First Year Undergraduate Admissions (2025–26)

INHOUSE Students

Students seeking admission to First Year Undergraduate Programs (2025–26) at N.M. College are hereby informed that they may proceed to fill the **N.M. College Admission Form** even if the **Mumbai University Admission Portal** is not fully operational.

As the **University Application Number** is a mandatory field in our admission form, and currently students are unable to generate it due to the university portal being inoperative, you may temporarily enter your **Mumbai University Registration Number** (generated after registration) in place of the **University Application Number** to complete and submit the N.M. College form.

Important:

Once the Mumbai University portal becomes fully functional, it is **compulsory** for all applicants to complete the university admission process and update the N.M. College with the correct **University Application Number** as soon as it is generated.

NOTE-

1. NM College Admission form **Registration** has been **extended up to 14th May 2025, 11.59 pm**
2. **First Merit list** will now be displayed on **15th May, 2025 at 7.00 p.m.** on the college website.
