Shri Amrishbhai Patel
Honorable President, SVKM

Greetings to all of you!

I have great pleasure in conveying my best wishes to all of you. Narsee Monjee College has a reputation for attracting the best students in their chosen faculty. Today, we are living in a world which has become smaller due to the advancement in transport, communication and information technology. As a result of this, trade and commerce has increased substantially and has come to dominate the relations between countries. This means that education in Commerce and Economics is becoming more relevant compared to the past.

However, Challenges and Opportunities are two sides of the same coin. Modern education, curriculum development and teaching methodologies have to keep pace with the ever growing demand of the economic environment. The manager, businessman and the entrepreneur of today need many more weapons to compete. Holistic education should include all round development of a student.

I am glad that all of you undertake various co-curricular activities which sharpen your personality, managerial and inter-personal skills. At SVKM we continue to encourage all forms of activities which contribute to the overall development of the student. I am also particularly glad that you students are also engaged in activities like NSS Camp in rural areas which sensitize you to realities of lives of different sections of the society in our country. All this has been possible only due to the dedication and commitment of the Teaching Faculty and the support staff of the college.

I wish you all the best for achieving greater success and scaling newer heights in your education and career ahead.

My good and warm wishes to all the new entrants to our Parivar.

Shri Shalin S. Divatia  
Mentor, NM College  
The passion of the faculty towards teaching and all round development of the students, the commitment and care of the non-teaching faculty for the college and the students and the overall environment of pursuit of excellence in all areas have often been termed as the “NM Culture”. This NM Culture has created a unique and everlasting bond among the College staff and the students. A bond which keeps on bringing the students back to College whenever any occasion demands. As alumni and as part of the management of SVKM it has been my privilege to have both – studied in this College and being associated with the College as the representative of SVKM Management. I am sure that we shall not rest with the glories that have been attained in the past but shall continuously seek to redefine ourselves in the light of changing environment around us.

My best wishes to you all!

Shri Shalin S. Divatia (Mentor, N.M. College)
Message from The Principal

It is an honour and a privilege to be the Principal of Narsee Monjee College, the College that stands for excellence and considered among the best and most sought after colleges not only in Mumbai city and Maharashtra, but also across the country.

In its long and rich journey, the College has grown not only in strength and size but also in levels of excellence. The motto of our college – ‘Excellence in Education’ is something we truly believe in. The college is relentlessly striving to raise the standards and create a benchmark in the field of education.

Taking into account our academic achievements, infrastructure, co-curricular, extra-curricular activities and other all-round development, NAAC an autonomous body of UGC reaccredited us with ‘A’ grade in January 2017 with 3.42 CGPA.

We take pride in equipping our students with quality education, skills, confidence and thus leading to their holistic development. Our students are encouraged to participate in various co-curricular and extra-curricular activities and are excelling in academics, sports and cultural activities with high values and ethics.

The College provides a healthy and amiable environment which helps in nurturing creativity, passion and development of leadership qualities among students. We take pride in developing versatile personality.

The management is highly supportive for the overall development of the students and faculty. The management takes keen interest and stands behind all our endeavours. Our Teachers are committed and dedicated to the development of the institution by imparting their knowledge and play the role of facilitator as well as role model to our students. The members of the non teaching staff work with total commitment towards achievement of our mission and goals.

I would like to acknowledge and express my heartfelt gratitude to the Management for giving me this opportunity and for their constant support and guidance.

My sincere and heartfelt thanks to Vice Principals, Coordinators, and all the Teaching and Non-Teaching Staff members who have worked tirelessly with passion and commitment and helped us to realize our goals. My gratitude to our alumni, all the students and their parents for the support extended to us.

“We are here to build characters, inspire dreams, encourage creativity, instil lifelong learning and change lives forever! We are here to make a difference.”

Our Proud National winners with the Prize money of Rs.75000/-

The IQAC of the college continuously conducts brainstorming sessions throughout the academic year by taking quality initiatives in orienting the staff with lectures and orienting them with healthy living practices:

Dentists Dr. Supriya Munganda, the Organising secretary of Triumph- TBT and Dr. Siddhi Savla, head of their creative team were instrumental in inviting the resource person, Dr. Seethalakshmi Ravishankar, a young nutritionist who spoke about the importance of the functions of the brain in human body, role of various hormones in the mental well-being, reasons for hormonal imbalance and its impact on mental health of a person. Dr. Ravishankar also gave tips on choosing the right food, importance of balanced diet and maintaining physical fitness for better moods and mental health.
The lecture was conducted in association with 'Triumph- Transform for a Better Tomorrow', an initiative of young dentists and psychologists held a one hour session on 'Food and Mood – Implications of Nutrition on Mental Health' on Friday, 12th October, 2018. This session was planned to mark the World Mental Health Day celebrated on 10th October every year. Participants in this workshop were mainly the teaching and non-teaching staff, however some students were also accommodated in the session. The session was very interactive and the resource person patiently responded to all the doubts and queries raised by the participants. The session ended with a vote of thanks to the resource person and Triumph-TBT.

**Seminar on 'Human Resource Management Fundamentals for Third Year Bachelor of Management Studies students’**

A seminar on "Human Resource Management Fundamentals for Third year Bachelor of Management Studies students" was organized by the BMS Department on 4th July, 2018. This Seminar was organized to provide the Marketing & Finance students an overview into Human Resources Management.

Mr. Conrad Coelho, BMS Co-ordinator, welcomed the gathering. In the first session, Ms. Parveen Nagpal, member of Human Resource Management syllabus forming Committee for the University of Mumbai, addressed the students. She introduced the students to the fundamental terms of HR ranging from HR Planning, recruitment, training and selection to layoffs and retrenchment. This gave the students a conceptual overview of the different processes comprising the HRM.
The second speaker, Mr. Sameer Karna, a corporate trainer for companies such as Siemens, Godrej, IDBI Bank, etc.; kept the students abreast with the latest corporate events in the HRM world, the do-s and don’ts in the offices with HR managers and the jargons that most corporates used in the HR processes. His sense of humor and role plays helped the students better understand the corporate HR world.

The third speaker, Ms. Anuja Deodhar, Senior Talent Acquisition Associate at Media.Net, explained to the students the differences between the traditional and modern HR recruitment strategies. She gave many examples of how traditional resume have now been replaced by innovative and creative techniques. She also discussed the current methods of selection among Google, Amazon and other international companies with interesting case studies.

Dr. Parag Ajagaonkar, Principal and Chairperson, BMS Department University of Mumbai, addressed the gathering at the Valedictory Session. He elaborated on the importance of HRM in the corporate world and also discussed the BMS program and upcoming events at the college.

The seminar was attended by over 100 TYBMS students and the BMS Faculty members. All the students were given Certificates of Participation. The Seminar concluded with the students proposing the Vote of Thanks and appreciating the BMS Department for organizing such an insightful seminar.

Library Report 2018-19

The college library is a favourite place of study for the students due to its studious atmosphere, excellent infrastructure, multidimensional books collection and various information services.

Library Modernization:
The UGC Network Resource Center (UGC-NRC) facility with five computers, Internet and network printer was used by 720 students during the year 2018-19. In addition to UGC-NRC computers, twenty more computers were provided for digital library facility within the reading room. Wi-Fi facility with individual ID and password was provided to all staff and students for free and seamless Internet access within the campus. Scanning facility was provided free of charge to all teachers and students for their academic and research activities. Division wise Google groups for all courses were used for regularly sending information about various e-books and e-journals databases, information about library activities, services and notices. The online databases were used 10281 times by students and staff members. The Information Repository was regularly updated on library webpage on the college website, which covers subject bibliographies, library newsletters archives, journal articles index and question papers of all classes.

The library has institutional membership NList consortia of INFLIBNET funded by UGC, which has 6,000+ e-journals and 31,35,000+ e-books. SVKM had provided thirty two databases on 1,70,00+ e-books, 34000+ e-journals, companies, law, statistical information of India, case study, research, marketing, etc. The links to these databases are provided on library webpage on the college website from where the staff and students can access them easily from anywhere free of charge, using the IDs and passwords provided to them.

Stock of Library:
In library’s books collection 1306 new books (costing Rs. 546432.67) were added. Library subscribed 114 periodicals including 83 journals (68 national and 17 international) and 31 magazines. The library has institutional membership of Indian Commerce Association Maharashtra Economic Development Council and Maharashtra Chamber of Commerce. Library also has collection of maps and DVDs. Daily nineteen newspapers are received in library.

Library Newsletter:
The library newsletter was published online every month on the college website and offline on the library notice board. The newsletter is also circulated via emails through Google groups. The newsletter encloses cover pages of new books arrived in library, detail of the services provided to students and details about different databases, replies to students’ suggestions, etc. The photos of various library events are attracting everyone.

Services to Ex-students:
1. During this year the certified copies of syllabus were issued to ten students going abroad for further studies.
2. This year 90 ex-students used the comfortable and centrally air-conditioned reading room of the library for their CA, CS final and entrance exams studies.

Library Committee:
The library committee had taken the following actions:
1. Decided the subject-wise budget distribution for the academic year.
2. Scrutinized students applications received for Book bank, the facility provided for financially weaker students of our college.

Report: Vachan Prerana Diwas Report
A.Y. 2018-19

"Coming into contact with a good book and possessing it, is indeed an everlasting enrichment" - Wealth left behind by our beloved ex-president, missile man, Dr. Abdul J Kalam whose birth anniversary celebration is synonymous with the celebration of reading - "Vachan Prerana Diwas".

As inspired by this legend, Narsee Monjee College celebrated "Vachan Prerana Diwas" - a day dedicated to the 'reading habit', on 15 October 2018. The celebrations commenced with the rendition of the college prayer, lighting of the lamp and felicitation of the chief guest, Dr. Sanobar Hussaini. With a brief introduction of Dr. Sanobar Hussaini and her exploits by Principal Dr. Parag Ajagaonkar, the session began with Dr. Sanobar reading a short story from her compilation of Urdu short stories. This was followed by a short discussion.

After her, in all enthusiasm, the Principal, Vice Principal, chief co-ordinator of self-finance courses and members of the teaching and non-teaching staff read excerpts from books, short stories and poetry. This sharing turned so viral that a student from the audience presented few lines of poetry penned by her friend. The session ended with the re-kindling of the love of reading amongst the audience.

Stepping into its 19th year, Umang, never fails to impress. With an assemblage of activities and events, this annual intercollegiate youth festival has something for everyone. Umang 2018 believed in imagining beyond the unimaginable and in always reaching for moo-re...

With its enthralling theme ‘the cosmic era’, the festival, staying true to its name, portrayed the enthusiasm of the youth. 145 colleges from across the country participated in the events conducted at Umang. This year, Umang saw international participation as well with students from Russia, UK, Egypt and Turkey joining in on the festivities. Umang received a footfall of 50,000 people over the span of 3 days (19, 20 & 21 August, 2018) with over 8000 participants in 60 events ranging from music and contemporary arts, dance and dramatics, gaming and sports to management fest, literary arts and fine arts. The winning contingents namely, Jaihind, Mithibai and NM, received cash prizes as well as other exciting things like smart watches, guitar, tabla, harmonium, trophies and much more.

Speaker sessions: At Umang, we believe that only struggle and motivation can bring success to you. On the 16th of August, Umang hosted a plethora of speaker sessions to motivate, enthuse and activate the youth. Reputed speakers from all fields and from all corners of the country flew down to our college to give a varied range of interactive speeches. We had Karan Shah, founder and CEO of Indian Institute of Digital Education, Teesta Setalvad, Indian civil rights activist and Padmashri award winner), Ameet Mehta, a leading advocate and recipient of the best legal advisor award for our panel discussion. The esteemed panellists debated and discussed about the topic
'whether education is necessary for a successful career'. It was an interactive session where everyone’s vision was broadened with practically relevant examples. Speakers like Sriram Athri and Yogesh Chabria who have had an experience of 30 years as top motivational speakers graced our Umang talk. We had Mr. Sanjay Puria, CFO of WNS Global Services Private Ltd. and Ms. Princy Goyal, recipient of youngest woman entrepreneur award come down and enlighten us with their respective corporate talks.

Social Cause:
The highlight of Umang 2018 was the social cause initiatives. Umang believes that “no one can help everyone, but everyone can help someone”. As a college festival and a not for profit organization, Umang believes in giving back to the society. Along with enthralling events and intriguing activities for people of all types, Umang decided to do activities for the society.

1. The major social initiative that Umang took this year was in association with the Lions Club of Juhu where in two schools we installed vending machines for sanitary napkins along with the incinerators for their proper disposal. This was done in order to support underprivileged girls by promoting hygiene thereby taking care of their health.
2. The workforce of Umang went to Light of Life Trust, an NGO at Bandra and interacted with the underprivileged children there and took them for a visit to the Prince of Wales museum and spent the entire day with them. Along with this we hosted voice dubbing workshops for those children so that they gain vocational skills.
3. On all three days of Umang, we displayed the pictures and facts about Kerala flood affected people and appealed to the audience to donate generously for their relief.
4. S3 cabs was taken as a conveyance partner on board which has only women drivers in support of women empowerment.

Environmental Cause: Umang certainly went green this year. We attached seed paper to all of our invitation kits, which were given to every college that was invited, so that wherever the paper drops, a new plant grows.

Soul connect with Umang 2018: A tribute was paid to the late former Prime Minister of India Shri Atal Bihari Vajpayeeji by holding a two minute silence and reciting a few lines from his poetry.

Day 1: 19th August 2018
After a heart-warming inauguration ceremony with the teachers, Principal and Vice principal of the College, Umang 2018 was set to reach new heights. With an interesting set of events like Bollywood dance, fashion show, mixed martial arts, JAM, Sufi singing, art’o’mania and travel fashion, Umang was already flooded with a huge crowd of participants and audience. Umang also hosted an extremely intriguing self-hypnosis workshop.

The evening was star studded with Abhishek Bachchan, Anurag Kashyap, Tapsie Pannu and Vicky Kaushal who came to promote their movie Manmarziyaan. Along with this we had a beautiful PROnite of Amit Trivedi and a line-up of other great singers like Shahid Mallya and Harshdeep Kaur who made everyone dance to their tunes.

Day 2: 20th August 2018
Sticking true to its word, Umang saw a wide range of breath-taking events with quality participation on the 2nd day.

Starting with the classic event of jugalbandi and then moving on to other events like kabaddi, pehel, chakravyuh, just string it and photomedia's TVC film making. We had a mind reader magician, Deepak Rao, come entertain the audience and put up a great show. The street play was judged by the star cast of the movie Genius, Ishita Chauhan and Utkarsh Sharma.

The cast of Helicopter Eela, Kajol and Riddhi sen interacted with the students and shared their
experiences while shooting for their upcoming movie.

To conclude the second day, Umang hosted an unforgettable Bollywood house party for the first time, getting a youth oriented DJ to fit in for the perfect night. Samir Tanna and Arsh Tanna, choreographers from the movie Ramleela and Melvin Louis were present to judge our events.

