Shri Amrishbhai Patel

Honorable President, SVKM

Greetings to all of you!

I have great pleasure in conveying my best wishes to all of you. Narsee Monjee College has a reputation for attracting the best students in their chosen faculty. Today, we are living in a world which has become smaller due to the advancement in transport, communication and information technology. As a result of this, trade and commerce has increased substantially and has come to dominate the relations between countries. This means that education in Commerce and Economics is becoming more relevant compared to the past.

However, Challenges and Opportunities are two sides of the same coin. Modern education, curriculum development and teaching methodologies have to keep pace with the demand of the economic environment. The manager, businessman and the entrepreneur of today need many more weapons to compete. Holistic education should include all round development of a student.

I am glad that all of you undertake various co-curricular activities which sharpen your personality, managerial and inter-personal skills. At SVKM we continue to encourage all forms of activities which contribute to the overall development of the student. I am also particularly glad that you students are also engaged in activities like NSS Camp in rural areas which sensitize you to realities of lives of different sections of the society in our country. All this has been possible only due to the dedication and commitment of the Teaching Faculty and the Non-teaching staff of the college.

I wish you all the best for achieving greater success and scaling newer heights in your education and career ahead.

My good and warm wishes to all the new entrants to our Parivar.

Shri Amrish R. Patel (President SVKM)

Shri Shalin S. Divatia

Mentor, NM College

The passion of the faculty towards teaching and all round development of the students, the commitment and care of the non-teaching faculty for the college and the students and the overall environment of pursuit of excellence in all areas have often been termed as the “NM Culture”. This NM Culture has created a unique and everlasting bond among the College staff and the students. A bond which keeps on bringing the students back to College whenever any occasion demands. As alumni and as part of the management of SVKM it has been my privilege to have both – studied in this College and associated with the College as the representative of SVKM Management. I am sure that we shall not rest with the glories that have been attained in the past but shall continuously seek to redefine ourselves in the light of changing environment around us.

My best wishes to you all!

Shri Shalin S. Divatia (Mentor, N.M. College)

Rally for Rivers Campaign

Narsee Monjee College's Umang Organising Core Team has played a remarkable role in supporting and spreading the Rally for Rivers awareness campaign which is focused towards building a mass momentum across the nation.

Through extensive research it had found that the rivers which have been nurturing us for thousands of years, today are shrinking at an alarming rate. By 2030 we will have only 50% of the water that we need for our survival.

However, to ensure that the solution is actually implemented, reviving the rivers of India is being executed in three phrases by Isha Foundation. First is an awareness phase, second a Government policy formulation & third is execution phase.

Around two thousand N.M. students participated in awareness phase by giving a missed call during regular EVS lectures.

The students very enthusiastically took part in Nadi Abhiyan on the 1st of September 2017, under the guidance of EVS teacher, where 20 students were standing on either side of the road in front of the college for two hours wearing Rally For Rivers tshirts, holding placards and distributing leaflets. They ensured that on 1st September when a person steps out of the house, he/she could spot a RFR volunteer. The wave of awareness in the city created a media buzz which in turn helped to reach out to larger crowd.

Further, our students participated in the Documentary shoot competition under they visited

Mithi River, a week recording took place by interviewing people inhabiting there from last 25 years and finally after a week Mithi river documentary was prepared and uploaded on 20th of September 2017.

We are truly humbled by the warmth and support extended by our Principal Dr Parag Ajgaonkar, Vice Principal Amee Vora, Gomathi Iyer, Jr College Vice Principal Kusum Mahadik.

Our heartfelt gratitude to Isha Foundation activist 'Ms Gargi Chakrobaty.'
