## From Principal's Desk

Dear Students, Faculty, Parents, and Valued Readers,

It gives me great pleasure to address you through this edition of our college magazine, a publication that reflects the vibrant life and spirit of our institution. This year has been particularly significant as we have taken major strides in implementing the National Education Policy (NEP), a transformative initiative aimed at overhauling the Indian education system to make it more inclusive, flexible, and multidisciplinary. The NEP emphasizes holistic education, critical thinking, and the integration of technology in teaching and learning.

I am proud to share that our college has been proactive in aligning with these goals, making substantial progress in several key areas. One of the cornerstones of NEP is the adoption of a multidisciplinary approach to education. We have revamped our curriculum to provide students with greater flexibility in choosing their courses. By offering a wide array of electives across different disciplines, we are ensuring that students can tailor their education to match their interests and career aspirations. This approach not only broadens their knowledge base but also fosters critical thinking and creativity. In line with NEP's vision to bridge the gap between education and employment, we have introduced various skill development programs. These programs are designed to equip students with practical skills that are essential in today's job market. From advanced computer courses to workshops on communication and leadership, our focus is on preparing students to be industry-ready from day one. The NEP places significant emphasis on the use of technology in education. We have upgraded our digital infrastructure to support online and blended learning models. Our faculty members have undergone extensive training to effectively integrate digital tools into their teaching methods. This has not only enhanced the learning experience but has also ensured uninterrupted education during unforeseen disruptions. Encouraging research and innovation is a critical aspect of NEP. Our institution has established research centers for PhD and innovation hubs where students and faculty collaborate on cutting-edge projects. These initiatives are supported by partnerships with industry leaders and academic institutions, providing our students with exposure to real-world challenges and the opportunity to work on solutions that can have a meaningful impact. NEP

envisions an education system that is inclusive and promotes holistic development. We have introduced various programs and support systems to ensure that every student feels valued and included.

From mental health initiatives to community outreach programs, our goal is to create a nurturing environment that supports the physical, emotional, and intellectual well-being of our students. Our faculty is our greatest asset, and their professional development is crucial to the successful implementation of NEP. We have organized numerous workshops, seminars, and training programs to help our educators stay abreast of the latest educational trends and methodologies. This continuous professional development ensures that our faculty is well-equipped to deliver high-quality education that meets the evolving needs of our students. Building strong connections with the community and industry is essential for a well-rounded education. We have strengthened our ties with various organizations to provide students with internships, hands-on training, and community service opportunities.

These experiences are invaluable in helping students apply their knowledge in real-world settings and develop a sense of social responsibility. As we move forward, we remain committed to fully realizing the vision of NEP. Our future plans include the introduction of new interdisciplinary programs, further enhancement of our digital infrastructure, and continued focus on research and innovation. We are also exploring global collaborations to provide our students with international exposure and learning opportunities.

In conclusion, I would like to extend my heartfelt gratitude to our students, faculty, parents, and all stakeholders for their unwavering support and dedication. Together, we are building a brighter future, one that is aligned with the visionary goals of NEP. Let us continue to work together, embrace change, and strive for excellence in all our endeavours..

Dr. Desai in her keynote address acquainted all about the new National Educational Policy-2020 seeks to

introduce and implement a sea of changes across all levels of education in India, including the essential understanding of education in the country. Further she apprised the educators on how our education system must prioritize equality by emphasizing comprehensive training, research skills, and the development of students' abilities to bring everyone to the same level. She also spoke about how education system should also concentrate on enhancing critical thinking, given the rapid changes in technology and policies, teaching students how to think critically is paramount. Moreover, she spoke about empowering students with the chance to publish their work will not only enhance their confidence individually but also foster a sense of accomplishment within teams.