Day 3: 21st August 2018
The third and final day of the festival began early with the throwball event. Enthusiastic teams had donned their sports attire. This day witnessed many flagship events like the western band event, Bollywood unplugged and the street dance. For puzzle-solvers, Mumbai meri Jaan was the eye-catcher. Events like war of words, Umang filmmaker, Umang laugh club and many more, kept the audience captivated. Jo aur Vo, an upcoming YouTube band sensation stole hearts at Umang with their soulful and soothing music. Workshops like 'lie to me', Mexican food making and many more catered to the interest of the knowledge enthusiasts. Events like FIFA’18 and secret service were enjoyed by gaming lovers. Thus day 3 was a grand success. Celebrity judges like Arko, Rahul Vaidya, Sreeram Chandra, Umesh Shukla, Kiran Sippy, Raayo and Shantanu Maheshwari’s Desi hoppers were present to judge all of our events. To close the third night, War of DJs one of Umang’s Mega events was a great success and had an extremely energetic crowd.

Not Me, But You

Being a part of NMNSS is like a dream come true
Not just some other committee
It’s more like a family
Make a difference in someone’s life
See the transformation in yourself while you strive
Uplifting the deprived, lending helping hands
Working selflessly to serve the society is for what it stands
You can be a part of this thrill
All is requires is Thoda sa Dil, Thodi si Will
- Lavina Jain

Few of the Projects we conduct:
1. Edify
   “Education is the most powerful weapon which you can use to change the world.”

We at NMNSS strongly believe in the power of education and the change it brings about not just in the lives of the learner but in the society at large. We have taken an initiative to teach basic English and Maths to the students of Dixit Municipal School under the project named Edify. Educating students who can’t afford education in a better school, building their personalities, developing a new perspective and making them capable of doing something by themselves is what is Edify all about.
2. Kadam - A cleaner world awaits us
“We don’t inherit the earth from our ancestors; we borrow it from our children.”

Project Kadam works towards a cleaner and greener world. Under Project Kadam societies were approached to motivate them to adopt waste management systems. The walls of Cooper hospital were painted to spread awareness regarding hygiene and messages relating to female foeticide, save Earth, Freedom of Life and others were expressed through these paintings.

3. Pragati - A step towards Women Empowerment
There is no tool for development more effective than the empowerment of women.

Project Pragati believes that action speaks louder than words. It has taken up the cause of Women Empowerment and has been working towards it with all its heart. It has conducted various sessions with the women of Shitladevi Slum, Andheri West. Activities include ice breaker events, self-defense sessions and cloth bag making session. It has taken up the initiative to teach English to the girls residing at Bhanbhai Nenshi Hostel for Girls as well.

4. Nirmaan
"Mahatma Gandhi never compromised on cleanliness. He gave us freedom. We should give him a clean India." And with this motive, Project Nirman is working towards the construction of toilets. It aims at hygiene and sanitation. Ground work for construction of toilets in slum area was done under this project during the year.

5. Labh - Digital India
"I see technology as a means to empower and as a tool that bridges the distance between hope and opportunity" - PM Narendra Modi.

Project Labh is working towards Digital India and conducted sessions wherein the volunteers taught the residents of Shitladevi Slum how to use smartphones. It made efforts to spread awareness about the importance and uses of UTS app and also about the Consumer Protection Act and Child and Women Abuse Helpline Numbers.

Few of the Events we conduct:
1. Meethi Si Dor (Rakhi Selling)
We at NMNSS organized and set up a desk in college premises wherein we sold Rakhis and Chocolates made by specially abled kids at zero profit margin and Volunteers with their whole heart and soul dedication for the event were able to collect an amount of Rs.1,23,800 approx. on behalf of specially abled friends.
2. Blood Connect 2.0 - Ab har dil dhadkega (Blood Donation Drive)

A field visit to Mani Bhavan gave us the privilege of viewing the house if Gandhi his own room, letters written by him and also to witness important events in the history and Gandhi’s contribution to the independent India. The visit will be in that we all will always treasure.

10. Old Age Home Visits
Event Sahaara was conducted at an Old Age Home named Jivan Asha at Andheri West. Our Volunteers conducted various activities along with a discussion of the current issues with the people over there. While leaving some Gifts in Kind were given by our unit as a Token of Love from us.

11. National Voters Day celebrations
The NSS Unit arranged a Essay Writing Competition for the College Students, to create awareness about the necessity of voting and role of EVM. A total of 20 Students participated and won 3 Prizes from the Election office of India. Also a voter registration drive was conducted by our unit for college students at beginning of year.

12. Waste Management Seminar
With the need to tackle Global warming, NMNSS are very well aware of our responsibility towards our Mother Earth and are participating in the Green Revolution. With this motive, we had organised a seminar on Waste Management where Clean GO organisation chairman Mr. Shrikant Parab shared his views on the menace of waste management and how we as an individual can contribute to the society. The session was attended by approx.100 students of our college.

13. Shawl Distribution
The helping staff of our College plays a major contribution to NMNSS, so with a gesture of love towards our helping staff, we at NMNSS distributed a total of 40 shawls to them.
14. Aashayein – Giving a platform to special hidden talents

"We rise by lifting others". Aashayein was an event wherein we provided a stage to the virtually challenged to showcase their talent. Competition which took place was dancing, singing and quiz among other fun activities. Through Aashayein we want to showcase that the people whom the society considers as less fortunate are instead more brighter stars than us, if given a chance to prove themselves.

15. Tetrapack Collection

Under the project Kadam, our volunteers had organised TetraPak collection drives at nearby areas. 1100 tetra packs were collected and deposited at Shahkari Bhandar for the purpose of recycling.

16. River rejuvenation Programme

Our unit had also organised a session on the topic River Rejuvenation by Mr. Himanshu from Art of Living foundation. We also decided to collaborate with the foundation for their efforts to revive the Mithi River of Mumbai and to begin with visited the dam site at Sanjay Gandhi National Park and spread the enzymes in the water body.

17. NSS Residential Camp – Other worldly experience

“When you give what you have, You get what you want”

The NSS Unit of our college has adopted Usgaon Village for its Residential camp. Activities like donation of toys, clothes, food grains, foot wears, stationary, books, medicines, games, blankets, shawls were taken place. Various sessions were conducted for the students regarding topics like Menstrual Hygiene, Healthy Diet, Communication Skills, Cleanliness and also fun activities like Quiz. Also we painted trees, Village Well and School Walls. Awareness drives regarding Digitalization, consumer protection act, IRCTC (helpline numbers were provided). A Medical camp had free medical checkup, medicines and spectacles were provided free of charge. More than 700 patients visited the medical camp for checkup and were beneficiaries of the service.
The Rotaract Club of N.M. College is an organization of over 300 students who come together and hold several different events. The Club has thirteen different avenues like Human Resource Development, Marketing, Professional Development, Community Service and Digital Communications, that help in the overall development of the students. The Club held several events throughout the year ranging from community service to entrepreneurship development. These events reflected our theme for the year, which was ‘Empowering Lives’.

When we started our year, one of the most beautiful states in India, Kerala, was struck by disaster. We took it upon ourselves and conducted a donation drive where we requested students from the entire college to donate some food, clothing and other required articles to Kerala. We collected over five hundred articles of clothing, some food items and for people who were unable to donate in the form of clothing, toiletries and food, we encouraged them to donate through PayTM. We donated all these articles to Kerala with the help of the Goonj Foundation.

Bazaar was an event that we conducted in the month of September where we gave an opportunity to rising entrepreneurs to set up a stall in our college to promote their brands and sell their products. The stall owners, who were between the age 16 to 21, were very enthusiastic to helm their Kiosks. A variety of stalls such as LAN based gaming, 1-minute carnival games, desserts, live food counters, fandom merchandise, imitation jewellery and handicrafts were setup by student entrepreneurs.

In our event the Management Fiesta, we succeeded in bringing out the managerial abilities of 300 students from the age group 12 years to 21 years. We focused on several core managerial activities including planning, innovation, budgeting, team building, and communication and focused on diverse management profiles like hotel management to top executives.
On 29th September 2017, on the Elphinstone Road Station, we lost over 25 lives and several suffer from disabilities to this date, the Rotaract Club of N.M. College took the responsibility to beautify and paint several beautiful paintings on the bridge where the fateful event took place.

On the occasion of 'National Nutrition Week' which was celebrated throughout the country from 1st September, 2018 to 7th September, 2018, The Rotaract Club of N.M College organized an event named 'Handful of Grains', wherein food grains were collected from school children to donate to a village in Maharashtra.

An event known as Swaraksha was conducted to help young girls to learn basic self-defense so that they can protect themselves whenever the need arises. The instructor for Swaraksha was Sensei Rahul Kareliya who helped the girls learn many things and ways to protect themselves. He summarized it by saying that the best way is to be active on your feet and quick in your thinking.

The 26th of November, 2008 began as any other day and yet it took only 4 gunmen to turn it into a day that all the Mumbaikars dread. RCNM conducted a candle march from Metro Cinemas to CSMT station and performed a flash mob to perform a fictional take on the event that brought all the Mumbaikars together as one.

The club also organized “Scripted’18” which include several events such as a novel writing workshop with Ms. Himali Kothari, a crime solving event where the participants embodied Detective Sherlock Holmes from the works of Sir Arthur Conan Doyle and a writers’ summit with Ms. Sonalli Gupta, Mr. Hetansh Desai and Mr. Faizan Anjum as speakers were conducted to learn and appreciate literature.
Workshop Mela represented a spectrum of cultural and professional workshops to increase the diversity of students’ talents. Our workshops were as engaging as Dance and Zumba and as innovative as 3D Printing. For our 10 workshops, we hosted many reputed guests and speakers include Mr. Karan Shah, the CEO and Founder of IIDE, Mrs. Mamta Dua, and TR Dance Company among others. We are proud to have impacted 350 students through this project, including young interactors at Jamnabhai Narsee School.

RCNM conducted an event where several members were taken on a tour to the backstage of Indian Idol at Yash Raj Studios. The students had many questions pertaining to the set-up, sound checks and the different job profiles that the set offered which were satisfactorily answered.

Project NEEV is an on-going project by the club initiated with the objective to promote social entrepreneurship. The aim of the project is to help the underprivileged section of the society generate a stable income and thereby trying to achieve the ultimate goal of improving their standard of living. The initial stage of the project involves procuring a cotton wick machine and developing a manufacturing business plan model. The machine will be handed over to a few selected families free of cost along with raw material for them to start the business.

NOVA’18 was a three-day techno digital fest focusing on technology, cybersecurity, web designing and developing, ethical hacking, and digitalization. With a participation of over 250+ active and curious students from different colleges, NOVA’18 was successful in bringing out the techno-digital interests of each participant, it was truly a fest with combination of fun-filled learning, showcasing, planning, and understanding the technological and digital evolution.

The highlight of the year though was Rotofest’18, a two-day cultural fest conducted by the entire organization. Rotofest is the most awaited event of the entire year, where different fun filled events are organized for the members, the college students and several underprivileged children from NGOs like Vivekananda Youth Foundation, Spark-A-Change and several others NGOs. Rotofest’18 impacted the lives of more than 250 underprivileged children by involving them in workshop and events where they were the chief guests.
The A's of Articleship:
Date: 11th August 2018
The Commerce Association of NM College, under the guidance of its convener Dr. Vijayshree Anand, conducted a session called 'The A's of Articleship' on the 11th of August, 2018 in room number 5. The objective of the activity was to familiarize the students on the first step in the life of a professional CA aspirant- Articleship, to bust myths related to the study patterns and exams, and give them an overview of the plethora of career opportunities associated with it. The session began with our principal Dr. Parag Ajagaonkar welcoming our alumni - CA Urvish Mehta, CA Pooja Shirali, CA Vijaykumar Puri and CA Vaibhav Dikshit and addressing the students. The stage was then passed over to the 4 speakers to share their valuable insights on choosing Chartered Accountancy as a profession and career, the various departments to work in as a budding CA, the pros and cons of each department and how one should make the right choices in this field. They also shed light on the working of the 'Big Fours' and why one should/should not opt for the same. They then answered questions addressed by the students and cleared their doubts and misconceptions. They were later felicitated by planners, marking the end of the educational event.

Teachers' Day Celebrations
Date: 5th September 2018
Most events are organized for the benefit of the students, however none for the teachers. Thus, with an aim of allowing the teachers to divorce their authority and stature, take a back seat and feel appreciated, the Council arranged for a Teachers' Day programme on the 5th of September, 2018 in collaboration with all the other associations of the college. The event began in room number 13 with our Principal Dr. Parag Ajagaonkar addressing the teachers and thanking them for their valuable service in shaping human lives, and the steps to adhere to while the college moves towards autonomy.
This was followed by a fun Housie game and chocolates being awarded to the winners. The Cultural Team then performed a series of songs from all genres, mesmerizing the audience. The event closed with the Hobby Centre and Friends of Library handing over gifts and bookmarks to the teachers. The event was all smiles.

5. **Careers in Actuarial science and data and Data Science Seminar - 12th January 2019.**

The seminar was undertaken by Mr. Saket Sarogi, Representative and faculty of the Institute and Faculty of Actuaries- IFoA, UK to help the students wanting to pursue a career in actuarial sciences. Around 60 students participated in the seminar. The speaker, Mr. Saket Saraogi began the session by challenging the students to an interesting math problem that would require using the method of elimination. He went on to talk about how actuarial science requires mathematical and statistical skills to be able to design creative ways for mitigating risks. He spoke about the various opportunities available for an actuary and how one can apply and study for the course. He also busted some common myths that pertained to the job of an actuarial science and spoke about how success will be achieved after a considerable hard work, hustle and multi-tasking as a student, given the rigorousness of the course and the time it would demand. He then went on to talk about courses for data science and the potential that the career will have especially in the future. He iterated that “data is the new oil” and that students must learn those essential skills in order to adapt to technological changes. Students of NM College left with a better understanding of the actuaries and data science industry and the scope for making a career in them. Other than technical issues in the beginning, the event was carried out smoothly and the Speaker took personal questions from the students for an extra hour so as to solve each of their varying doubts.

Events conducted by The Economics Association in for the academic year 2018-19 are as follows:

Money Makers on 27th August, 2018
Based on testing their logical thinking skills and knowledge about world economy, the association conducted its first event Money Makers that included not only rounds challenging their general knowledge on brands but students were also given a firsthand experience at investing in mutual funds.

Apart from this an Entrepreneurial Round was conducted where students had to come up with solutions and suggestions for a sick unit.

Stockathon on 11th October, 2018
The EA conducted its second, major flagship event, "Stockathon: Mock the Stock." This event focused on introducing the students to the complex system of stock market where their ability to analyze and predict the market was tested.

Students in were teamed up in teams of two and made to buy shares of various companies and were then given the liberty to sell, short, cover or even buy more shares according to market fluctuations. In such a manner, they had to pass twenty rounds before one team, who truly was the definition of “street smart” was declared the winner.

Beat The Clock on 3rd December, 2018
Beat The Clock was the most awaited and fun-filled event conducted by The Economics Association. Students who wanted to show their spontaneous and quick thinking skills were invited to this event. Rounds that involved general knowledge questions, games like Heads-up, Flip-The-Bottle, as well as a Treasure Hunt that left all the teams racing to the very end.

