा रही हूँ,  
कि, विदाई लेने की घड़ी करीब आ गई है,  
वेदना इतनी बड़ी आ गई है,  
जाने की घड़ी करीब आ गई है।

पुस्तक जीवन की समाप्त होने को आई है,  
रगों के अध्याय समाप्त होने को आए हैं,  
नए अध्याय फिर लिखें जाएंगे इन कोरे पन्नों पर,  
कि जा रही हूँ, मैं अब सब कुछ छोड़कर,  
येचिंता, येमाया, येदुविधा, से मुख मोड़कर,  
याद आउंगी उन हंसते हुए पल में,  
रो लेना अपने आने वाले कल में,  
कि, स्वयंको छोड़ने की घड़ी आ गई है  
वेदना इतनी बड़ी आ गई है,  
जाने की घड़ी करीब आ गई है।।।

## क्युँ बडी हो गई मैं?

छोटे जब थे हम  
हर गम लगता था कम  
बच्चा बने रहकर  
रहतेन थे डरकर  
बदल रही है राह अब  
मुझे मिटाने, मुझे रुलाने  
अंदरका बच्चा मर गया  
बडे होने पर सब बिखर गया  
धुंधली है बचपन की यादें  
आती है खुशीयो को लेके

लगता है बादल के पीछे  
चाँद खडा है सितारे लेके  
बडी हो गई मैं  
सबसे दूर हो गई मैं  
छोटी बच्ची दिल की सच्ची  
मनसे कच्ची हो गई मैं  
ना समझ थे आँखों के आँसू  
अब हर वक़्त आते जाने क्युँ

तू ना तारा ना सूरज तू तो स्वयं ही आसमान है,  
इस धरती पर तू ही माँ अम्बे का अवतार है,  
ऐ बेटी! तू ईश्वर का सबसे अनोखा अविष्कार है!

माता, स्त्री, दादी तेरे सब रूप अनुपम है,  
बहादुर, हिम्मतवान, शौर्यवान तू स्वयं है,  
तेरे रोम रोम से बहती 'शील' की रसधार है,  
ऐ बेटी! तू ईश्वर का सबसे अनोखा अविष्कार है!

तू द्रौपदी, तू दमयंती , तू ही तो मैया 'सीया' है,  
मौत के भय को भी भगानेवाली तू ही 'निर्भया' है,  
बलात्कार से लड़ने वाली तू माँ काली साक्षात्कार है,  
ऐ बेटी! तू ईश्वर का सबसे अनोखा अविष्कार है!

खुद को ना सोच तू कम, तुझे और मुश्किलों से भीड़ना है,  
रेप और गर्भपात और शोषण, तुझे कई आपदा से लड़ना है,  
'नियूश' की इस कविता से भी तेरी शक्ति अपरंपार है,

## अल्फ़ाज़-ए-बयां

जान से ज्यादा अजिज वो है अब  
जिसके वजूद का पता न था तब  
ये सोचकर हैरान रहता है दिल  
ये जो हुआ कैसे और कब।

बहार लेकर आए थे आप, जिंदगी खुशरंग करने  
क्यों दिल में नशतर चुभोकर घाव हरे किए  
ज़ालिम दुनिया में सितमगर क्या कम थे  
जो आप भी उनमें शामिल हो गए।

दर्द और प्यार का रिश्ता  
गुलाब और कांटों की तरह है  
जिनकी जिंदगी मेहका देती है ये  
उनका लहू भी कभी बहा देता है।

बहुत अजिज लगती हैं वो राहें,  
जहां मैं हूँ, तन्हाई हैं, और आपकी यादें  
सीने से लगाए रखती हूँ इन्हें  
यादों की पंखुड़ियां, और जुदाई के कांटे।

जो दिल से मानो तो रिश्ता है  
रूह से बंध जाते हैं लोग  
कागज़ से बंधे हुए रिश्ते अक्सर  
आंसुओं में बह जाते हैं।

जब लफ़ज़ न हों तो  
आंखें बोल उठती हैं  
रूह से रूह बातें करती हैं  
जब आंखें बंद होती हैं।

जिंदगी की उस मोड़ पर फिर खड़ी हूँ  
जहां सिर्फ़ कोहरा है, और चलते रहने का नाम ही  
जिंदगी है।

છતાંયએ સવાલ તો હમેશા થાય છે,  
પ્રેમ એટલે શું?"