Dr. Desai further acquainted everyone with the importance of providing a range of electives within a multidisciplinary curriculum, incorporating multilingual aspects and essential life skills into the educational framework. The guidance provided by the UGC manual on life skills emphasizes the significance of experiential and activity-oriented learning methods. She also highlighted the need to introduce empathy in education as an ongoing and integrated approach, rather than a one-time event. Encouraging the development of critical thinking skills remains a core objective, and educators should empower students by integrating interactive technological tools such as Padlet, Pear Deck, and concept notes into their teaching methods.

In the second session Dr. Kinnary Thakkar elaborated on the objectives of the National Education Policy (NEP) 2020, highlighting its focus on creating a holistic and multidisciplinary learning environment. The policy acknowledges both existing students and new recruits, emphasizing a respectful approach even in cases of dropouts if certain criteria are met. Attention was directed towards fostering research aptitude among both educators and students, reflecting the policy's commitment in enhancing the educational quality and encouraging innovation. The conversation touched upon the significance of the NEP's initiatives, including the selection of major and minor subjects, the integration of digital platforms, and the importance of structural flexibility to align with NEP's principles.

Dr. Thakkar highlighted three institutional development concepts provided by NEP: the department concept, the school concept, and the faculty concept. These models offer diverse approaches to educational planning and delivery. The conversation also emphasized the NEP's credit-based structure for a four-year multidisciplinary degree program, allowing students various entry and exit options based on their preferences and circumstances.

The discussion extended to the integration of "Understanding India" as an enriching value addition course across colleges was noted, contributing to students' cultural and historical awareness. Dr. Thakkar emphasized the importance of skill enhancement courses like Tally and Advanced Excel, along with advisory courses, to equip students with practical skills and boost employability.

The final point of focus was on postgraduate courses, where internships are made compulsory to bridge the gap between theoretical knowledge and real-world application. In summary, Dr. Kinnary Thakkar provided a comprehensive overview of NEP 2020's objectives, highlighting its emphasis on holistic learning, research, flexibility, and practical skill development across various educational aspects.

She highlighted initiatives like the National Service Scheme (NSS), sports programs, and other extracurricular engagements. Emphasizing the significance of a balanced approach, she discussed the seamless blend of theoretical and practical elements in NEP's execution and IKS incorporation in syllabus.

Prof. Sneh Choithani's focus was on a methodical approach towards comprehending examination procedures. This entailed a detailed study and understanding of relevant circulars, facilitating a precise grasp of the examination guidelines and protocols. She placed strong emphasis on education driven by outcomes, which encompassed thorough training in the creation of question papers aligned with Bloom's Taxonomy. A pivotal reform in the examination process involved detailed analysis of individual question performance, surpassing the conventional practice of simple grading. Furthermore, Ms. Sneh highlighted persistent monitoring of students' performance across various question types, fostering activity-based learning. She drew attention to the noteworthy accomplishments of NM College, such as the active participation of SY and TY students in Activity Based Learning (ABC) initiatives. Additionally, she highlighted the achievement of displaying earned credits by SY students directly on their individual IDs, serving as a clear reflection of their academic advancement.

Prof. Heena Bhava highlighted our proactive approach towards embracing the National Education Policy (NEP) early on, thereby gaining a significant advantage as pioneers in its implementation. She addressed the challenges of mental resistance that arise due to the multiple iterative changes required. By directing the audience's attention to the overarching objectives, she seamlessly connected the structural changes with skill-based learning, further emphasized through brainstorming sessions. Additionally, Prof. Heena stressed the importance of disseminating course-related videos across all programs, ensuring that first-year students are well-prepared and acquainted with their courses. Furthermore, she pointed out that an online orientation program was conducted for all programs, ensuring a smooth transition to the new system. She emphasized the formulation of comprehensive lesson plans and the need for a shift in teaching pedagogies, advocating for reforms and innovation within the educational framework. She encouraged participants to fully comprehend the unique aspects of the NEP and its potential. Concluding her discourse, she highlighted the phrase "Let us get educated" as a mantra for success, emphasizing that a readiness to learn is essential for reaching one's destination.