Truly, the entire year has been a roller-coaster ride of fun, humor, hard work, integrity and more than anything, joy. The committee is thrilled to have the support of all the teachers in charge who guided them every step of the way. We are nothing but grateful and proud to be a part of this family!
REPORT:
"Economics is not just about making money but about making choices and weighing different alternatives." Keeping this in mind, The Economics Association Of Narsee Monjee College of Commerce And Economics, aims at not only introducing students to the world but also giving them exposure to real world scenarios. The association will forever be glad to have a superb, hardworking core committee which proved to be the backbone of the team, as well as members with amazing talent in each field of work.

1. Urban Farming

The "Guest Lecture Series" organized their first event on 26th November, 2018 on 'Urban farming'. The event was spearheaded by Biswajit Dasgupta (multimedia head at Mindspace Malad) and Rajesh Sundarajan, who is specialized as Horticulturist and plant breeder. The honorable guests were welcomed by the respective teachers. The event spoke about the various methods of farming and its evolution in the same. The highlights of the event was 'Urban farming' to office farming'. It showed the students how urban farming is important due to urbanization. Other highlights such as Panchkavya, Hydroponic system and self watering system proved very useful to the students. Vertical farming which helps a family of four to eat sufficiently for about a whole week. The event also threw light upon how one could develop their own nursery which earlier seemed impossible. Presence of plant samples in order to make the concepts clear made the session more interactive. The event was attended by 108 students. All and all it was a great success.

2. A Motivational Speaker Session

On 13th October 2018, the committee members as well as the teachers in charge had organized a motivational speaker session for the students of junior college on the topic 'Shaping our Reality'. Mr. Chinmaya Joshi, a professional motivational speaker, an experienced pilot and an engineer had graced the event along with his wife. The event took place in a classroom of NM College with a lot of student spectators. Mr. Joshi was greeted by the committee members and the teacher in charge before the event. Mr. Joshi was full of energy and didn't take much time to connect to the students. He told the students the story of his life and how difficult it was to settle at one job. It was that moment where with the support of his loved ones, he decided to do what he truly liked. He shared his childhood instances where he mentioned that it very soon hit to him that how many 10s make a 100. Later, he indulged the students in some activities which would actually make them realize their strengths and weaknesses. Some students readily agreed to volunteer and share their answers and experiences as well. The students had a clear perspective of life after this event. It showed them the true meaning of life. The students look forward to attend more guest lectures and learn something new.

The Wildlife and Nature Club (WNC) is really known for its Annual Trek which they organize every year. This year the trek was taken to Kalavantin Durg, a 850 feet high flat land near Panvel in Navi Mumbai on 11th August 2018. The trek was organised specially to explore nature and visit places which a very few people are aware of.

The day began at 6.00 am, when all the 98 participants assembled in the college premises, packed and ready to go. A roll call of all the people coming for the trek was taken and instructions were given to the participants by the organizing team and the teachers who were coming for the trek.

The participants enjoyed playing team games on the bus, which broke the ice for them. They reached the destination at 9:30 AM and started trekking by 10AM. While ascending they experienced heavy rains which made it more challenging and enjoyable. It took 2 hours to reach the top and enjoy a beautiful view of the surrounding peaks, the winds pushing the fog over the hills and the sky painted with dark heavy moving low level clouds made it a truly heavenly affair. The participants made lots of memories by playing various games and clicking pictures.

After spending a few hours on the top, they started descending. The participants showed a lot of enthusiasm which made it an exciting trip. They reached college back by 07.00 pm.

To sum it up it was an amazing day for all those who came for the trek. The association got great feedbacks and reviews from the participants for their efforts and hardwork put in to organize the trek.

The celebration then continued with a game of Housie among the teachers. The winners were given delicious treats as a prize. There was a Musical jam where students, the Principal and teachers came and sung lots of songs. All the students were excited as they saw a different side of their teachers that day.

Towards the end of the event, the students gave a small token of appreciation to our faculty for their love and devotion towards us. Everyone took back lots of happy memories. It was a very lively and a buzz filled day!!

**Teachers Day Celebrations**

Wildlife and nature club of NM college celebrated Teacher’s day in college with a lot of fun filled activities on the 5th of September 2018. The teachers were greeted with roses when they arrived to college in the morning by the members.

On the same day, the club completed its 18th successful year. The day had an emotional and recreational touch. A small cake cutting ceremony was done in the staff room on the occasion by the Principal. A nature themed cake was cut which was a symbol of the club. A few performances were also done by the talented students.

**Leave Nothing in the Beach, but Footprints!**

We believe the society we live in does a lot for us, and it is our duty to give something in return to the community. What we give may be in any form such as to give in some of our time for some community work.

With this thought, on Monday 24th of September, 2018 at The Pagli, Juhu Beach, The Wildlife and Nature club of Narsee Monjee College organized a beach cleaning drive wherein the members of the committee gathered at 7:00 am to collect the broken Ganpati idols and waste created during immersion process with great enthusiasm and community spirit. Prior to the actual work, basic working material for the team were provided, such as hand gloves and garbage bags. The members took pleasure in what they were set out to do and what they were doing. Within about two hours, around 50 idols were collected and bags were filled with garbage and some even took extra bags. At the end, the amount of garbage retrieved from this little portion of the beach was surprising. With this, the members of the Wildlife and Nature club went home with a thousand and one memories and to their belief, all participants learnt a lot from this project. Furthermore, this project taught that the people around are responsible for the mess and should keep the surrounding pollution free and to appreciate God’s gift by taking care of the most wonderful treasure “the beach.”

Carnival Day, 2018

The carnival day is celebrated every year by all the committees of the college. It is a one-day festival to bring all the students together and enjoy. This year the carnival took place on 11th December 2018. The Wildlife and Nature club took active part and organized exciting games for the students.

The theme for this year was Foodie day. As per the theme, Oreo biscuits were chosen by the team. A few exciting games and activities were arranged by the team for the students to enjoy. The winners received packets of Oreo biscuits as well.

Lots of students as well as faculty members participated in the games and thoroughly enjoyed themselves. This day gives the students an opportunity to relax and create memories with their friends.

The Wildlife and Nature Club, this year as usual had some memorable events including the most awaited event for all the students of NM College, the Trek.

1. DO SOMETHING, LEARN SOMETHING
The event “Do Something Learn Something” took place on the 6th August, 2018. It was based on the plastic waste awareness and plastic recycling.

To understand this, Mr. T.K. Bhandopandhya who was from ICPE (Indian Centre for Plastic in the Environment) came to our college to share his knowledge and help us understand the basics. He conducted a semi-workshop for us which were indeed helpful. He is a very renowned personality in this field and has contributed a lot to The Indian Centre for Plastic in the Environment.

The event was also in collaboration with Stree Mukti Sanghatana who came to collect the plastic waste from our college (which was generated from all the students) This NGO has been a part of waste collection and generation of Mumbai from a long time.

The entire event was a huge success; the students understood and managed to get their facts about plastic awareness clear. There were around 136 students participating to gain knowledge to make a plastic free tomorrow.

2. TREK TO PRABALGAD
The most awaited event of the NM College, the Trek was absolutely amazing and a huge hit.

The trek was on the Prabalghad hill in Prabalmachi. On a rather chilly morning on the 14th of August 2018 all eager and energetic Nmites were ready for their trek to Prabalgad organized by the wildlife and nature club.

The journey began at 7am with 2 buses and a dozen of eager smiles. The atmosphere during the trek was serene and splendid. It rained quite a few times during the climb, which only made it enjoyable.

Everyone could trek up to the top and the breathtaking view at the top made all the aching limbs, scrapes and scratches worth it!!

After the trek everyone rushed down to the base to have hot lip smacking lunch, which was enjoyed by one and all. Finally we arrived back in Mumbai at 9pm and reached home with big smiles and new memories.
3. **WHACK YOUR BRAINS**

Whack your Brains was a fun event with quick games like heads-up, taboo, and charades. These games are small and quick games which are to be played in 1 minute!

The event Whack your Brains had 8-9 teams participating and large audience all awaiting the exciting event.

The event included heads-up, taboo and dumb charades with a twist of nature. All the words had been replaced with elements and creatures of nature making the game not only exciting but also educational.

3 teams qualified from which we had a winner, a great event full of fun and memories.

4. **BEACH CLEAN UP DRIVE**

Wildlife and Nature Clun Jr. was also a part of the beach cleanup drive which in collaboration with the PRAYAAS FOUNDATION.

**Venue:** Juhu beach, Mumbai  
**Date:** 24th September 2018  
It was 6:30 am onwards and was a great success!

5. **WILDLIFE PHOTOGRAPHY**

Wildlife Photography as its name states was an online Photography contest held by the club. The contest not only found the winners but also witnessed all the amazing photographs shot by the students of NM College, showing the talent within us is abundant.

The contest was for the best wildlife photos throughout the year and the club had a tough time selecting the winner.

Report:

THE FLUID ART WORKSHOP, 13th AUGUST, 2018, ROOM NO. 17:
A lovely and lively response from our students who got to experience and explore their colourful and creative side. Each HC member actively participated in teaching and guiding the fluid art technique to all the excited participants who got to take their masterpieces and a whole bunch of memories home.

TEACHERS DAY CELEBRATION, 5th SEPTEMBER, 2018, ROOM NO. 13:
To celebrate this day and to honour them, our association along with other associations of Narsee Monjee College of Commerce and Economics, came together to put a beautiful event followed by music performance, dance and other such games and activities. The creative team members of HC came together and gifted each teacher a beautiful basket of pictures and quotes to our lovely teachers and our dear principal.

CARNIVAL DAY CELEBRATION, 11th DECEMBER, 2018, NM OLD CANTEEN:
Hobby Centre celebrated the 'Carnival Day' by setting up a stall along with the Wildlife and Nature club. The students had to make a stable tower using Oreos without letting the tower come crashing down. The logic was simple, 'Beat Gravity to it and win'. The winners were given Oreo packets as gifts, to share joy and happiness. The event was a success, with the vibrant music perfectly complimenting the spirit and enthusiasm of the students.

THE ART PAGEANT, 18th JANUARY, 2019, ROOM NO. 18:
The event was conducted to appreciate and
encourage the expressive artists of our college and provide them a platform to express themselves through their art form. The Contest had 2 rounds – i) Talent Round ii) The Question - Answer Round

Each artist was given an opportunity to express their thoughts and ideas through the art form they are comfortable with be it writing, painting, doodling, sketching or quilling. The finalists were promoted to the second round where they were asked to present their art work and questions were asked based on their art and their personality. The winners were awarded excellence certificate.

THE ART OF CALLIGRAPHY WORKSHOP, 5th MARCH, 2019, ROOM NO. 10:
The calligraphy workshop conducted by the very talented Debabrata Das from Pearl Academy was the last and the most memorable event for all the members as well as the participants. The participants were supplied with all the required equipments along with the expertise of the calligraphy skill. Each participant was given wonderful goodies by our sponsors from Pearl Academy which they took home along with a bunch of memories and the skill in calligraphy art.
WEALTH FROM WASTE
8TH AUGUST 2018
The first event of hobby centre which was an art based event. This event had two rounds featuring drawing without paintbrushes. The event was a beautiful mixture of creativity as well as fun. None of the participants were ready to give up the title of art champion. After the tough selection among the participants we finally received the winner of this event

CREATE FROM RAW
28TH SEPTEMBER 2018
The Second event of Hobby Centre. It was a workshop based event which was conducted by Mrs Cassandra Nazareth. The students were taught to make productive things from raw materials. This event was a workshop as well as a competition for the participants. Everyone left with great memories and fun

FOOD-O-MANIA
4TH OCTOBER 2018
the third and one of the most successful event of Hobby Centre. It was a challenging bootcamp event with a twist of food and many more surprises. People participated in large numbers. The event was on of our flagship event and everyone enjoyed a lot. There was a great feeling of enthusiasm among the participants and teachers also enjoyed being a part of this event
The Cultural Committee encouraged students of N M College to participate in various Inter-Collegiate Festivals of Performing Arts, Literary Arts, Business Management and Finance during the A.Y. 2018-19. The students brought lot of laurels to the college during the year. The Committee also organized events like 'Gujrat Ni Asmita -Garba Night', 'Mr and Miss N M', and cultural Programs for the College Annual Day. Following are the details of various festivals participated and events organized during the year :

1. Malhar

Malhar’2018 is the intercollegiate festival of St. Xaviers College. The festival had various events in the fields of Performing Arts, Fine Arts, Literary Arts and Management events conducted on for 4 days that is 5th, 16th, 25th and 26th of August 2018. The total no. of participants on the day 1 were 49. The total no. of participants on the day 2 were 33. The total no. of participants on the day 3 were 23. Our contingent had participated in 33 out of 47 events and were competing with colleges like UPG, KC, and Mithibai which had come full contingent. We proudly say that our contingent had received a podium finish in 8 events. In spite of not going full contingent, having all the delays of the First Year admission procedure, crossing all the deadlines of Malhar, and not participating in a single Performing Arts event, we proudly say that we have received for the college-pride by giving a very tough competition to colleges like UPG and KC and have secured the position of the 3rd Runners Up. Also, our college has received the trophy of the Best College in the Literary Arts Department.

2. Umang

An Inter-collegiate Festival organized by our own college, the Team participated as more or less a full contingent by taking part in 50 events out of 54. The enthusiasm and the hard work of the students was something that was really appreciated. The prelims were held on 13th and 14th of August and we qualified for six out of the seven prelims events. The students performed exceptionally well under pressure and made the college proud by winning the 3rd over all podium and the Fine arts trophy.

3. Youth Festival

This mega event is organised by the University of Mumbai for degree collegiates. Around hundreds of colleges participate but only a handful of them manage to reach the finals. We are proud to say that even in this year, students of our college have brought laurels to the college. This year, around seventy students from our college had participated in 36 events out of the 48 events organised by the University. No doubt, there was a tough competition out there, but our students managed to qualify for
around 15 events. In literary arts and fine arts section, our college managed to win three gold and one bronze respectively. The drama team won the consolation prize, and in the music section we won two bronze. In the performing arts section, we won one gold. Some of the students, namely, Vaishnavi Shetty and Poojan Sarvaiya, went for the Nationals and represented University of Mumbai in Indian classical dance solo (Bharatnatyam) and Quiz respectively.

Vaishnavi Shetty, who won the "Rajarao trophy” also won the gold medal at the National level this year in Classical Dance.

4. Reclamo
It is a Management Fest organized by Mithibai College, organized on 11th and 12th September 2018 in which our college won 2nd Podium overall. Around 35 students participated this year winning 2nd Podium in two events, 1st Podium in one of the events.

5. Gujrat ni Asmita – Garba Night
The event was organized by the Cultural Committee on 25th October 2018 at Santokba Hall, Santokba Foyer and Foyer of N M College (old Building) wherein we got tremendous response of our students so much so that we had to stop issuing passes in just three days considering the availability of space. The Best part of the event was that the Music Band ‘Goonj’ which made the participants dance to their tune, consisted of all NM students including Singers except one Professional Casio Player. It was a superb hit event where the Branding Committee and RCNM also helped.

6. Kshitiz
An intercollegiate festival organized by Mithibai College which had 57 events out of which we participated in 53 events. Their events ranged from Performing Arts to Fine Arts and Creatives, from Gaming and Sports to Photography and Film Fest. They also had Managements events.