પ્રેમ એક સૌથી વધુ ગવાયલો કેહવાયલો અને ચર્ચાયેલો શબ્દ છે. તમામ સમસ્યાઓનું મૂળ પ્રેમ અને સર્વસમસ્યાઓનું ઉકેલ પણ પ્રેમજ છે. પ્રેમ એક એવી લાગણી છે જે બધાને ગમે છે . પણ ઘણા લોકો એક પ્રશ્ન પૂછીને પ્રેમનો મહત્વ ગુમાવી દે છે , "તુંમને પ્રેમ કરશે?" અરે પ્રેમ એક એવો દરિયો છે જે દિલથી નીકળે છે . એમા તો આ પ્રશ્ન આવવો જ ના જોઈયે.

એક વ્યવહારુ વાત કહું છું. જ્યારે ઘરે એક બાળક જન્મ્યો હોય તો તમે બધા એને પ્રેમ અને લાડ આપવા માટે તૈયાર થઈ જાઓ પણ તમે એને પૂછશો ,[] હેલલા , તુમને પ્રેમ કરે છે ?[] અને એમાં જો એ રડે તો તમે એમ સમજશો ,[] હેલલા , તુ કેમ રડે છે ? મને પ્રેમ નથી કરતો ! જા..... .[]તો તમે એને પ્રેમ નહિ કરશો ? તમે જરૂર પ્રેમ કરશો . કોઈ પણ નાના બાળકને જોઈને પ્રેમની ભાવના રોકી ના શકે . એટલે કેહવાય છે

‘ પૂછીને થાય નહીં પ્રેમ ‘

પ્રેમ ક્યારે આશક્તિમાં બદલાય જાય એનું ધ્યાન રાખવું જરૂરી છે. તમને હુ કવિ તુષાર શુક્લાની કવિતાની એક પંક્તિ સંભળાવા માંગુ છું.

" દરિયાના મોજા કઈ રેતીને પૂછે ,  
તમે ભીંજાવું ગમશે કે કેમ,  
એમ પૂછીને થાય નહીં પ્રેમ."

અર્થાત : દરિયાના મોજા કાઠાની રેતને પૂછવા નથી રેતા ભીંજવતા પેહેલા એનો મુખ્ય કારણ એ છે કે દરિયાના મોજાને શ્રદ્ધા છે કે કાઠાની રેત કોરી થઈને એની રાહ જોઈ રહી છે. અને કાઠાની કોરી રે તને વિશ્વાસ છે કે દરિયાના

મોજા આવી એને ભિંજવશે . એકના પક્ષે શ્રદ્ધા અને એકના પક્ષે વિશ્વાસ .  
આવું ભાવ જ્યાં હોય ત્યાં પૂછવાની જરૂરત નથી હોતી .

તો પૂછીને પ્રેમના થાય તો કેવી રીતે થાય આનો ઉત્તર પણ કવિ તુષાર શુક્લાની આ પંક્તિ દ્વારા મળી જશે .

" દરિયાના મોજાથી પળમાં ભીંજાય ,  
વળી કોરી થયી જાય પછી રેતી,  
ભીનાપને ભીતરમાં માંડતી રહે ,  
ને પછી કોરી રહી આમંત્રણ દેતી ,  
કોરપને ભિનપ ને ભિનપને કોરપ ,  
ની એટલી જુગલ બંદી જામી ,  
કે પ્રેમમા રે મોકલાવો એના સરનામે ,  
કે પ્રેમમારે મોકલાવો એના સરનામે. "

એનો અર્થ તો તમ સમજી જગ્યા હશો , એટલે કેહવાય છે []પૂછીને થાય નહીં પ્રેમ[] .

પ્રેમના અનેક રૂપ હોય છે . ભાઈબહેનના ઝગડામાં પ્રેમ હોય છે. માતાપિતા જે આપણને શિખામણ આપે છે એમા પ્રેમ હોય છે . અબોલા પ્રાણી પણ પોતાનો પ્રેમ ઈશારોથી વ્યક્ત કરે છે . તો એ પ્રેમ દર્શાવતા પેહેલા વિચારતા નથી કે હું એને આપુ કે નહિ .

આ દુનિયામાં પ્રેમના અનેક પ્રકાર છે પણ આ બધા પ્રેમ કોઈ પૂછીને નથી કરતું . એ અંતરથી નીકળે છે . અંતમાં હું ફક્ત એટલું જ કેહવા માંગીશ

"ડગલેને પગલે જો પુછ્યા કરોતો પછી ,  
કાયમ ન રહેશો પ્રવાસી ,  
મન મુકી માળશો તો મળશે મુકામ ,  
એનું સરનામું સામી અગાશી . "