During the Insight '24 college festival, several sustainable practices were implemented to reduce the event's environmental impact. We prioritized the use of recycled materials and worked to minimize waste in all areas, including the allocation of paper, pencils, and ink. These resources were carefully managed to ensure optimal use and minimal waste, reflecting our commitment to sustainability.

As part of our efforts to eliminate single-use plastics, the gifts for speakers were presented in paper bags, avoiding plastic packaging. Additionally, the goodies provided were environmentally friendly, and we avoided using any extra packaging or decorative materials that could harm the environment.

In another step toward sustainability, we replaced traditional plastic water bottles with Tetrapak cartons for the entire event. This choice helped us reduce plastic waste and contributed to making Insight '24 an eco-friendly festival. By focusing on these practices, we aimed to create a more sustainable event while encouraging others to adopt similar initiatives.

At the Insight 2024 event, a notable emphasis was placed on sustainability in business by a significant portion of the speakers. Reflecting the prevailing global trend, these speakers underscored the imperative for businesses to integrate sustainability principles into their strategies and operations. They highlighted the potential for sustainable practices to drive long-term value creation, mitigate risks, and enhance reputation. Moreover, discussions revolved around the role of businesses in addressing pressing environmental and social challenges, underscoring the need for a more holistic approach to economics. ## ગુજરાતી સાહિત્ય મંડળ

ગુજરાતી સાહિત્ય મંડળની સ્થાપના આપણી માતૃભાષા, આપણી પ્રિય ભાષા- ગુજરાતીની જાગૃતિને વધારવા અને ઉત્થાન માટે એક સમિતિ તરીકે કરવામાં આવી હતી.

ગુજરાતી સાહિત્ય મંડળ એ ગુજરાતી ભાષા અને સાહિત્યને પ્રોત્સાહિત કરવા માટેની એક સમિતિ છે. સમિતિના સભ્યો ગુજરાતી ભાષા, સાહિત્ય અને સંસ્કૃતિના વિકાસ, જતન અને ઉજવણી માટે કાર્યરત છે. આ મંડળ વિવિધ સ્પર્ધાઓ જેમ કે નિબંધ લખાણ, કવિતા, ભાષણ વગેરે દ્વારા વિદ્યાર્થીઓને આ ભાષાનો ઉપયોગ કરવા માટે પ્રોત્સાહિત કરે છે.

આ સમિતિનું ઉદ્દેશ ગુજરાતી સાહિત્યની પરંપરા જાળવી રાખવાનું અને ભાષાકીય વિવિધતા અને સાંસ્કૃતિક વારસાને પ્રોત્સાહન આપવાનું છે. ગુજરાતી સાહિત્ય મંડળના આશ્રય હેઠળ 'ગરબોત્સવ', ભાષણ, લેખન કાર્યશાળા, વાદવિવાદ સ્પર્ધા જેવા કાર્યક્રમોનું આયોજન કરીને વિદ્યાર્થીઓ અને ભાષાના રસિકોને સામેલ કરવા માટે આ એક ઉત્તમ રીત છે.

આ કાર્યક્રમોમાં ભાગ લઈને વિદ્યાર્થીઓ માત્ર તેમની ભાષાકીય કૌશલ્યને નીખારી જતાં નથી, પરંતુ નેતૃત્વ, ટીમવર્ક અને અનુકૂળતા જેવા મહત્વના નરમ કૌશલ્ય પણ વિકસાવે છે. કુલમિલાવી આ પ્રવૃત્તિઓ વિદ્યાર્થીઓને ભાષા અને સાહિત્યના ક્ષેત્રમાં બૌદ્ધિક, સામાજિક અને વ્યક્તિગત રીતે વૃદ્ધિ માટે સર્વાંગી મંચ પૂરો પાડે છે.