The events in the festival were carried on for 4 days- 8th, 9th, 10th, and 11th of December, 2018. We are proud to inform that we won the FIRST POSITION in the festival competing against more than 60 colleges across Mumbai and from out of Mumbai. Colleges like KC, Xavier's and NMIMS were too part of this festival. Not only did we win the first position but also received the MANAGEMENT EVENT’S TROPHY as well as the PHEONIX CUP.

Out of the 53 events in which we participated, we got a podium finish in 16 events which was more than any other college that participated.

7. Vayu
It is the Inter-collegiate festival organized by NMIMS in December 2018. Out of the total events, we participated in around 45 events and won podium finish in 8 events and 2nd Podium in 5 events and 3rd Podium in four events.

8. Fresh Face of India
It is a pageant that gives a great platform to students all over India to showcase their Talent, Confidence, Poise and Intellect. The first round of selection was conducted in our college in Room Number 10 where more than 20 students participated out of which six were selected for Semi-Finals and four were selected for finals.

We are proud to inform that 3 students from NM college had made it to the Bombay Finals after having competed against thousands of students selected from Mumbai’s Best Colleges that had participated in Livon Bombay Times Fresh Face 2018! Not only did our students work their way to become finalists but also did they win respective titles:-

1) Namrata Bachaldani:- won the Title of *MS TALENT* in FreshFace 2018

DEMOCRACY DIES IN DARKNESS, 28th September 2018
The Debate and Literary Society organised a debate competition among the student community. The event was organized with an aim to encourage the student body to voice their opinions on the existing social conditions in today's India. Six participants voiced their opinion on issues such as “Reservations- Needed or Not”, “Capital Punishment” and “Role of Citizen Journalism”. The participants expressed their views on the topics, answered questions from their opponents and also faced questions from our judges, Dr. Jennifer D’souza and Dr. Vijayshree Anand. Later, we also had an interactive session between the judges and the audience on the topics. The event was graced by the Principal Dr.Parag Ajgaonkar who gave a motivating speech to our participants and audience present and gave out prizes to the winners.

The Debate and Literary Society of NM College, on 8th February, 2019 organised its second event: "COENSEO". Where we invited students to think, evaluate and opine on a topic which created a nationwide hype: "Manmohan Singh: The Accidental Prime Minister?" Our discussion was majorly based on the book 'The Accidental Prime Minister' by Sanjaya Baru, and other related facts. Our event was judged by Dr. Jeniffer D'souza and Ms. Kesia Varghese. The participants also answered questions posed by our judges and later by other professors also present for the event.

1. Power To Voice, August 29, 2018
The Debate and Literary Society of N.M. College (Junior) held its first event, 'Power To Voice' on 29th August at 3:15 P.M. in Room No. 5. A riveting debate competition, the event was graced by esteemed judges Ms. Supriya Wadia and Ms. Meenal Deshmukh; teachers in-charge Ms. Levinda Alphonso, Ms. Sonal Trivedi and Ms. Sumana Kanjilal; and a zealous audience of around a hundred students. The competition comprised of two rounds: rehearsed and impromptu. The topics for the first round were disclosed beforehand. Paired up, the contestants played as teams but were judged individually based on relevant criteria. In the end, six finalists were deemed eligible for the second round wherein one contestant was pitted against another. In addition to the extemporary nature of the debate, the topics were selected by the finalists from a ready-made list of debate topics. The presentation of lucid and cogent arguments and the adroit responses to the challenging rebuttals from the opposing teams, the eager audience as well as the committee added zing to the competition. Culminating on a satisfying note, Nidhi from FYJC was declared the first runner-up and Vijaylaxmi from SYJC the ultimate winner.

2. LitCon, October 10, 2018
The second event- a carnival- 'LitCon', was organized on October 10, 2018 in the Old Canteen Area. The event was organized on a large scale to foster the habit of reading among students, promulgate awareness about the significance of language and literature and its appreciation and most crucially entertain the masses. Engaging stalls including both books and literary based games were set up. Books were sold at nominal charges so as to enable students to glean the joy of reading at affordable rates. Further, to make the carnival even feistier, the following mini-games were organized: Stick-Stack-Stir a derivative of Tic-Tac-Toe and Watch Your Step, both of which incorporated the benefits of both vocabulary and physical agility; Bull’s Eye a simple yet challenging game that tested the ability of the participants to make the best of their lexis in a limited timespan; and fan-favourite Dumb-Charades. The winners of each game were paid a sum in the customized token currency, 'litcoins'. The hour-long carnival, a paragon of creativity and hard work, attracted a humongous crowd from both F.Y. and S.Y.J.C. The nominal rates of books, the arrangement of massively intriguing games and the vibrant milieu proved to be instrumental in the success of the event.

અમારી યોગ્યતા હોવાનો ગાવ મહેસૂસ કરાવવો. અમતરે, લોકોને માટે તે રીતે સાહિત્યકાય આપવાનો છે.

વર્ષ દરમિયાન અમે 2 કાયમોનુ આયોજન કર્યું હતુ.

1) તરંગ 2.0 (17 ઓક્ટોબર 2018)
આ કાયમમાં દીશા મિણયાર કેટેસ પરખ- નાટક પડાવ થઈ હતી. સેમકોપણે 3 મહાન અંડલ પસાર થવાનું હતુ - કલચરલ , નવનાત્મક અને નાટક. પરંતુ સાહિત્ય મંડળીના આ અનોખા સફર માટે ખૂબ આભારી છીએ.
સાંભળવા માટે પોતાનું 'ઓડ કેટીન' આયોજન આવેલ. જેની માંગ અસીમ રીતે આપણી ઓળખ છે. જે પોતાનું પ્રાથમિક પ્રભાવ હતુ અને પ્રભૂતિત કરવામાં આવેલ. જે પોતાનું પ્રથમ મૂલ્યાંકન પોતાનું સફળ કાયમ થયો. જે પોતાનું સમીક્ષા અને સાહિત્યકારી સાધનો થયો. જે પોતાનું સિદ્ધાંત ખુબ સાંભળવામાં આવેલ. જે પોતાનું સફળ કાયમ થયો. જે પોતાનું સમીક્ષા અને સાહિત્યકારી સાધનો થયો.

1. **The Bastille Day celebrations (14th July, 2018)**
   The French Association celebrated the Bastille Day, which signals the French Revolution. The event saw a footfall of 120 students with 2 special French guests, namely Adrian and Alina Peff and Ms. Rita Kalbag. The celebration started by reciting the national anthem of both the countries, which was then followed by a video on the beauty of France. The audience engaged in a fruitful interaction and also had a chance to converse in French. Our principal and teacher in charge were delighted to see this and the French students expressed that this is a memory they will cherish forever.

2. **Visit to an orphanage (7th September, 2018)**
   The French Association organised a visit to the Shishu Bhavan, located in Vile Parle [West]. This event was conducted for students from SYJC since the FYJC members had their first unit tests. The orphanage was a home to some really young physically and mentally challenged kids. On conducting various activities for the kids, the students had a heart touching experience and they felt grateful for all that they had. The smiles on the faces of the lively kids were priceless.

3. **Treasure Hunt- Trouvez le trésor (24th September, 2018)**
   This fun filled event was conducted in the Old Canteen Area from 3:15 to 5:45. The start and the finish point was the Old Canteen Area. Event was attended by twenty teams from FYJC and 20 from SYJC. One team from both FYJC and SYJC was clubbed. Out of the 20 teams 15 were eliminated with the help of a French questionnaire and the...
rest 5 teams of 4 moved in different directions accompanied by taggers, unfolding every clue given to them in French. Each team was also provided with an opportunity for 2 translations and 2 hints, during the course of the hunt. In the meanwhile, the participants of the rest 15 teams were entertained by the members of the Association in the form of games and lively discussions and were provided with tasty delicacies to enjoy.

4. **The life of two cities - La vie de deux villes (9th October, 2018)**
   This exciting event of the French Association depicted the life in two of the most popular metropolitan cities - Paris and Mumbai. This was done with the help of an interesting presentation which was followed by a game of housie with a French twist. It started at 3:15 and was held in room no. 23. The ambience in the classroom was filled with excitement as the event enjoyed active participation from the audience, with a quiz popping up after every 2 slides. The students also relished the French food served and everyone had a smile on the face.

5. **The French Carnival - La Fete Française (29th November, 2018)**
   The carnival was the flagship event of the French Association. It took place in the Old Canteen Area from 2:00 to 5:00 and was attended by students across FYJC and SYJC. It was a sensational event that included a wide array of stalls put up by students involving fun games to play and tasty food to relish. We also organised a series of lucky draw rounds for the audience. A student from FYJC graced the occasion by singing a mesmerizing song live that enraptured the audience and made it a memorable day for all. The event saw a footfall of 300 students, which further raised the aura of the event.

6. **The Farewell (22nd December, 2018)**
   This event was specially organised for the Students of SY by the students of FY. The event started with various games and was then followed by a classroom DJ afternoon. This was specially organised to the wish them all the best for their board exams and also to pass on their responsibilities in the association to their juniors. The FYs finally bid adieu to them after a joyful day and our teacher in charge also graced the occasion with her presence. The SYs enjoyed delicacies and the occasion was followed by a cake cutting ceremony.

Report
Orian, an association run by MCVC Accounting and Auditing students, had an extremely frolic event this year. The whole team ensured that the NMites participating in the event had a blissful time.

Brain Storm, 25th August 2018.
Intriguing questions, fascinating quizzes, brain teasing puzzles... Is that what one looks for in interactive events? Then Brainstorm was the right event that the NMites attended.

Brain Storm, the first event of Orian 2018-19, emphasized on the usage of brain during fun and interactive activities and exciting pop quizzes with the audience and participants. 8 teams in pairs participated and played the first round of answering perplexing riddles. Later, there were debate rounds having newsworthy topic which made everyone engross totally. The finale round had tic-tac-toe with a major twist of only playing their turn with every correct answer from each team. This made the audience enthusiastic and curious to play something different. In conclusion, the event ended with a massive success having all smiles in the class.

Department of Life Long Learning and Extension (DLLE)

Teacher in charge : Dr. Ritika Khurana (Convener), Mrs. Rekha Katheeth, Mr. Darshan Panchal
Students Manager : Tvisha Tandon, Mahima Ahrkar and Vedika Agrawal

The Department of Life Long Learning and Extension is a statutory department under the Mumbai University. The college has undertaken three projects – Career Project (Teacher-In-charge-Mrs. Rekha Katheeth), Survey of Women’s Status (Teacher-In-Charge- Dr. Ritika Khurana) and Industry Orientation Project (Teacher-In-Charge – Mr. Darshan Panchal). A total of 82 students have enrolled for the projects.

THE DEPARTMENT OF LIFE LONG LEARNING AND EXTENSION hosted the first term and second term training program conducted by the teachers-in-charge. Teachers gave an insight to the students about the activities to be conducted in the second term. They also gave them a brief description about the format of the report to be submitted by the students at the year end and details about the UDAAN festivals. The DLLE Department of Mumbai University had organized its Annual Extension Festival “UDAAN –The Flight of Extension 2019”, which was hosted by M.V.M College Of Commerce and Science on 2nd February, 2019. Various colleges participated in the various competitions which ranged from street play on socio-economic issues, poster making competition etc. N. M college won the THIRD prize in the poster making competition whose topic was ‘wastage of food’.

This year DLLE introduced a event named ‘Mumbai Ki Hodi’ to spread awareness about traffic rules which was conducted on 7th September 2018. ‘Walkathon’ was conducted on 23rd December 2018 at Shivaji Park to spread awareness for organic farming and organic food. A guest lecture on Impression Management was held by Mrs. Kashish Chabbaria on 1st September 2018 where she taught the meaning of various body posters. Also, body image interactive session was also conducted by Mrs. Deepa on 14th February 2019 in which she introduced us to a new concept of body shaming and gave case studies for better understanding of the society.

Each Project in DLLE conducted a visit in a particular area related to the core idea of their project.

SWS conducted a guest lecture on “Research data analysis”. The guest lecture was conducted by Mrs. Manjree. She spoke about the various statistical tools for research data analysis in statistics. She also gave the students an insight and a brief detail on “writing a project report”. A total of 3 guidance meetings were also conducted by the teacher in-charge Dr.Ritika Khurana.

IOP conducted an industrial visit to Bisleri International Pvt.Ltd. on 7th March 2019 where members were given brief explanation about how the water is filtered, about the history and policies of the company. They were also shown the process of making plastic bottles. Also, two guidance meetings were held by the teacher in-charge Mr.Darshan Panchal.

CP conducted a career fair at Juhu Gandhigram School and Manilal Sunderji Municipal U.P. Tamil School on 2nd March 2019 where the information collected by the members was disseminated to the students of the school to help them take their career decisions. Soft Skills training was held on 15th December 2018 to help members get acquainted with the process of conducting an interview. And nine guidance meetings were held by the teacher in-charge Mrs. Rekha Katheeth in the academic year.

NARSEE MONJEE COLLEGE MODEL UNITED NATIONS CONFERENCE, 2019.
The Narsee Monjee College Model United Nations Conference, 2018-19 is a place for the young minds of our country to see the world not as it is but as it could be. This platform gives an opportunity to the leaders of tomorrow to voice their opinion and make it matter. The NMC MUN will foster speaking, writing and debating skills along with critical thinking, team work and leadership. Delegates from premier colleges of the country will come together and make their opinion count in this movement of change curated by the Narsee Monjee College Model United Nations Club.

MUN SABHA
The MUN Club of Narsee Monjee College of Commerce and Economics came up with its new event- The MUN SABHA gers of change to voice their opinions. MUN Sabha is a monthly meet up to encourage the students, who are the leaders of tomorrow, to discuss political and international issues helping them to evolve themselves into globally aware citizens.

RAJNEETI
The NMC MUN club conducted its flagship event on upcoming elections, on 21st January, 2019. In this competition, the students got the real life thrill of campaigning for elections, forming alliances, portraying leadership skills and creating influence on the people leading them to their main goal of filling the “vote bank” by hook or crook way.

Report:
In the very first year of its inception, the Association of Accountancy witnessed great success in achieving its objectives. The team definitely proved that together, they can soar as high as the eagles & rise beyond the horizon. The first event for the academic year 2018-19 was conducted on 24th July, 2018. AOA celebrated 'Income Tax Day 2018.' Being the premier event of the association, the students collectively decided on having a 'Study Circle' concept in which, each student shared information & facts on topics related to accountancy & taxation in the form of a presentation. The diverse range of topics included the Goods & Services Tax (GST), various ITR Forms, tax benefits for start-ups, BEP's & much more! The event turned out to be a grand success, right from its ideation to implementation & helped the audience in understanding our comprehensive & elaborate tax system in a very simple way.

The Association of Accountancy of N.M.College held its second event on 22nd September, 2018. The speaker of the event 'The Logical Banker' was Mr. Alok Karkera, who has been working with the Citibank for over 18 years now. He is also a Chartered Accountant & the author of a book titled 'Isles of Mambo.' Mr.Karkera laid emphasis on the topic 'Careers & Disruptions in Banking' for the session. He cleared queries of the students' relating to the banking sector and made them aware of the various avenues and opportunities that exist in the sector of investment banking and insurance policies. He also introduced the chirpy audience to the booming concepts of Block Chain, Artificial Intelligence & Bit Coins. He ensured an active participation from the audience by offering an enticing prize, his own book as a free gift, for the one who is the most active participant. With his positive attitude & motivational spirit, Mr.Alok definitely succeeded in giving NMites an invaluable insight into the world of banking. About 105 students were benefitted.

The third & final event for the year was held on 21st January, 2019. The speaker for the event was Mr.Rajat Ghosh, who presently heads Mumbai Operations for The Chopras. He brings in 22 years of experience specific to Higher Education with leadership and project stints with IMS, career launcher, ISB Hyderabad, Princeton Review to name a few. He is an aptitude trainer himself. The topic of the seminar was Global Careers in Accounting which was held at the Seminar hall in the new college premises. Mr.Rajat emphasized on topics like Introduction to accounting careers, Skills and qualifications required, the certifications and its impact on our CV, How relevant is MPA? Along with, Accounting with analytics & the trends that we need to watch out in global careers. Mr.Rajat was successful in providing deep insights into various avenues. With his smiling face and motivational spirit, he definitely succeeded in giving NMites an invaluable insight into the world of global accounting careers.

The year flashed by in a jiffy but the knowledge imbied shall be a forever gained treasure!

Report on Educational Visit to Maharashtra Nature Park, Dharavi, Mumbai

F.Y.B.Com Students, Narsee Monjee College Of Commerce & Economics on Saturday, February 2nd, 2019, stepped into the man-made forest area created on a dumping ground which is indeed a miracle to pay heed to the calls of various species of birds and observe the vivid range of flora and fauna present at the MAHARASHTA NATURE PARK. The group of 11 students from F.Y.B.Com visited under the guidance of their subject teacher, Ms. Vaishali Kurhekar and the Nature park guide Prashant Gokarankar.

It was an amazing and thrilling experience to visit man-made mini forest. This was experienced by all the students as soon as they entered and saw the flawless beauty of Nature Park. Bird-watching requires a lot of time and patience. The students were lucky enough to observe vivid migratory as well as residential birds like White Spotted Fantail, Purple Rumped Sunbird, Ashy Drongo, Kukkoo, Red Brusted Flycatcher, Asian Paradise Flycatcher, Indian Jungle Crow, Male Koyal, Hyna, Tickells Blue Flycatcher, Bhardwaj, Tailorbird, White Chested Kingfisher, Rose Ringed Parakeets, etc. on their nature trail.

Some birds were seen feeding for their prey, some while resting on branches while some drinking water on the bank of Meethi river. But the trip was not just restricted to birdwatching. They could also observe and seek information about the varied range of trees and insects present in the nature park. The guide was a walking encyclopedia & he shared his wonderful knowledge about the flora and fauna present in the Nature Park.

Students taking keen interest to observe the birds

Students Participation in the Inter-collegiate Competition:

On 11th March, 2019, Ms K Aarthi Sheetal, F.Y.B.Com Div-C, participated in ‘Geo Mumba’, an intercollegiate competition for photography and photograph interpretation organized by Dept of Geography, University of Mumbai. She bagged the First Prize for excellent photograph, its interpretation and presentation.
The visit to a butterfly garden in the park brought smile on the faces of the students. Various butterflies species like Blue Tiger, Striped Tiger, Lemon Pansy, Blue Mormon, Tailed Jay, etc. could be witnessed by them. The students also visited the Vermicomposting pits, Eutrophicated Pond, Bamboo thicket, Plant Nursery where many medicinal plants were being grown, etc.

The students also had a walk in the Nisarg Photo Gallery comprising of the mesmerizing and flawless pictures of species witnessed in the nature park.

Students were also observed the presence of nearby commercial Centre BandraKurla Complex (BKC) along the side of Meethi river. Dharavi which is close by the park, is a threat to the same yet the security of the park ensure safety to the park.

The trail came to an end with the guide presenting the informative slides about the biodiversity of Nature Park.

Time slipped like the sand slips from the hand and the trip to a very wonderful yet underrated location came to an end. With a lot of knowledge, pictures and sounds of the birds echoing in the ears of students, they returned back home after expressing their gratitude towards the guide and their teacher.

Tree!! So normal a sight that we almost taken them for granted. Not much can be captured through the lens of a camera. There's so much life associated with the trees that even our naked eye is unable to see. Home to millions of tiny creatures, they withstand so many external factors; fierce winds, scorching heat, pouring rains but they can't seem to escape from the shackles of humans.

Every time, we put that little seed in the soil, we look forward to see a tiny, tender, fresh green shoot. We see hope. We see life. The irony being, we lose interest in seeing the same plant which we once associated our happiness with.

What caught my heart is the fact that this is a sight that goes unnoticed otherwise. We see a hundred trees and one cut down tree doesn't seem to bother us. And if this continues, we'll eventually see destruction.

Destruction of land, animals and plant cover.
Destruction of humans.
Destruction of life.

Report: Illusion 2019 – Literature Festival – 13th February

1. Speaker Session by Ambi Parameswaran
In a world where a mere tweet can tear down monuments that took people years to build, creating and enhancing your image (the right way) is analogous to oxygen. This enriching speaker session by Mr. Ambi Parameswaran, a brand coach, brand strategist business author of 'For God's Sake' and 'Nawabs, Nudes, Noodles' gave the students an expert insight into fields like advertising and corporate governance.

2. Speaker Session by Ketan Bhagat
Mr. Ketan Bhagat is a zealous storyteller and author who is very well-known for his books like 'Complete Convenient' and 'Child/God'. He is also an amazing motivational speaker. The students were enthralled by the session as Mr. Ketan talked about various aspects of life.
3. Presidential Debate
An intercollegiate Presidential Debate competition with the format following the rules and regulations of the US Presidential debate system; it was a fiery debate amongst worthy contestants and breathtaking to witness.

4. Keynote Session by Medha Patkar
Social activist and instigator of the 'Narmada Bachao Andolan', Ms. Medha Patkar was the highlight of Illusion'19. Her session was adored by students and faculties alike. She spoke about her journey as a social activist with some interesting anecdotes of the famous protests. It was followed by an exciting Q&A round where the students asked some pertinent questions.

5. Human Library
Human Library is an organisation which believes in sharing the stories of the inspirational personalities around us. Here, the personalities are the open books which the attendees can gleefully read and experience. Adored and hailed, Human Library was an integral part of the literature festival. Following are the 4 books that were presented in Illusion’19:
   (a) Echoless Voice
   (b) The Bewitched Entrepreneur
   (c) Secret Rockstar
   (d) You are Enough

6. Speaker Session by Anuj Tiwari
The recipient of the Newspapers Association of India Achiever Awards 2014 as the 'Best Upcoming Novelist', Mr. Anuj Tiwari is also a TEDx speaker. He gave a mesmerizing session to the audience about the intricacies of writing and the art of writing about real life events.
7. LitFair 2019
The LitFair had the theme of Greek mythology; which is believed to be one of the most prolific and oldest literature and culture in the world. The NM Old Canteen area was decorated with Greek God statues. There were fun games and musical performances to celebrate the festival of literature.

Report: Illusion 2019 – Literature Festival – 14th February

1. Keynote Session by Mayank Gandhi
We all keep saying about how deep our system is drowning in the waters of corruption but we barely bother to see beneath the surface. Mayank Gandhi is a social activist who relentlessly works towards rural development and eradicating corruption. In his speaker session he spoke about the path he had chosen, the many things that have been done and the myriad of things that are to be done to help improve our system.
2. Relevant Social Issues of our time
We live in a stormy world but along with all the dark clouds we also have silver linings to hold on to, in our panel discussion on relevant social issues, these silver linings tussled out further. We had amongst us:

1) Vaishali Shah, founder of Srujna Foundation that works towards empowering under-privileged women.
2) Pearl Daruwala, the advocacy officer of the Humsafar Trust which is serving the spectrum of LGBTQ Rights in India.
3) Delice Mascarenhas, a Team Leader from Make a Difference- an NGO working towards betterment of children in orphanages and shelter homes.

They spoke about their journey, the lessons they learned, the beautiful work they’ve done and about the path ahead.

The audience was served reality in a way they’ve never seen and had mountains of things to take home.

3. Role of author
On 14th February Illusion witnessed a very interesting panel discussion on the topic "Role of Author in the 21st century". The panelist were Mrs Vandita Mishra and Mrs Saheba Atal, the discussion was moderated by Ms Dhvani Bhatt of the Illusion team. The discussion started with the author’s influence on social media and continued with various questions asked by the moderator to both the authors. The discussion covered both the creative and commercial aspect of being an author in the 21st century.

4. The Unspoken Poetry
The Bhagubhai Seminar Hall with its diffused golden lights, enraptured audience and ten alluring artists mirrored a 'mehfil'. Story tellers and poets spilled their thoughts and words lucidly and beautifully. They spoke of the emotions that run in us, about love, anxiety, pain, happiness and more. As the audience stayed buckled to their seats they managed to traverse far off lands floating on the carpets woven by the artists.

5. Creative writing workshop by Traffic lives
Micro tales have become quite the trend because well, they are micro- they say a lot while speaking so little. Traffic Lives, a popular micro tale page on social media helped the audience dabble in ink and had them write micro tales by giving prompts. The result was a string of succinct tales and a lot of fun.

A lovely and lively response from our students who got to experience and explore more about photography. Students and Members have got the knowledge about various things about photography. They got to learn every detail about DSLR and Photography. The students also got to understand the basics of photography and how to edit a picture in small amount. This event was a hit and was the First event of the committee. This session had received a huge amount of responses from students.

**2nd Event - Teachers Day Celebration, 5th September, 2018, Room No. 13:**

To celebrate this day and to honour them, our association along with other associations of Narsee Monjee College of Commerce and Economics, came together to put a beautiful event followed by music performance, dance and other such games and activities. The Lensation team came together and clicked all the pictures and help the hobby centre to print those pictures of the teacher to gift them on teacher's day.
3rd Event - Photo Walk (By Sneh Shah)
1. LENSATION CLUB had taken 30 students for a walk in which the venue started from India gate to fort. This walk was mentored by Mr Sneh Shah and also we had arranged a competition in which we had given students the themes of Street and Portrait. The best photo receive first and second price. The winners of this competition was Kshitij Singh and Runner Up was Hashim Qureshi. Students got to learn various tricks of photography by the unique tools which were used in this photowalk by Mr Sneh Shah. This event was a great success and received a huge amount of participation.

4th Event - Picturesque (Photography Competition)
Lensation Club has organized a photography competition named PICTURESQUE for the students as well as teachers. The Topics for the competition were OVER THE HORIZON and EXPLORE THE NEW. We had received a good amount of response from students as well as teachers. The judges of this competition were Prof. Vijayshree Anand and Prof. Smitin H. Belchada. The pictures received by the club from students as well as teachers were really amazing.
The IQAC and Research Committee organized a Faculty Development Programme on Research Methodology on 22nd October, 2018. Dr. Kinnarry Thakkar, Associate Professor, Department of Commerce, University of Mumbai gave a Guest Lecture on “Research Methodology – An introduction to Framing of objectives and Hypothesis”, for the Teaching staff. The teachers found the talk immensely beneficial for their Research Proposal and Ph.D. Purpose.

A BEAUTIFUL PROJECT

“Mom! I am getting bored. Tell me what do I do?” screamed Zewes. “Why don’t you go and checkout the condition of the working model you had made as your science project?” said his mother. “Oh! You mean project solar system? Yes, sure I will go and check it out. It has been so much time since I haven’t seen it. One month in our planet is equal to around 4.6 billion years on the planet earth in my project. I wonder what must be its condition now”, said Zewes. He ran into his room and climbed up a ladder to reach the topmost part of his shelf, where there was a small transparent box containing his project.

“Oh! Wow! All the other planets are almost the same but planet earth seems to have drastic changes. I can see a lot of small lights on the night side of the planet. And I can also see a wall. I wonder what it is.” He picked up his super powerful magnifying glass to see earth more clearly. “Oh! So it’s the great wall of china.” He saw all the seven wonders and other beautiful places using his magnifying glass. “Hmm, it seems the humans in my project have made a lot of progress.” His younger sister Zia came in his room and started to move his ladder. This annoyed Zewes. “Hey! Stop moving the ladder or I will fall. You remember only because of you the moon was formed. Your hand hit the earth and a small piece of earth broke and formed the moon. So you better be out of my room.” Said Zewes. Zia saw the earth and said “But, you see, only because of my mistake, the living beings on earth got a night lamp in the form of moon. So I don’t feel guilty.” “Yes, actually you are right. But still do not touch it now.” Said Zewes. “Okay fine. Hey! Do you think the humans will ever be able to find out that they are actually a part of your working modal?” asked Zia curiously. “Not so soon or maybe never. It’s not a simple working model. I have done a lot of hard work to create visual illusions for the space to seem endless. There are black holes, stars, stones and a lot of other things.” Said Zewes confidently. “Yes. But I hope the humans maintain planet earth and its beauty, it’s the best part of your project, but now itself you can see they have caused a lot of pollution.” Said Zia. “Yes. But slowly they are starting to realise their mistake. Now the life of my project is only in their hands. I hope they realise it soon and take care of Earth.” “Hmm. I too hope the same.” Added Zia. “Kids come fast, lunch is ready.” Called their mother. “Yes mom! Coming.” Screamed both of them and ran out of the room.

So friends, let’s do our best to protect and maintain this beautiful project.

BEAUTIFUL ME

‘Beauty’, a simple word used by millions of people a day. But has anyone taken a moment, stopped and actually thought of the authentic meaning of what beauty really means? Is it skin color, almond shaped eyes, and straight noses, lips etc. or is it something deeper than that? How often are you called beautiful as a person rather than a face? Well, beauty is not what we see in the mirror; beauty lies within the person who stands before the mirror. Indeed, compliments on appearance are pleasing. But, the real joy is when someone compliments you for the ‘person’ you are. True beauty is about who you are as a human being, your principles, your qualities and the values that you possess. External beauty is nothing. Internal beauty is everything. It is only when you embrace the talents and goodness within you, that you become beautiful.

Believe in yourself and think you are unique For being good, I feel this is the only technique. Once you learn this, you will feel better, because now you know that external beauty doesn’t really matter.

HEROES IN A TEACUP

“Follow your passion. It will lead you to your purpose.” Oprah

In the past couple of months, life has not only given us lemons, but has shaken a nice martini for all of us. While our minds deal with a funny existential crisis shifting career options, some best people who we believed would always be there for us have simply decided to drop out.

Amidst this happy chaos, I come across friends who absolutely hate the direction in which their life is going, but still keep straining for societal confirmation. I know how it feels because I’ve faced the same too. And you better trust me that it is definitely not a happy feeling. But before I unload my mind, I need you to understand something pretty important: if any struggle lies in the path of you achieving your goals, then you need to stop being a whiner and well, eventually deal with it. But hey, what if the struggle is only leading you further away from your calling?

What then?
You need to understand that you own a future. You are the hero that drives this story. As William Henley’s poem “Invictus” goes: “I am the master of my fate, I am the captain of my soul.”

Now how well that actually plays out depends on your life and career decisions.