આ પછી તમામ સમિતિ સભ્યોએ મતદાન વિષય પર એક પ્રેરણાદાયક અને મનોરંજક સ્કિટ રજૂ કરી જેમાં મતદાનની મહત્વતા દર્શાવવામાં આવી. આમ, આ કાર્યક્રમ દ્વારા સૌ કોઈએ આનંદ પામ્યો અને સાથે સાથે આપણી સંસ્કૃતિ અને ભાષાનું મહત્વ પણ સમજ્યું.

કાર્યક્રમોનું આયોજન કરવા ઉપરાંત, અમે GSM સમિતિમાં એ પણ સુનિશ્ચિત કર્યું કે અમે અમારા તમામ પારંપરિક તહેવારોની નિયમિતપણે ઉજવણી કરીને સંસ્કૃતિનું સન્માન કરીએ છીએ.

Every month, the team discusses ideas for various themes, from conspiracies to sitcoms to comics, meticulously planning the magazine layout and bringing their vision into motion. From the magic makers of the designing department to every member brainstorming their article, every edition of Reverie is designed with perfection in mind.

### MIXTAPE ONTRACK: ATTENDANCE

'What is the reason?'  
Why would we work up the courage to stray away everyday?  
When it always seems to be so same?  
Look at it.  
On these walks through the hallways with reflections,  
of different people, from different places.  
People who worked up the courage to come so far,  
away from home but still at peace,  
And to 'hold one's own'?,  
some have passion,  
some have friends,  
some have the pressure to be great someday,  
some want enough to be able to call themselves with pride,  
while someone just wants to get by and along with 'todays'.  
Somewhere in that something,  
all of us wake up to come over here everyday.  
Amidst although the fleeting and yet everlasting nights,  
through the packed train rides,  
through these cities disconcerting rain and shine,  
through every dilemmas and adversities possibly we could find,  
everyone comes up today,  
starts again at 6 am everyday.  
Differences too many at count,  
differences not too wide but still so far.  
Somewhere in between those bars,  
one silly little thing's incessant for us all,  
some continued to look at it positively,  
some got sad,  
some struggled for it,  
while funny enough at least some found it fair.  
'attendance' although hated and feared,  
will be laught on someday when all 'get-togethered'

simply shining like a silver lining,  
 which looking back,  
 binded those ordinary people with ordinary days.

-Ridhi Nighozkar, SYBCom

## PUTTING ELLIPSES TO MY FULL STOP

Truth never hides,  
 We hide it.  
 Our subconscious plays,  
 And we get played in it.  
 Some Cinderellas don't leave their sandals,  
 And some things don't end up with candles.  
 After all we're living a fake fairy tale,  
 Where even a win is a 'fail'.  
 Only facts are meant to be universal,  
 The rest all is personal.  
 You like it or you hate it,  
 If I love it,  
 I'll go on.  
 Have your own peephole  
 But don't let anyone enter the door.  
 Truth never hides,  
 We do,  
 And we need to add only one more stop,  
 To continue our full stops...

-Tia Thakkar, SYJC C

## LIFE'S A SHOW

To have been running without stopping  
 But inside your mind  
 Your instincts screaming to let go  
 But you're holding on  
 And putting up a fight  
 And the harder you try to forget  
 The more you remember the stuff that shouldn't be there  
 A voice inside your head  
 That's been talking about everything bad

And to imagine a world which is perfect  
Where people do what you want them to  
Cause they're not really there  
But you've convinced yourself  
That living inside there is good for your health  
You keep avoiding the problems that are already there  
You keep finding new issues to carry on your head  
And you feel like you'll crumble under the weight  
But you know you won't give up that easily, so you continue to care  
And getting hurt from everyone around you is nothing new  
You used to blame them for not being enough  
But somewhere deep inside you knew you were the issue and that you wouldn't settle for  
anything other than the best  
So, you keep hoping for something to happen  
Something of someone to make you feel alive again  
And you're doing whatever you can to keep moving ahead  
But at the end of the day when you lie on your bed  
You let the thought drown you  
And drive you to insanity  
A place where you are the puppet master  
And everyone else...  
Well, everyone else are the puppets on the strings you hold  
And maybe that's all you need, a little bit of control, a little freedom  
To feel like you're living your life and not watching a show.