And I can well guarantee that there will be times when you feel trapped in your bones. People who you believed would help you come out of the dark, will leave right when you need them the most. Probably because they don’t know how loud silence can be. You will feel each cell in your body fighting against your thoughts, to keep that heart beating. You will see your future collapse in your mind. There will be difficult times.

That is when you realize that the world is a cold place
where dreams die.

**What’s the deal then?**
The greatest tragedy of our world is that people go through life and die with their dreams still locked in the corners of their mind. The music still plays in their head while they listen to their bosses and remain trapped in boxes of existence. Considering that you were thrown on this blue planet to create something beautiful with your life, the present scenario is pretty much a punch in the guts.

Sure, you can 'survive', but ask yourself, are you even alive?
Let’s assume that you die tonight (sounds fun). Just ask yourself:

“**What legacy will I be leaving?**”
Or
“**If the ten-year-old me was to see me right now, would he/she be happy?**”

Be brutally honest about your own position in life. It needn’t necessarily be a career slump, but also an emotional disruption. *You can’t solve it if you don’t accept it.* Fix broken ends. Stop the stupid paradigm of comparing yourself with others: **we all grow in our own timeline. Good things happen, better ones take time.**

Fun thing: what you do next is what defines your existence. Cut down on people and things that don’t deserve your attention- *because if you are to go a mighty journey to create a dent in this universe, you need to save yourself from a life of mediocrity.* You need to rub the threads of destiny.

Otherwise you could kick back with chips in the company of douche friends and relax, aiming low and letting life flow. Yay, you won’t be disappointed either.

But if you are someone who wants to create a legendary life, **you need to create an equally legendary platform for your own story.** Scrub the toxic company that won’t lead you ahead. Let those

'friends' go who don’t believe in your vision.

**Let your worth define the humans around you.**
People and things you have loved and cared for might just abandon you too, and I understand how traumatic that can be. But you need to re-build a stronger ‘you’ and start skipping again. The human brain is pretty awkward when it comes to prioritizing the actions of your day- you need to constantly keep pinching it to make sure that it leads to the right way.

Own your mind; *don’t sell yourself short.* The Internet is filled with motivational junk, but honestly, no voodoo magic happens unless you realize your struggle; your independent mission. If you say that you haven’t found your ‘calling’ yet, I refuse to believe that. You’re just ignoring it, like most other happy humans who have a nice list of immediate explanations and excuses ready.

See, you need to throw the junk away and stop taking the good for granted. Sharpen your character, friend. *I believe that we, as a (rather stupid) carbon based species, have the potential to grow.* It is your responsibility to make it happen.

If not, then meh, that is just another beautiful life wasted.

Anyone can slog a mind under commands. If you have the vision, build an empire. Show the world that you’re not another puppet under the strings.

**Go ahead, little soldier, be the hero of your own story. (Because no one else will)**

‘LET’S ENJOY STUDY’

Very seldom we can see libraries, and other study places stress free. The reason is we have not yet developed proper study methods. Indeed we have not understood thoroughly the purpose of study. For us study is just for the sake of career building rather than life enhancing. So let’s discuss how to design a perfect, inclusive study pattern by which study can be a recreational activity and it will serve the purpose not only of achieving short time targets but lifelong objectives.

Practice and Imagination- There is a famous quote by Confucius: ‘I hear and I forget. I see and I remember. I do and I understand.’ Meaning that as long as there is no practical application you can’t understand any idea. Mahatma Gandhi in one of his lofty measure 'Nai Talim' proclaims to bring education and work together. So before learning anything we should seek to its practical applications and should apply it in that actual situation. But again here time is the hurdle and situation cannot be ever friendly to provide us work environment. This is the time when we have to use our unique ability of Imagination. We can imagine workplace, place ourself in that simulation and do the things without repugnance for eg. While studying government’s measures and financial assistance available for SSI we imagine ourself as small businessmen and can sort out the things required for smooth working of our business. Imagination is a caliber that can change our life just by feeling the existence of inexistant environment.

Awareness and Concentration - Timely evaluation of our state and accordingly making necessary corrections are the peculiarities of Controlling. But it requires complete awareness of our doing and concentration in the activity that we are undertaking. Awareness and Concentration are the reigns for our ever thinking and astucious mind. It’s very necessary to keep our hard mouthed mind on the correct track and these two are the keys.

Let’s put ideas in action- Finally we may plan our study according to the aforesaid principle. We aspire a constructive study pattern and if we dwell just in our thinking and imagination; the principles will be futile unless we actually start working on them. There is a sanskrit quote,

‘उदयमें हि सिद्धयन्ति कार्ययं न मनोरथः ।
न हि सुप्तस्य सिद्धस्य प्रविष्णित्ति मुखे मृगः ॥’

(Any work will not get accomplished just merely by desiring for it’s completion. A ‘prey’ will not by itself come to the mouth of a sleeping lion.)

Action is an inseparable part of our creativity. Creatively customized study is a vague idea without deeds. Once you start your study with proper imaginary working and concentration and awareness gradually you will start enjoying this way. The study not only serve your purpose of passing the examinations with good marks (in fact you must not think for such target; that will be natural result) but your study hours will be most fruitful and enjoying moments of your life. So enjoy study; enjoy life.

MIDNIGHT MUSINGS

The clock strikes 3, and you have your insomniac eyes wide open, trying to direct your faint idea into profound words. Failed. Another crumbled paper ball strewn on the floor. You give a jerk to your unsupportive pen that appears to be filled to the brim with ink but has a misplaced the cap to pair with, for an indefinite period of time now.

Scratching your head, trying to brainstorm, channel a feeling, a beat, a memory. Recalling a captured view, reminiscing a picturesque scene or cursing your failing memory.

There’s so much you observe about yourself when the ambience is quiet and calm. The clock may be ticking all day but you’ll hear it only at times, because that’s when you are paying attention to it. It may take some time for the swing to stop moving completely. Water drips from the tap even after you’ve shut it tight. But these go unnoticed during the day. Counting number of tiles in the bathroom is not when you’re bored. It’s when you’re learning to make it count.

There’s beauty in the shadows, there’s detail in perspective, there’s satisfaction in good handwriting. All of this, if you observe. Because things don’t matter unless you pay attention. You do all of this not because you’re bored at certain times. Because that’s when you are living in the moment and not just surviving. Life, has struck onto you.

Thoughts, feelings, ideas, bokeh, bubble, mirage, sepia, blur, print, memory, scene.
Midnight musings.

MIND AND HEART

There are stories. Some unheard. Some untold. Some unappreciated. As I walk down from lane to lane and see thousands of people around, each having a thousand different problems, I really wonder if the things I often worry about are worth me losing my calm and time. As a 19 year old, I don’t know how farsighted I should be in life. But, whenever I fell lost and directionless, on looking closer it seemed like a journey of discovering myself. A young lad is always on this trail of finding ‘the one’. But, rejection seems to engulf us into a world of absolute disdain. If someone found you appealing for your unblemished face or impeccable stubble, you might want to rethink your decision of associating yourself with them. The unconditional love coupled with misunderstandings and fights is what keeps a bond alive. There will be ups and downs in life. Ascending and descending are just choices.

If you have to go alone through all phases in life, remember, you’re on your way to attain self-sufficiency.

Your mind and heart are shrines that you ought to protect and keep pure. You reflect what you feed on. You look at the world through the lens of your beliefs.

MYSTERY OF CLIMATIC CHANGES

Eight-year-old Mia suffering from fever and cold was looking out of the window wondering why these days there are sudden climatic changes. She was very confused as in real life the climatic changes did not take place in the order in which she was taught at school. She thought “summer from March to May, monsoon from June to September and winter from November to February this is what we are taught at school, but I do not see anything like this happening in reality. In some years we have a lot of rain while sometimes very little rain. There are no definite seasons nowadays, today it’s very hot and tomorrow it may be cold.” Mia had asked every possible person she knew, but had got only one answer – “Global warming and pollution”. But she was not satisfied as no one would explain to her in detail. Finally, she concluded “Maybe like humans, seasons too are quarrelling these days!”

“Yes, you are right.” said an unknown voice. “What? Who is it?” asked Mia. Suddenly an orange coloured beautiful lady appeared and said “Hello! I am Summer Spirit. Since it is summer season now, I heard what you were saying. Here, come with me.” Summer spirit took Mia magically to a place and said “Look! This place is far above the earth and visible to none of the people without our wish. I brought you here to clarify your doubt. This is the place where we all seasonal spirits reside.” “Wow! There are so many other spirits here,” said Mia.

“Yes, look, the lady there is winter spirit and he is monsoon spirit. Look, the most beautiful one is the spring spirit and the other one is autumn spirit.” “Amazing, I am so happy to meet all of you.” “But we aren’t happy to meet you.” said winter spirit and went away.

Mia became sad and asked “But why?” Spring spirit said “Wait, I will tell you. It is because you are a human. We all are very angry with humans. Summer, why have you brought her here? These humans are extremely selfish. No human ever cares about us seasons.”

Mia almost cried and turned around.

“But she does.” said summer spirit and continued “I brought her here because she was worried about fluctuating climatic conditions these days. I wanted to reply to her question. Will you let me do it?”

Spring spirit went away.

“Ok. So Mia now listen carefully. This is the place where we decide about our arrival and departure from earth. Previously, everything used to happen as planned but now our problems have
increased. We have trees, the sun, water and air as our helpers on earth. But these days you humans are polluting the air and water, cutting trees, and depleting ozone layer to fulfil your selfish needs. We are gradually losing our helpers. So now we all panic and quarrel over when to go on earth and when to depart. One of us sometimes does not get the necessary conditions to arrive on earth so the other one continues to be there.

For example –our helpers, trees who call monsoon spirit by transpiration are now lesser in number and thus monsoon spirit becomes uncertain about its arrival on earth. We all are now angry and our helpers too are angry. So humans now experience extreme heat during summer, floods or droughts during monsoon and extreme snow or cold during summer. And each of us keep intervening each other now.

Now hearing this Mia couldn’t stop herself from crying on their pitiable condition.

“You are right. Now that the mystery of climatic changes is revealed to me, I am very sorry on behalf of all of us. So we humans ourselves are responsible for ruining of the environment and ecological balance. But what can we do to compensate?”

“Here are some golden points:

- Plant a sapling on every birthday and ensure that it grows
- Do not waste paper
- Use water wisely and do not pollute land and water
- Use all natural resources wisely

That’s all humans have to do if you all want to live a happy and healthy life. As If you take care of nature, nature will take care of you. Understood?”

“Yes. Thank you so much. From now onwards I will surely follow these golden points.”

NEW CHAPTER

A new chapter unfolded

A new place unlike the haven called school, was college.

New faces floating across the halls, where familiarity was scarce.

Mixed feelings of fear and excitement filled up the empty mind.

The trend was to enjoy the junior college as much as possible and the only way that most people felt that it could be done was to join the committees of the college festival.

While every person was drawn to the most hyped college festival I was drawn to a simpler club.

A club called Rotaract.

It had humble initiatives and a touch of kindness in its approach while determined to make a change.

I entered as a stranger to the club but it welcomed me with open arms.

It's embrace felt like home, the unfamiliar exterior enclosed the warmth that was missing in the foreign surroundings.

For the first time I engaged in conversations with complete strangers to execute a project.

For the first time I worked for something that touched many lives.

While the club shout resonated in that room, I heard and felt each word as if it spoke to me.

Telling me that I can reach great heights, that I am not alone.

While people talk about meeting new people in every club I have discovered myself in Rotaract.

PERCEPTION

Perception is your own way of looking towards things and what you make out of it. It's important to have your own perception about things, but while doing so remember you have one heart and one brain, your heart beats so that the brain can function, and brain functions to understand feelings of heart, so you cannot have two perceptions about the same thing, there is one of your own and other which we gain from people around us. Everyone faces many challenges in their life but when you accept a challenge you shouldn’t accept it with a perception that you can defeat others and prove them your worth, accept it so that you can test yourself. Don't form a perception about your limits, because limits exist for non-living things and we are humans we were born to evolve so don’t stop thinking that that's your limit and you fail to achieve. Don’t judge your failure just because you fail to achieve your dream, failure is when the result is not equal to your efforts. And when you think you are not at a place of your own choice then remember that it's the place chosen by God for you so it's best place in the world and if you are at the place of your own choice then work hard to maintain yourself there. Whenever you form a perception about anything make sure it's true to yourself which makes you confident, being an exception is not a crime but being without perception is.

SCARS- RUINS OR RUNES?

Do people make a big deal out of scars?

Few years ago, my answer would've been a loud 'Yes'.

The annoying whispers, eyebrow raises and double taking made me boil it all down to a single word conclusion.

In films and daily soaps a huge chunk of the villians have facial scarring (not your ulterior motive but your looks make you bad).

Reports say 23% people with visible scars or deformities suffer from depression. The fear of not fitting in makes them want to paint charades.

Do I still think in the same way about scars?

No.

Except for a few people who demonise disfigurement others really just end up feeling unsettled. People will always wonder and wish to know the stories behind the scars. After all scars are badges and tally marks of all the battles we've been through.

To answer the question, there are all kinds of people.

Some brood over stretch marks, blemishes, scars, birthmarks while some flaunt and appreciate them.

I think we are all shifting to a headspace where we have begun normalizing physical attributes that stand out.

Scars are evidence of life.

They are more about the healing than the hurting.

They are okay.

WOMEN AND HEALTH

YATRA NARYASTU PUJYANTE RAMANTE TATRA DEVTA
YATRE TASTU NA PUJYANTE SARVASTA TRAFALA KRIYA

MEANING: Where women are worshipped, the divine prevails and where she is not worshipped, every work becomes a failure.

A woman is the most beautiful art of the Creator. This angel shakes the cradle with one hand the earth with the other hand. In the words of Eleanor Roosevelt – “A woman is like a tea bag, you can’t tell how strong it is until you put it in hot water.” But is it always necessary to pass a woman through tests to prove herself. In Ramayana, to check purity of Seeta, she has to pass through the Agni Pariksha. The fact that women are stereotyped in a society that lives for the well-being of the family and others is something that is very disturbing. Selfless love is the heart winning quality that women possess but not on the bet of their health.

Women, yet in the 21st Century live for others without caring for oneself, there is constant struggle between Family, Food and Fantasy. If we look at the family perspective, less than 1/3 rd. of the female population is covered under Med claims, Health Insurances etc., the health of the female member is usually ignored, whenever the wife is sick, least importance is given to her for the recovery as food is to be prepared on time for all the family members. The traditional medical system disadvantages women, who, unlike men, are socialised to question themselves. Living life on their own terms always remains a Fantasy for the women.

Heading towards the mental health, according to WHO “Unipolar depression, predicted to be the second leading cause of global disability burden by 2020, is twice as common in women.” Bollywood fools women to maintain a zero figure, spotless face, flawless hair, attractive eyes etc. ultimately pushing them towards body shaming. This has a psychological effect on the women which drives them to the extent that they are ready to inject harmful toxins in their bodies to maintain the level of beauty.

Unfortunately, women sometimes live with a mental illness for months, even years, before seeking treatment. At times, this is because they don’t even realize the severity of the problem until life spirals out of control. Due to today’s busy lifestyle, women may chalk symptoms up to stress or burnout, when they actually have a bigger problem.

The solution to all of this is very simple, small efforts by the family members, sharing the burden of work brings about a huge relief to the women, preparing the bed tea and allowing her to give time to herself for exercise, would definitely make a change. The women should get herself out of the situation of doing all by herself and leave the guilt of not being able to give proper time to their children or family while taking up professional risks to reach to her maximum potential.

As Serena Williams, a tennis player quoted “While I think all women are superheroes, we are not superhuman and we need each other’s support. We need to give each other grace when we fall short—and when society sets unrealistic expectations or our workplaces have antiquated rules. We must band together and fight for what’s fair.”

It is all about being aware of the fact that each individual has to work in their own way for changing the ugly face of the society.

A woman who knows what she brings to the table
Is not afraid to eat alone.

YOUNG AND ENTREPRENEURIAL

As per Times of India "More than 70% of startup founders in India are under the age of 35".

Millennial have the drive to break the orthodoxical pattern of the 9 to 5 job. They refuse to slog their bodies up the corporate ladder but most importantly they refuse to work under someone while they set ablaze their passions.

The attribute of the millennial to do “jugaad” and to fear oblivion is what sets into motion, the always at peace, emotion of conviction hidden in the brave hearts of these deemed to be slothful individuals!

Finding quick solutions to a problem and the desire to make life a little less complicated serves as a birthing ground for subtle yet innovative ideas.

The power of not wanting to strive for something as simple as hailing a cab led to one of the most groundbreaking startups of all times! Uber and Ola cabs.

An idle mind is no longer a devil's workshop but a brewing pot of ideas.

Entrepreneurship is what bridges the distance between a need and how to get it with the least possible effort. The art of maneuvering along with technology is what sparks great ideas in the minds of the millennial, which people who settle for the usual are not capable of doing.

“Today’s generation wants everything on the click of a button” says Vijay Shekhar Sharma, CEO of Paytm.

These slothful millennial may seem like dormant volcanoes but you never know what’s broiling in the lava of their brain.

We can neither completely be sugar, nor be spice, Everything's not perfect, nothing is eternally nice. But life doesn’t really give an option to not be fine, We got to meet, smile & dine with them at nine.

The society is full of hypocrites and imposters, Full of morons who cry, take you through a rollercoaster, But, it's our prerogative to choose the right, There should be nobody who can impose their might, Life is in our hands at the end of it, we make our own identity, Supporting characters are for love, life is too short to have space for animosity.

Here Comes the Dawn

The nature stands still for the breaking dawn,
Transfixed is the horizon, colours flying thereon,
Sky beautifully bursting in shell pink,
Marking the joy with golden ink.
The red flower rises through scattering light,
Here comes the dawn before the early bright.
The end of darkness, the end of gloom,
A new beginning like dew drops on flower bloom,
Birds singing in the blissfulness,
Admiring thus the season of happiness.
I see lost souls with mindless obligations,
Wandering, wanting solitude and isolation.
Time halts for them, between vertical light and
darkened sky,
Listen to the deep silence, breathe in in the early high.

Earn It

Success is just like a garden,
Which gives only one chance and no pardon
It looks green and pleasant,
But there are obstacles present
The rose of the garden dangles smoothly,
Although it’s thorns prick hard and rough
The sunflower attracts us with its beauty,
But the bee on its nectar keeps away everybody
The honey is enjoyed in all its mirth,
But hard to get it from the bee giving it birth
No it’s not easy to get through this success garden,
Because one that is easy to grab never usually
Comes to mention.

"Glory Lies in Growth"

It’s not about who is the best of all,
But about a person whom you see in mirror,
A person who is a mark of all your limits,
Because each day is an opportunity of crossing over it.

It’s not about what others have and you don’t,
But about character which has it all,
One with all colors of life,
And a value that no one could define.

In a world where people curse their luck,
Believe and be persistent towards your goal.
Because glory lies in growth."

Go Count Your Blessings!!!

There is so much to think about...
There is so much to thank about...
The food you eat... The house you live in...
The dress which makes you look perfect... the
luxurious life you enjoy every minute...
So go count your blessings...

Ever imagined the life of a roadside beggar... Who
struggles for his onetime meal...?
He has no proper shelter...no good clothing....
Their children lack education... though they too have
big dreams...
So go count your blessings...

Try to find happiness in every single damn thing...
You say your life is a struggle... but look at the one
who is suffering...
Complaining to god for what you don't have is
saddening...
Have uh ever... tried to count your infinite blessings?

Yet mysterious lies your true nature.
Broken were chains of human limitations,
Through your emancipatory presence.
Amidst gloomy realities of human life,
You live as the light and root of hope.
Thousands of lines try defining your nature,
Yet a smile of innocence reveals your soul.
From the teenage crush to grandma’s hug,
From solidarity with struggling masses,
To all acts of compassion and kindness,
In your essence lives the meaning of life,
You are puzzling yet beautiful, the emotion of love.

INSIDE OUT
Thousands of secrets and mysteries I hold in my heart,
Each day I carry them but no escape to let it out
My expressions fall according to people’s expectations,
Nevertheless I know how to put them according to society’s perceptions
Calm and still is all what is demanded,
Not even bothered if from within it is fierce and anger grounded
All around surrounded with judgmental people,
Craving for a chance to put you down
All what we do is trying to tackle it,
Helplessly with a smile on face rather than a frown
After all it’s the call of the world to move ahead and grab power,
Regardless of all, fetch to become a queen to hold a victory shower.

LAST NAME
Marriage they say,
is two people crossing their ways;
being together for a lifetime to come,
a boon for many, and a bane to some.
Never did they say
that even though two people marry,
the husband’s name the wife will always carry
that even though no matter how successful the wife becomes
and acquires fame
but she will always be recognised by her husband’s name.
because oh woman, he is the reason you are here.
don’t you know shame?
that even though the wife will carry the child,
first in the womb, then throughout her life,
the child will always carry the father’s name,
because oh woman, don’t you know shame?
that even though the wife will leave her house
and in other man’s, she will stay,
but all important decisions will be taken by men,
because oh woman, this is patriarchy! So sorry but you don’t have a say.
don’t talk about your rights, for you will be called a feminist,
you’re talking about yourself? the problems of men is a never ending list.
equality is what they boast about
do they actually implement it? oh, we doubt!
what they should say
is that the woman gets to decide if she wants to change her last name
that the woman gets to decide where she wants to stay
that the child gets to decide what will be the middle name.
because Oh patriarchy, it’s high time you change your ideas of equality,
and change your standards of mentality and beauty.
for women today are rebel
and for less, they cannot and will not settle.

LET WORK BE YOUR PASSION
Work is worship we say all the time,
Hardly a few are with 'stich in time saves nine'
Until the due date we never bother to work,
Expectations are however to earn credits in all its mirth
Last minute we put in effort to work out the best,
But from the first day itself if we sweat, then imagine the rest
'Well began is half done' is now replaced,
'Will see in the end' is rather placed
Put your efforts for satisfaction,
Crave for excellence and not just appreciation
Excellence is followed by success,
Try excelling and you will yourself experience your progress.

MARCH AHEAD
Into a world of greed we awake,
Driven by wealth and fictional happiness.
In a world of hierarchy we walk,
Evaluating one's productivity not personality.
In a world of violence we stand,
As atrocities become the standard news.
In a world of exploitation we sleep,
As brothers are pitted against one another,
In a non-existent competition for survival.
Yet hope survives in the darkest hour,
Fighting the battle of ideas within and without.
Deep within the human minds,
Survives the ideals of humanity.
Take up the weapons of love and peace,
As we march to build a world we dream,
Forget the fear of regressive elements,
Let history drop them in the dustbin of ideas.

REAL HEROES
A soldier is born to die,
It's not a true story but a lie
The real heroes are not meant to die,
They are the ones who let the nation survive
Mark salute to the families of these brave hearts,
Actually it's the family's guts from where it starts
The soldiers protect every dust of the nation,
They consider it as pride and passion
Not every mother can send her piece of heart to the border,
The one's who sends, finally gets her hero in a coffin after an unfortunate encounter
Those are the one's whom we should salute,
The nation is surviving due to their struggle absolute

The following poem is a dialogue version showing us the importance of being considerate towards people suffering from personality disorders...

SAVIOUR TO THE WRECKED SOUL
Angel: You were a nonpareil, a lavender-lilac dove
Don't let yourself lose the taste of your goodness, my love
Be gentle on yourself...the world will make you hate
Your divine touch was the world's loving fate!
Sufferer: I pretend to be strong and bold;
From within I lost all my goodness of gold
But inside I have a weak fragile heart,
That puts my split personalities apart.
Angel: I know inside you rages on a story untold
But you are beautiful, let mysteries unfold!
Don't suffer anymore, you've had enough
After all the world around is much too tough.

Sufferer: I sit alone, alone at home;
Where I feel numb absolutely like a stone
I feel terrible for bottling and killing my emotions
For the sake of people incapable of understanding my passion.

Angel: Every scream so unheard and silent
Demons swallowing your innocence, making you violent
Tears rolling down your cheek
Ask you to break out the beauty inside of you that you keep.

Sufferer: I thank you for showing the galaxy in my soul
You are my healer, you made me whole!
When the stars in my lids became a bit too cold
You were the warm arms to hold.

Angel: Melodies will fill you up, locking the poison in a jar
Soon healing all your cuts, wounds and scars
Like a wild bird in captivity, don't let anyone clip your wings to
Keep you from flying away
No amount of feathers lost should ever make you stay.

Sufferer: Whips and chains are not for me
Satin and lace are more my cup of tea
I am soon overcoming, oh! The nuances of fate!
Now it feels with myself it's a dream date!

(It's our responsibility to be compassionate towards our fellow human beings, become somebody's savior or angel and heal those suffering with due care and love...)

THE BIG BLACK DOG

It starts with that niggling feeling.
Everything's fine, but something isn't.
Everyone thinks you’re happy, you should be.
That's not how it works.
You never even realise when it's crept up from behind you,
When it's taken a ghastly form,
When it overpowers you,
And suddenly, you're in the middle of a storm.
No one understands you,
You're overreacting, they say
Darkness engulfs you even during day.
No one knows how, or why the big black dog strikes,
It just does
And when it does, it's tough to fight.
So why resist?
Don't.
Acceptance is the biggest key
It puts an end to all misery.
Right now, you don't want pity
Although you could do with a bit of empathy.
At times you'll feel that it's gone,
But trust me, it's just the calm before the storm.
I need to break free, you'll feel
But this swamp has sucked you in too deep.

Self-love, self-care
Cuddling with pups, or baking a cake.
Support is all you need, they say
But friends and family can help only in a certain way.
Hold your own hand, pick yourself up
Don't hate yourself,
You've not lost the world cup!
Tame the beast,
Don't push it away,
That big black dog is here to stay.
All you can do is embrace it and sit tight
Afterall, at the end of the tunnel, there's always light.

TO THE MARTYRS

We complain for even a petty reason,
They stand for us in every season
We make a pebble problem huge as a hill,
They even survive in worse and ready to have their ammunitions refill
We complain to god for our everyday troubles,
They stand aligned in cold and ignite fire through pebbles
We are fighting for our caste, creed and cultures,
They fight for humanity hiding all their personal gestures
We want to live under our communist shelter,
They aim to salute the flag and ready for every deadly surrender
We are all commoners,
They are the brave soldiers
We are all sleeping peaceful nights,
They are ready to war like warriors and knights
We light candles for martyrs to celebrate their bravery,
They actually were born to be heroes of the nation and spend life in armory.

Victory is an achievement over others,
Success is when you concur your own self.
"The day would come,
The bullet will be fired,
And the race will begin.

Thousands would rush,
And at the end one will win,
Defeating the rest UNKNOWN thousands,
And the same would applaud to appreciate.

But the race would begin again,
And the process would continue,
Leaving the previous winner unknown again,

So did the winner succeed?
Was the winner the only one who succeeded?
Thousands started from same point,
Ran the same track together,
But one who succeeded didn't cross the same lines.

Because winner could be decided,
By competing within limits,
Being successful never ends,
It halts at line which is a mark,
Mark were one conquered oneself."

WELL CAN WE LEARN AT LEAST ONE?
In ways that are infinite, nature teaches us lessons,
For with every echo, it has a message for each of us,
The birds teach us to not worry about tomorrow,
and tree barks teach us to shed our old selves to be someone better,
Raindrops fall to the ground only to help other plants grow and fill them with new life,
The sand particle in an oyster wriggles in pain only to become a pearl,
And the ocean waves keep moving ahead no matter what
The honey bee tells us that everything sweet comes only with patience and love,
While the stars show us that it is through our darkest times that we sparkle
Well with all these lessons that nature has taught us, can we learn at least one?

शायद वो बचपन ही अच्छा था..
शायद वो बचपन ही अच्छा था,
जब सिर्फ प्यार की ही भाषा आती थी।
गतती करके भी प्यार मिलता था,
और हंसने के लिए भी दुलार मिलता था।
समझ से कच्चे थे, शायद इसीलिए
सब नज़रों में अच्छे थे।
बड़े हुए तो,
प्यार के बदले प्यार तो सिर्फ
नसीब वालों को नसीब होता हैं।
और दुलार तो बस,
कुछ कर दिखाने के बाद ही मिलता है।
जो भी हो, वो बचपन ही अच्छा था,
आखिर वो मुस्कुराहट तो सच्ची थी,
अब तो वह भी फरेबी हो गई हैं।
जिन्दगी भी किसी अजीब है ना?
नासमझ थे, जब खाली थी
पर दिल भरा हुआ था।
अब समझ तो है,जब भी भरा हुआ है,
पर ये दिल खाली हैं।
शायद, वो बचपन ही अच्छा था...

આ સૂચિના સરજનકાર છે. આ સમગ્ર દુનિયા તેનો રચ્યો છે. પ્રસ્તુત કુશળતા તત્વો ધરાવા અને તમામ તત્વો - સૂર્ય, ચંદ્ર, તારા, નરી, પકડા, બન, વૃક્ષ, મપ, વાવણ, વરસાદ, વાવુ આપવાને જીવન આપ્યો છે. પ્રકૃતિના આ તત્વો મનુષય જીવવા માટેની ખુબ જ સંગઠન કરી આપ્યો છે. મનુષયના જીવવા માટે કુશળતા પ્રત્યેક તત્વો માટે છે.

આ સૂચિના કલાકારનો કુશળતા અસતિવ છે પરંતુ જાણવા અષ્ટે સ્થાનચે છે જ્યાં આધાર આ ના ખાતરી તબુ શયામ છે. જે ભાષા અધિક રીતે આ તરીકે આપવાને જીવવા માટે શયામ આ સાધન મળે. ગાયું અચચલ હોવું અને મારા મિત્રો જણાવવા કરવા અઠવાડા હતા. જણાવવા પણ જે અમને લાગું કે ર્થારી ઉપર સજા હતો તો અને પણ આકારી છે તારી એટલું સૂચિ વાતાવરણ હતું.