-Riddhima Chaturvedi, FYJC C 120

## MIRROR MAZE

In lockdown we all were caged but,  
I found myself in the Mirror Maze.  
I found some things I could never see fit myself,  
like in times passed before I was blindfolded.  
From every angle I could see myself,  
out ahead was a new path laid,  
like a new Reflection,  
I never stopped to look at myself, to look for myself before.  
In the front mirror I was the girl I knew,  
but as I turned my head around,  
I found a new head to toe.

A new pair of eyes questioned me,  
I found a new reality.  
A different world did exist,  
Where I went out of the ways, just to be myself.

-Riddhi Nigozhkar, SYBCom

## RAINS

I don't like rains in the morning,  
they make me sad and depressed  
I don't like the rains in the light,  
they make me question the reasons why i'm alive  
I don't like rains in the the morning  
they make me wonder about philosophy and death,  
what is true and what are lies  
I don't like rains in the light,  
when i leave the house,  
The world around me becomes blurrier than usual  
Makes me think, i should go sleep under the covers and cry  
But the rains at night, they make my nerves quiet  
It feels like i am in the concert of life  
The thunder lights up the sky,  
The rains at night, make me feel safe, they make all my heavy thoughts go away  
The rains in the dark, give me answers to the questions i had  
The rains at night make me realise who i am  
They don't scare me, they show me a reflection of my mind  
The sound doesn't match the sight,  
In the morning, in my busy life,  
Rains are the noise and nuisance that i don't like  
At night, when i try to sleep  
Rains are the comfort and change that help me close my eyes

## EMOTIONS

Entangled in a cage of emotions,  
Feeling powerless to control them.  
Seeing my fellow beings suffer,  
Unable to lend a hand.

I wish for a life of no suffering,  
No emotions to feel others' pain.  
No jealousy, no hatred,  
Neither love to break someone's heart.

A world without empathy or sympathy,  
As they are on the edge of vanishing.  
A numb and colorless heart,  
Unbreaking and untouched heart.

A heart devoid, incapable of feeling,  
Missing a crucial part of life.  
Unable to convey what the heart lacks,  
Without emotions, humanity departs.

## LEAVE THE PAST, LIVE!

Blow the heaps of dust,  
The dust on pictures.  
Pictures our lives click for us,  
And store as memories.  
Live with laughter and zest,  
The zest for everything in life.  
Life offers us the craziest best,  
And wants us to mix its ingredients,  
To identify our best meal that we test  
Look at life like a student,  
Whether you're 18 or 88.  
Crave more to learn,  
Than to eat sweets.  
There are more mediums to learn than to earn .  
Emotions are the window not the door.  
All are in the house  
And to see a better view,  
Change the window,  
Not the house.  
Don't wait for 'Year' to come ahead of 'New'

To start each 'Day' as it's too 'New'  
 Be grateful for everything you have,  
 Never be satisfied but always be happy,  
 You always have more than you think you have...

## BOOKS

The twilight pulled her curtain down  
 and pinned it with a bookmark,  
 Her serenity, her solace  
 summoned her as she gazed,  
 Those words  
 Those pages,  
 Waiting to be held  
 Waiting to be felt,  
 And she plunged once again  
 In the sea of sentences,  
 Returning to the shore  
 With another adventure,  
 Another family;  
 Each second her heart ached for this to be real  
 Waiting for every other night, felt like an eon ethereal,  
 She felt blessed,  
 Of course she couldn't be sad,  
 Never.  
 Never ever.  
 How can one?  
 When books for her suffice.  
 When library is her paradise.