આ આકાશ મૂં અને સવાગ હતું. પણીના મીઠી કચરી કામા ગુજરતી હતો. વૃક્ષોની કરણા વયો સંમાનવા પણીના કચરોની ભારી મધ્ય સંગીત જેવું લાગતો હતો. પણીના મીઠી વાણ થાય અને કચરોના વધા જેવું લાગી રહ્યો હતો. જણાવવા કે કેટલાક પ્રસ્તુત મૃતાંગ નીકળાવવા મિત્રો જેવું લાગતો હતા. ર્થારી આ મિત્રો બીઠી સાથે પહેરી દોડ તેવું લાગતું હતું. પકડા વાસ્તુ જણાવવા કરતા અને અમને માનન દોડતો વધા શાંત વાતાવરણમાં તંત્રો પેઢી કરતો હતો. વધાથી યાદી રંગી ન અને અમને ભાગ દોડતો વધા શાંત વાતાવરણમાં તંત્રો પેઢી કરતો હતો. વધાથી યાદી રંગી ન અને અમને ભાગ દોડતો વધા શાંત વાતાવરણમાં તંત્રો પેઢી કરતો હતો. વધા થાય અને મેરા વધા ર્થારી અને સારા દોડ્યું. અને સારા દોડ્યું વધા થાય અને મેરા વધા ર્થારી અને સારા દોડ્યું. અને સારા દોડ્યું વધા થાય અને મેરા વધા ર્થારી અને સારા દોડ્યું. અને સારા દોડ્યું વધા થાય અને મેરા વધા ર્થારી અને સારા દોડ્યું.
જી રહ્યો હતો. આપણું આકાશ લાખ, પીણા, દેશની રંગોથી બરાબર ગયું હતુ. સાંજ વીતી રહી હતી અને રાતના આગમનની તૈયારી વધી જૂકી હતી. અંધકારનું સામ્રાજ્ય છેલ્લ અને તારાઓ વે આકાષ જળમળી ધરકે અને પણ આપણે જંગલમાંથી બહાર નીકળવાનું હતુ. અમે જે રસતે બહાર નીકળાય હતા ત્યાં માસલો બણતી જોઈ અને અના અજબાનીમાં જૂદીજૂદી આગણ આદિવાસીઓના નામના નાના માણસની જોવા. આમારા સહૂલીઓને આપણી જીવનમાં પામી આદિવાસીઓ અને તેના સદૃશ્ય જીવન અને અમારા જીવનમાં લાગી જે અને અંદાજ અને દુખદુખ દાખલો અમે વીડો. ગીત જંગલની વિસ્તારે આદિવાસીઓ અને અમારી અગાઉ વહેંચી પોતાની નાનાકી દુદુદામાં કરી રીતે જાવા હતા તે જોવા અન્યા લાબ અમારે માંડ્યો કે જંગલી સહકર ન હોવાની ચિંતા તેઓ કરીને કરયે વગર માત્ર કુડરતને શર્ષણ રહી પોતાની જીવની જયી રહી હતા. સહકર અમારા વળે પરિસ્થિતિની સ્વિકાર કરીને જીવન જીવવાનો અંધ ઇચ્છુક અને આદિવાસીઓ પાસેથી શીખવા મણે.

જંગલમાંથી બહાર નીકળતી વજ્ત અનાવશ્યક કુલ રહતાં આખર મનાઈ ગયો. જંગલમાં વીતાવેલો આ પ્રવાસ સુખ્દ અને સુખ અનુભવોથી બંધેલો હતો. મનાં અંદર વિવાદ આપણે પણ આખરે કે માત્ર કુલ રહતાં આખર માણસની નહી કહે આપણે તેનું રાખા પણ કરવાનું છે. આજના આધુનિક સમયમાં વિશ્વની પ્રડ્રણાને જરા છે, નિતાંત શૌધી થી સ્વાયત્ત પણ તયાર થાય છે જંગલી પોતાના સુધ-રસકર માટે પ્રકૃતિની નાસ કરે છે. વાધી કૂદ કરે કે વાધી કૂડ થાય છે કે તે માત્ર આ સ્વાધીનતા લઈ નથી કરતો પણ પોતાના જીવનને અનુભવ બનાવવા અને તયારો પણ પાણી કરતી રહ્યો છે. હારી જેનાથી આ સૂચિનું આપણે જાતન કરી રહ્યું તો આ ધરતી પર બીચેલો મનૂભાનો અંદર કાળા સાધક થયો.

“ભલેલું સુખ તે જાત નથી”

પાસા, પાઉબાલ, પાણીપુરી, પીજા અને પુષ્પાપોતી જેવી “પ” થી વાયુ વતી વાણીગોના નામ સંભવિતની સાથે જ જગાઓ મોં પાણી આવે છે. પણ વર્ષો પછી જાણા શરીર જરૂર થાય, મદદસીતા વધી જય અને ક્લરનસ્ટો કરવામાં તદ્દીક થાય તયાર મોં પાણી નીક પરંતુ આંભાંયથી પાણી જ જુદી આવી. તે હિસાબે તેણ આંભાં કે આપવાં વીકલોએ આપીને સાધારણ આપી કયેક સાથે પાણી, પ્લીઝલ અને સાડો પોરાક જાવો જરીયાં. તયારે એનો વિવિધ મન્મા આંભા કે તેમની વાત ત્રાં જે માની કોટ તે આવા પરામિતા વિસ્તરો કરાય ન આવા હોત જ્ઞાનનું કોઈ પણ સુખ આપવા શરીરથી સુખપાકારી સામે નાંખી જ છે. આરોગ્ય સુખ જેનું મહૂ સુખ આ હું માનીઓ નથી.

પસા ગાડી, મહાનદી સુખ મણ્ણશે પણ તે બહુ જ થોડક સમય માટેનું છે. પસા એ હાથના મેલ છે. આજે છે તે આવતી કાદય નથી વફામ. ગાડી નથી હોય તે રીતથી જવાય.

માટે મહાનદી સુખ મણ્ણ પણ તે આંભા થશે. બહુ અમિર નથી હોય તે પણ પરિવારમાં સાથે સુખ-શાંતિથી શ્રીમતી જી લેવાશે. પણ જુરયથી બધા શરીર માટે કયેક કલ્યાણ થાય તે અંગી હૌસે ? ગાડી માટે આવી જ નથી શકે. જેનાં છબી વાત પણ નાંખી શકે. હરજમ અધ્યવસાય હોઝસાય કરવામાં કેટલાક અને આંભાં આવશ.

જ્ઞાનને ભાવ માટે ન જ્ઞાનનું હોય, પણ જ્ઞાન માટે ભાવનું હોય. ગાડીને જેમ જ્ઞાનનું ના હોય. જ્ઞાનની વાત જ્ઞાનનું ન હોય. જાણવા જૂદા કંડરે, વેજ, પ્રેતટાવા, પાઉબાળ, ગાડીને જેમ જેમ જેમ જેમ જેમ. વોરાકના શોઝી હોય છે. તેમ જ ઘટણું વોઝ્ના સાથે સાથે સાથે સાથે પરંતુ આંભા જતા ઘટણું ઘટણે તયાર રોટર આપીને સાધારણ આપી છે કે સાડો વોરાક જ જ જ જીઓ જ જીઓ. ઘરાના બોઝે પ્રાર્થના કોઈ ઉત્તમ બોજ નથી. આવી જ શરીરને પણ તયાર, મદ્ધુર અને નીરોગી બનાવવા સમય આપાય જ લેવો જીઓ. જીઓ ક્ષેત્ર અને જીઓ વોરાક આપવા જ્ઞાનને મહત્વપૂર્ણ કારણો આપે છે.

આંભા ના જ્ઞાનને આંભા જ જીઓ રાખે ઉજાગર કરે છે. અથવા રાત સુખી મોનાઈલા પર કોઇ છ કી તો ધીરી - સિનંબર જોખો રહે છે. તેમની સાથે તેમનું ભાવનું પણ મોરે સુખી વાયુ જ હોય છે, જે આપવા તન-મન અને જાણ રાખી રાખતા નાંખે છે.
આપણા જીવનનું સૌથી મોટા મહત્ત્વપૂર્ણ સુંદર જે કેટલા રીતે તે જાતે નાબુના શ્રેષ્ઠભોજપણે અંપોટે કે શરીરનું સુંદર હોવું. કેટલા પણ શ્રેષ્ઠ ભોજપણ તે પ્રાથમિક જ્રાંથી લેવાનું કરવી જે ભોજપણ શરીરની સુખાતારીને આપછે, શરીર સુખુમ હોય તે મધ્યનાંદા ધમકી, નીતિનો પ્રતિ કમાવી પોતાના પરવારની આશ્રયી પૂરી પાડી શાંતિપૂર્વક પોતાનું જીવન વિતાવી શકોને.

આમ, તંકુકાક શરીર પર જ પહુંચી નિર્મળ છે. ઉતારમ પુરસ્થોને કહ્યું છે કે જે જેનું તન સાથે, તેનું મન સાથે અને મન સાથે તો નીતિનું ધન મળે. નીતિનું ધન જે મળે તો તેનું જીવન પણ ઉતારમનાં જ હોય તેમાં શકાને કેટલા સારા નથી. ‘આકાર તેવા ઓઝખાર’ માટે સાધો, છણ્યો પોયા પાવ. શરીર સાથે રહે તેથી મનમાં પોઝિટિવ વિચારો આવે. આમ, વાંખું જીવન જીવવા માટે નીરોગી શરીર જોઈએ અને આપણે નીરોગી લાગે તે રહું જવાય તન અને મન પવગણ હોય. તેથી જે મહાપુરુષોને જે કહ્યું છે કે ‘પહેલું સુંદર તે જાતે નાખી’ તે પાઠ્યામાં જ છે.

Qu'est-ce que le bonheur? 
Pour moi, c'est avoir la paix intérieure, sachant que tous mes proches sont en bonne santé et en sécurité et appréciant de ma vie. Toutes les réalisations, les prix et les gains matériels sont un bonus à mon bonheur.

Comme disait Léon Tolstoï: Le bonheur ne dépend pas des choses extérieures, mais de la façon dont nous les voyons.

Le bonheur vient de l'intérieur: jusqu'à ce que vous décidez de vouloir être heureux, aucun pouvoir dans le monde entier ne peut vous rendre heureux.

Le bonheur est parfois caché dans l'inconnu – Victor Hugo

La vie est faite de petits bonheurs; nous devons donc saisir le moment et vivre consciencieusement dans le présent. S'inquiéter de choses indépendantes de notre volonté nous enlève notre bonheur.

Pratiquons la joie de vivre comme En fin de compte, nous contrôlons notre propre Bonheur.

J'ai décidé d'être heureux parce que c'est bon pour moi. Et toi?

La cuisine française (The French Cuisine)

La cuisine française est considérée comme un art en France et manger ne consiste pas seulement en plats et boissons, mais aussi en culture en famille et un socialisation. La cuisine française est connue pour sa richesse gustative et son élégance. La culture différente de la région ajoute à sa grandeur.

L'aspect important qui rend la cuisine française merveilleuse est sa présentation. Le plat français peut être simple mais sa présentation lui donne un aspect adorable. La cuisine française avec des recettes de différentes régions avec divers climat et géographie. Quoi que ce soit, la tarte à l'oignon, les escargots, les crêpes, la quiche lorraine, l'aligot, la salade niçoise. En ce qui concerne, les repas français il va du fromage, de la baguette, du vin à des plats remarquables et des différents variétés du vin.

La préparation des plats français est longue et compliquée mais la cuisine est faite du cœur. C'est la partie de la vie et chaque moment passé en cuisine est un plaisir pour eux.

LA CUISINE FRANCAISE (THE FRENCH CUISINE)
La cuisine française est considérée comme un art en France et manger ne consiste pas seulement en plats et boissons, maison culture en famille et un socialisation. La cuisine française est connue pour sa richesse gustative et son élégance. La culture différente de la région ajoute à sa grandeur.

L’aspect important qui rend la cuisine française merveilleuse est sa présentation. Le plat français peut être simple mais sa présentation lui donne un aspect adorable. La cuisine française avec des recettes de différentes régions avec divers climat et géographie. Quoi que ce soit, la tarte à l'oignon, les escargots, les crêpes, la quiche lorraine, l'aliot, la salade niçoise. En ce qui concerne, les repas français il va du fromage, de la baguette, du vin à des plats remarquables et des différents variés du vin. L'élément principal de la culture française est la cuisine traditionnelle composée du poulet du gâteau, des fruits de mer et des fruits. Le fromage, le Vin et le pain sont les aliments principaux. Le pain est consommé chaque jour. Au petit déjeuner, les familles françaises mangent du pain ou des croissants avec du beurre et du café. Pour le déjeuner et le dîner, ils sont d'abord un apéritif composé de soups et des légumes. Puis ils ont le plat principaux composé de viande ou de poisson avec des légumes et un plat des fromages de 3 à 4 fromages. À la fin, ils mangent des desserts. Aussi ils ont trois styles de cooking. Ils sont la haute cuisine, la cuisine nouvelle et la cuisine du terroir.

La préparation des plats français est longue et compliquée mais la cuisine est faite du cœur. C'est la partie de la vie et chaque moment passé en cuisine est un plaisir pour eux.

VERS UN MONDE INTERCULTURAL
La diversité culturelle se manifeste par la reconnaissance des différentes langues, histoires, religions, traditions, modes de vie, échanges interculturels ainsi que toutes les particularités attribuées à une culture.

La connaissance des autres cultures et des échanges interculturels sont nécessaires pour renforcer la paix, le développement et la stabilité dans le monde. La diversité culturelle est une force motrice du développement, non seulement concernant la croissance économique, mais aussi pour mener une vie plus épanouissante intellectuellement, affectivement, moralement et spirituellement.

L’UNESCO a déclaré le 21 mai comme la journée internationale de la diversité culturelle qui aide, Apprendre à mieux ‘vivre ensemble’
Mieux connaître et apprécier les autres cultures
Connaître nos différences et les respecter
Lutter pour les valeurs humaines communes et contre les préjugés
Découvrir la richesse de la diversité les cultures et les avantages d’une bonne communication interculturelle.

Au collège, on peut organiser une semaine interculturelle où chacune des communautés culturelles y installera son kiosque pour présenter sa langue, la culture, ses traditions et ses plats typiques. Dans cette façon, on peut découvrir une nouvelle culture.

L’amitié
Je préférerais marcher avec un ami dans le noir,
Que de marcher seule dans la lumière
Parce que mon ami me donne l’espoir
Parce que mon ami m’aidera toujours.

L’amitié, c’est le crayon qui écrit le bonheur,
C’est la gomme qui efface la haine,
C’est comme un temps qui partage la chaleur,
Elle est le plus proche au coeur mais aussi le Plus lointain.

Beaux esprits inspirent la magie,
Tout commence par un rêve fidèle,
Les amis sont les esprits uniques,
Qui inspirent la magie extraordinaire.

La vie est une fleur dont l’amitié est le miel,
Elle parle avec les yeux et écoute avec le coeur,
Elle est moderne mais aussi ancienne comme Le ciel,
Elle montre le chemin, parfois, elle se Comporte comme un voleur.

Alors, choisissez soigneusement vos amis,
Parce que c’est eux que vous ne pouvez pas oublier,
Ils créent les souvenirs incroyable,
Après les ans, vous les reconnaîtrez .

J’ai compris avec le temps,
L’amitié est le plus beau cadeau
Si vous ne l’avez pas maintenant,
Attendez, parce que le meilleur Arrivera bientôt.