## TOO LATE TO STAY AWAKE

I write these in the middle of the night,  
 When I lie in my bed and these questions start to rise.  
 And I try to type it all down before my phone's battery dies,

And I don't dare read it twice.  
It needs comfort of people and solace of mind,  
instead just some words I find.  
The waves crashing making it a little too hard,  
the sound, it makes me forget to write it down before I think about it twice.  
I'm the one to believe work in silence and celebrate in silence,  
the success, after all is all mine.  
It's hard to make a move without making noise,  
with every eye trained on me,  
while my own tries to find an anchor before,  
I drown myself without making a sound.  
I need to sleep now, I keep telling myself,  
but the words make a necklace too beautiful to break.  
The storm I beg to subside hides the petals too rare to find,  
I laugh as I keep scolding myself like you rebuke a child,  
as if no more lines is like no more of chocolate,  
a drug on which everyone has survived.  
No more no more! Of these lines I keep saying still icing this cake,  
as I convince myself.....its too late to stay wake.

## JOURNEY OF SELF-EXPLORATION.

(This is a poem of an introvert timid girl who enjoys her own company and relishes the bliss of solitude ... And then when a person asks her, "Why are you always sighted alone, why don't you have any friends ... ", she smiles and replies)

In the realm of self-discovery, I stand firm  
Adoring my grace with each step, a cherished term  
Enthralled by my essence, a fragrance so divine  
Gazing into mirrors, a laughter uniquely mine

Contemplating within, a symphony of self-thoughts  
Conversations with walls, unravelling untold knots  
Balancing on solitude's edge, tears may spill  
Yet, nurturing my mind, an art that requires skill

Joy, an impromptu dance, twirling in delight  
Embracing solitude in the soft moonlight

A concoction of self-soothing, a therapist within  
Becoming my own guide, where a new chapter begins

In the tapestry of self, solace and glee  
Narrating stories to myself, a cherished confidante I see  
Alone, not lonely, relishing tranquillity  
Dancing with shadows, celebrating authenticity.

Within this exploration, a symphony of self-love  
Crafting my narrative, a tale from the heart above  
In solitude's embrace, discovering the art  
Becoming my own anchor, a masterpiece from the start.

## DESTINY

Can we defy our destiny?  
They say we can't oppose fate's decree,  
Yet, I yearn to,  
I yearn to break free from this unforeseen waltz from dusk till dawn.  
I desire to script my own future,  
No longer cowed by what's inscribed in destiny,  
The destiny of death, life, adventure, love,  
It's a twisted path of uncertainty.  
To contest what's etched,  
Forge my own path through hurdles,  
Redefine the narrative, rewrite the tale.

## SEVENTEEN

How could I have been so wrong,  
I picked all the offences apart,  
But I *was seventeen* after all.  
Asked for all the things I wanted,  
but it didn't Satisfy.  
Questioning myself if I am doing this wrong.  
But it feels like there's this hole in this Universe,  
Where I don't find myself,

Can't you see I can't see if I'm happy or I ain't.  
What is to live for if I can't be that one thing I have wanted for myself.  
Will there be a will to keep living on yet again.  
Don't know if I can go on like this,  
but I think to myself, I'll learn,  
I'm *still Seventeen* yet.  
They will see it,  
I keep telling myself.  
I don't need to prove myself on every second,  
But every ignore bores a hole deeper into something I can't put into words.  
They will see my worth,  
I'll do it better once I get help,  
I'm still learning yet,  
Learning yes but with no teacher.  
There will be a time when I'll be a better version of myself,  
it will not happen in one night, I know,  
but that doesn't stop me from overthinking.  
They will see it in me,  
They will believe it One day.  
I have a lifetime to prove,  
I can be *seventeen everyday*.  
But that doesn't ignore that it's not today.

## MORE THAN A PREY

You have a whole life to learn from,  
But you still store the memories.  
You have your whole past all gone,  
But you still have the future to tell the past stories.  
You are the most precious self-present here,  
But still don't live the present life.  
Everything gets connected and comes back,  
But not today in my time.  
You will always have the past to remember and the future to hope,  
But still the present would crave to be your prey.  
One moment will soon turn to one day,  
Would you still be willing to catch up on that prey?  
-Tia Thakkar, SYJC C

## I.. SHE.. HER!!!

What she consigned was her potentiality. What all and sundry could give her was its merest capability. She had the magnificent power to hold the high society in her arms. she flinched looking at the world's ability that was presented, but rose looking at her own competence. She gauged the underlying statement of remorseless and merciless masses around and intended never to be allied to them. Being the epitome of sacrifice, she realised that her world had become dull and gloomy analogous to the torrential downpour. Adopting the nature of healthy narcissism was a better option than being modest for her. In the course of time, the world would realize that their merest capability offered to her, was the ultimate source for the happiness she now offers to herself!!

### वो लम्हे याद आते हैं

घड़ी के कांटे बस चलते जाते हैं,  
 बनिा सोचे मेरी चाहत की,  
 जो कभी मैं तेरे लम्हों को रुकाकर,  
 समझना चाहता हूँ।  
 तेरा हर इक पल एक नशा सा बन जाता है,  
 जो बनिा अल्फ़ाज़ के,  
 सब कुछ सखिा जाएगा।  
 पर अगर कसिी दुआ के काबलि हूँ,  
 तो तुम मेरे उन लम्हों को रुका देना,  
 जो मैंने यहां बतियायी हैं।  
 मगर माफ कर देना मुझे,  
 ककिभी मैंने तेरे इन्ही लम्हों को,  
 चुराने की साजशि रची थी।  
 अब दुनिया इस बावले को समझती है कि,  
 ये सनक है,  
 कुछ पलों को बार-बार दोहराने में कोई मजा नहीं,  
 मैं सोचता, वक़्त, तू तो समझेगा,  
 तो फरि क्यों तू कहता है,  
 "मुझे दोहराना तेरी सजा नहीं"।

### बेटी बचाओ ,बेटी पढ़ाओ

लड़का जो हो जाए तो ,बहु बहुत गुणी,  
 मैंने भी अभिमन्यु की तरह ,ग्रभ में बातें हैं सुनी ।  
 न छोड़ा गया कोई पंडति, न साधु, न मंत्र ,टोटका न कोई जादू ।  
 मैं बेटी हूँ तो क्या!!  
 प्रेम की मसाल बनी मीरा,  
 हमिलालय चढ़ने वाली अरुणामिा सनिहा,  
 सानयिा मरिजा ले आइ टेनसि में सोना चांदी  
 भूल गए आदमी के ज्ञान की प्रेरणा इंदरिा गांधी  
 मैं बेटी हूँ तो क्या!!  
 मैं ही हूँ पहली महिला आईपीएस करिण  
 सन् 1857 में लक्ष्मी ने ही संभाला थारण  
 माँ अहलिया ने आकर अपने रहसित को बदला  
 अंतरकिष के उड़ान की पहली कल्पना  
 मैं बेटी हूँ तो क्या!!  
 मैं ही हूँ दौड़ की पी. टी उषा  
 छेड़ोगे तो खाओगे मेरी कौम का घूसा  
 अब तो है बस बेटियों का जमाना

मैं अंजली भागवत का नशाना  
मैं बेटी हूँ तो क्या!!  
मैं महेश्वरी का भारो तोलन  
याद रखो बेटी है, तो है कल  
न हूँ किसी के सीने पर भारी,  
न बनूंगी किसी की जम्मेदारी,  
रोशन सरिफ नहीं करेगा नाम रोशन  
रोशनी की भी तो होता है मन  
क्या दिखावा है यह वजिजापन सारा,  
क्या बेटी बचाओ, मात्र है एक नारा  
महिला हति, महिला आरक्षण जो पा नहीं सकती  
कन्या भ्रूण हत्या के जाल से जो खुद को बचा नहीं सकती!!  
शास्त्रो में भी कहा गया है  
कजिहाँ नारी का पूजन होता है  
देवता वहीं पर वरिजते है  
और जहां ऐसा नहीं होता वहां कोई भी क्रिया सफल नहीं हो पाती .....!!!
